

SOUND TRANSIT

MOTION NO. M2004-07

A motion of the Finance Committee of the Central Puget Sound Regional Transit Authority authorizing the Chief Executive Officer to execute a task-order contract with Parsons Brinckerhoff, Inc. to provide high-capacity transit planning services related to updating the 1996 Regional Transit Long-Range Vision, preparing a programmatic supplemental environmental impact statement, and developing a Phase 2 Plan for a total authorized contract amount not to exceed \$4,500,000.

Background:

In 1996, concurrent with the adoption of Sound Move, the Board adopted the Regional Transit Long-Range Vision (the Vision) which describes the long-range high-capacity transit system plan and provides the goals, policies, and strategies to guide the ultimate development of the regional high-capacity transit system.

Sound Move implements the first phase of the Long-Range Vision. The Vision addresses the opportunity for making additional investments in future phases and provides a framework for developing a Phase 2 Plan to be put before the region's voters prior to the completion of Sound Move.

The assistance that is provided through this contract will provide Sound Transit the technical assistance needed in updating the Long-Range Vision and its supporting environmental documentation and developing a Phase 2 Plan by 2005.

Motion:
