

SOUND TRANSIT

MOTION NO. M2009-02

A motion of the Finance Committee of the Central Puget Sound Regional Transit Authority authorizing the chief executive officer to execute a one year contract with four one-year options with TubeArt Displays, Inc. to provide operational signage for the Central Link Initial Segment/Airport Link project in the amount of \$263,805, with a 5% contingency of \$13,190, for a total authorized contract amount not to exceed \$276,995.

Background:

Operational signage has been a part of the Central Link light rail project from inception. This contract will provide the signage needed to operate the light rail system under the current agreement with King County. The signs will provide Central Link operations and maintenance staff with the proper visual guidance that will meet their rule book instructions and any of the standard operating procedures currently in place.

This contract consists of the fabrication and installation of operational signs for Initial Segment/Airport Link light rail stations and track right-of-way areas. The contract also includes specific signs for light rail facilities and signage for some of the equipment to be used. The signs specified are not intended for general public use. These signs will advise staff of areas where visual verification to a rule or instruction is required such as train berthing markers at stations, speed restriction signs, track switch numbers and names, fouling points, and at locations where there is no clearance. The majority of the signs will be permanent although some will be temporary while train testing and commissioning is being performed.

Sound Transit advertised this procurement as a competitive bid on October 27, 2008 and received four bids. The lowest responsive and responsible bid is from TubeArt, Inc.

Motion:

It is hereby moved by the Finance Committee of the Central Puget Sound Regional Transit Authority that the chief executive officer is authorized to execute a one year contract with four one-year options with TubeArt Displays, Inc. to provide operational signage for the Central Link Initial Segment/Airport Link project in the amount of \$263,805, with a 5% contingency of \$13,190, for a total authorized contract amount not to exceed \$276,995.

APPROVED by the Finance Committee of the Central Puget Sound Regional Transit Authority at a regular meeting thereof held on January 8, 2009.

ATTEST:

Marcia Walker
Board Administrator

Aaron Reardon
Finance Committee Chair
