East Link light rail open house

Sound Transit and the City of Bellevue Cost-Savings Open House

June 5 • 4 to 7 p.m.
Bellevue City Hall Concourse
450 110th Ave. NE, Bellevue

Getting there: Bellevue City Hall is located near the Bellevue Transit Center, which is served by regional and local buses. Free parking is available on a first-come, first-serve basis in the City Hall visitor lot; however, it is limited. There are also many pay-for-park lots in the immediate area. Visitor parking entrance is located on 110th Avenue.

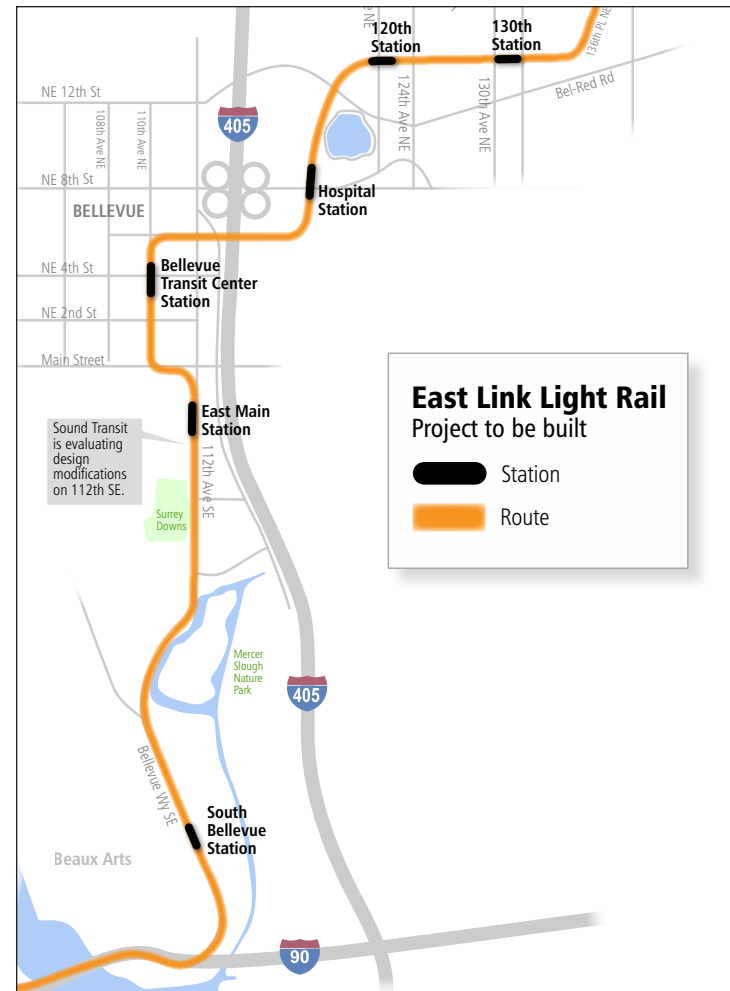

Sound Transit and the City of Bellevue invite you to an open house on June 5 to learn more about the potential cost-savings ideas to reduce East Link project costs within the City of Bellevue. A Cost-Savings Summary Report with analysis of the cost-savings ideas will be provided and staff will be available to answer questions. This is a follow-up to the April open house where the potential cost-savings ideas were introduced.

The information displayed at this open house, along with public comments from both open houses, will be used by Sound Transit and the City of Bellevue to determine which cost-savings ideas will move forward for further design and analysis beginning this summer.

To promote sustainability, Sound Transit is moving toward electronic notification for meetings and project updates. The best way to stay informed is to sign up for email updates at www.soundtransit.org/subscribe.

FOR MORE INFORMATION: Please visit www.soundtransit.org/eastlink, or contact Sound Transit at 206-398-5470, eastlink@soundtransit.org or City of Bellevue at eastlink@bellevuewa.gov. For information in alternative formats, call 1-800-201-4900/TTY Relay: 711 or email accessibility@soundtransit.org

Open House

East Link is moving forward

In November 2011, the Sound Transit Board and the Bellevue City Council approved an agreement that established a framework to develop the project and to share the additional cost of a downtown tunnel.

Since then, Sound Transit and the city have been engaged in a collaborative design process which includes the study of potential cost-savings ideas to reduce project costs.

Sound Transit plans, builds and operates regional transit systems and services to improve mobility for Central Puget Sound.
