

Stride BRT

General Engineering Consultant Services

Contract Modification

M2023-68

System Expansion Committee

08/10/23

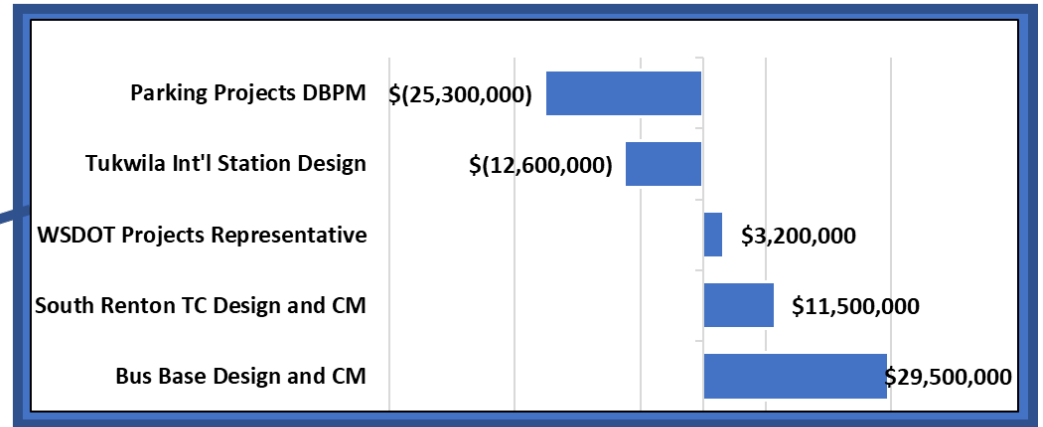

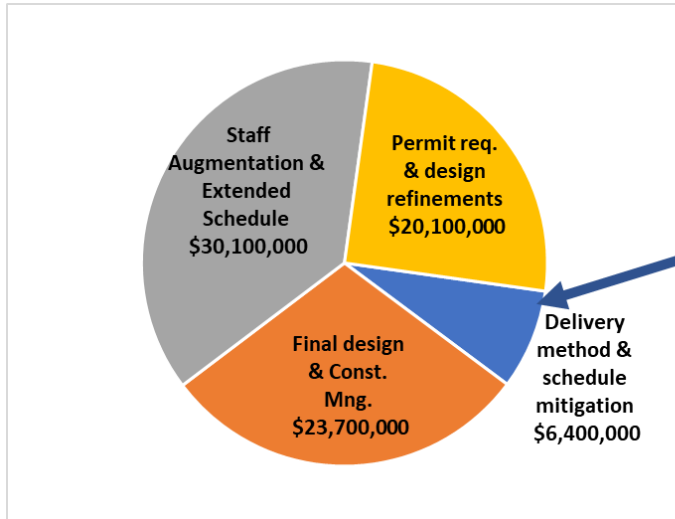

General Engineering Consultant

- Provides full project development and delivery services
 - S1 & S2 (I-405), S3 (SR522), and Bus Base North
 - Design, systems, construction management, testing, outreach, staff augmentation, etc.
 - On-call/task order contract
 - Competitively procured, awarded in 2020.
- Stride program (projects) structure, delivery methods, and needs have evolved.

Rationale for contract modification

- Projected services through construction, testing, revenue service, and close-out

Today's requested action

- Seek do-pass recommendation to Board to modify the contract capacity
 - \$89,000,000 total increase including 10% contingency
 - New total authorized amount not to exceed \$193,000,000
- This action is within the approved Stride baseline budgets

Thank you.
