Lagging 2015 budget or standard.

1-Revenue hours: The total amount of time during which service is available to carry passengers. Tacoma Link reports as service hours since it does not collect fares. 2-Cost per boarding is calculated as the total actual operating costs (including Agency overhead) before depreciation divided by the total number of riders.

3-On-time performance standards are described in the budget.

4-Preventable accident: An accident in which the operating employee failed to do everything reasonable to prevent the accident.

Second Quarter 2015

Service Delivery Quarterly Performance Report

Q2 System-wide Boardings								
Boardings	Second Quarter		YTD through June			Annual SIP		
by Service Mode	2014	2015	%Δ	2014	2015	%Δ	Target	% Target
ST Express	4,491,346	4,737,053	5%	8,643,990	9,180,151	6%	17.6 M	107%
Sounder	817,127	913,299	12%	1,577,069	1,805,561	14%	3.2 M	117%
Tacoma Link	248,133	253,497	2%	485,827	518,043	7%	960 K	109%
Central Link	2,804,982	2,973,350	6%	5,156,371	5,450,290	6%	11.8 M	100%
Paratransit	14,463	11,885	-18%	28,718	24,526	-15%	67 K	74%
Total Boardings	8,376,051	8,889,084	6%	15,891,975	16,978,571	7%	33.6 M	106%
Average Weekday Boardings	111,497	118,042	6%	109,806	114,693	4%	111,548	106%

Total Sound Transit boardings increased by 6% during Q2 2015 compared to the same period in 2014. Ridership increased on all modes except Paratransit. Average weekday boardings also increased by 6%, and system-wide growth trended above the annual budget and SIP ridership forecasts.

ST Express buses had 5% more boardings in Q2 2015 compared to the same period in 2014. Average weekday boardings reached 64,589 for a 4% increase. No major service changes took place during the quarter.

Sounder commuter rail ridership continued to increase significantly, and boardings were up 12% during the quarter on both the North and South lines, combined. Average weekday boardings also increased by 12%.

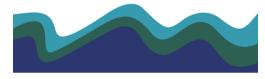

Tacoma Link light rail ridership growth slowed during Q2 2015, with a modest 2% increase compared with an 11% jump during Q1. Average weekday boardings increased by 1%.

Central Link light rail boardings were up 6% during Q2 2015, with a 7% increase in average weekday boardings. Growth trended slightly above the level predicted in the annual budget and SIP ridership forecasts. Preparations continued for the start of University Link service, including communications upgrades in the DSTT that partially shut down service on two consecutive weekends.

Paratransit service is provided by King County Metro along the Central Link alignment. Boardings continued to decline in Q2 2015, with an 18% drop compared with the same period in 2014. Tighter eligibility requirements and riders transitioning to fixed-route service were contributory factors.

Q2 2015 route-level and corridor ridership information can be found on page 2, followed by Q2 and YTD 2015 service performance on pages 3 and 4, respectively.

ST Express boardings increased by 5% during Q2 2015. However, the trend was variable by route, with a large jump on routes serving East King County (522, 540, 542, 545, and 555/556), but little change on routes serving Snohomish County, South King County and Pierce County.

Increased traffic congestion along the I-5 North corridor has adversely affected travel time and reliability between Seattle and Snohomish County and may have impacted ridership growth on Routes 510-513. Sound Transit is working closely with Community Transit to add more recovery time and make schedules more reflective of actual conditions on these routes. Similar efforts are underway with Pierce Transit-operated routes serving the I-5 South corridor (577/578, 586, 590-595).

Sounder had a significant increase in boardings during Q2 2015, with 12% growth across both the North and South lines combined. Average weekday boardings on the two lines were just under 14,000 and set a new record. Unlike the previous two years, there were no mudslide-related train cancellations in Q2 2015.

Tacoma Link ridership remained stable, with a modest 2% increase compared with Q2 2014, though there were fewer scheduled events in Downtown Tacoma. However, year-to-date boardings trended well above the annual budget and SIP ridership forecasts.

Central Link showed steady growth, with a 6% jump during the quarter. Average weekday boardings were just under 36,000, a 7% increase compared with Q2 2014. During the weekends of May 30-31 and June 7-8, Link service operated between SeaTac Airport and Stadium Station, only, to allow for improvements to the Downtown Seattle Transit Tunnel necessary for the University Link opening. Bus shuttles connected Stadium Station with downtown Seattle destinations, and carried a total of 46,529 Link passengers.
