

Draft 2021 Service Plan

Learn about the proposed 2021 service plans and provide feedback.

August 28, 2020

Sound Transit is seeking public feedback on 2021 service planning

What

Sound Transit is launching a public involvement process to get feedback on:

1. How COVID-19 service changes have affected our passengers
2. Whether our current system design is meeting their needs
3. Proposed changes to some ST Express bus routes in connection with new Link light rail service to the U District, Roosevelt, and Northgate, planned for September 2021

These are tough decisions, and we need public input. Survey feedback will help us understand changing travel patterns so we can adjust service to where you need it most.

The survey should only take about 7 minutes to complete. We'll use this feedback to shape the final proposal presented to the Sound Transit Board of Directors, who will approve our 2021 Service Plan by the end of this year.

When

Seeking input: Sept. 4-25, 2020

Attend our virtual Public Hearing to provide comment on Thursday, Sept. 24, from 11:00 a.m.-12:00 p.m.

More

- Learn more and provide feedback at soundtransit.org/sip
- Call 800-201-4900 / TTY Relay: 711 to take the survey via phone
- To request translation services call 800-823-9230 / TTY Relay: 711
