## Chief Safety Officer

Our mission is to connect more people to more places and, in the process, make life better for all. For millions of people who use our system, reliable service and overall experience is critical. From light rail to trains and buses, we are committed to enhancing passenger satisfaction, accessibility, and safety—every day, on every trip.

We are seeking a Chief Safety Officer who is committed to shaping and leading the agency's safety culture. This role includes translating the agency's vision into proactive safety management, providing essential guidance and direction to all Safety Division teams.

You will ensure and oversee compliance with all federal, state, and local safety regulations, including those specific to rail and bus safety requirements, while managing safety and security certifications for new rail operations and extensions. By reporting directly to Sound Transit's Chief Executive Officer, you will quickly escalate and resolve any safety-related issues or risks.

As the leader of the Safety Division, you are responsible and designated the accountable executive of the agency's Safety Management System. You will serve as the primary agency liaison with municipal departments, as well as local, state, and federal agencies. You will ensure that all safety programs, policies, and procedures reflect and uphold our core values.

Finally, you'll play a crucial role in fostering a culture of diversity, equity, and inclusion, in line with Sound Transit's policies. Your leadership will help embed equity into the department's systems and processes—positively impacting both our employees and the communities we serve.

## ***Our mission and vision – your future.***

Our mission of “Connecting more people to more places to make life better and create equitable opportunities for all” is what drives us forward every day. And our vision of “transforming the Central Puget Sound by making our transit service as iconic as the Space Needle and Mount Rainier,” is how we’ll get us there. If you’re looking to make an impact and help shape the future of transportation, help us make history. We are a group of passionate, collaborative, fun individuals who are all working together to reach that goal.

## ***Our commitment to anti-racism.***

Sound Transit proactively works toward becoming an anti-racist agency where equity and racial justice are central to all that we do; resulting in a transit system that is free of racism and where the full inclusion of Black, Indigenous and other people of color is achieved so that everyone can thrive. We are committed to the long-term investment of time, money, people and other resources needed to fully realize an equitable and anti-racist future.

## ***Our people make us great.***

Our most valuable asset isn't the systems we build or the vehicles we operate. It's our people. They are the heartbeat of our agency, and we're proud to say we have some of the best and the brightest. Diversity and inclusion are at the heart of everything we do. Our employee-led groups recognize and celebrate the diverse cultures that make up our agency. They are where we can share our experiences, celebrate our heritage and backgrounds and lift each other up to succeed. We are united by our mission, driven by our values, and committed to growing and sustaining a diverse workforce, inclusive culture, and equitable work environment.

## ***Our Services.***

Just like our region, Sound Transit is in a period of growth and expansion. As our capital program continues, we'll be able to connect more people to more places with Link light rail, Sounder commuter rail, ST Express buses and soon, Stride bus rapid transit. Our voter-approved plan includes 116 miles of light rail track and 80 stations. The network will extend in all directions to form a transit spine for the Puget Sound.

## ***Our promise to you.***

So what's in it for you? Glad you asked. If you're looking for a career where you can truly make a difference and make your mark in history, we'd love to meet with you. Together, we can transform our region and work on the largest system expansion effort in the country.

We can also promise that you will be hard-pressed to find a agency with a better work/life balance. Speaking of which, you'll find that living in the Pacific Northwest is pretty amazing. You can be at the ocean and rain forest in just hours, find great hiking trails and world-class skiing just a short drive away. If you're a foodie, open wide and say ahh... You'll find an eclectic range of cuisines that will make your taste buds do the happy dance.

## ***Our values are the principles that guide us.***

**Collaboration:** *We share each other's successes and challenges, and invite involvement of all toward achievement of common goals. We are one agency, no single department defines our business.*

**Passenger focus:** *We always start with our passengers' needs and work back from there. They are the focus of everything we do.*

**Inclusion & Respect:** *We foster a culture where everyone is treated fairly and where diverse perspectives are welcomed and every voice is heard.*

**Safety:** *We ensure the safest transit trip and work environment for every rider, employee and contractor, each and every day.*

**Integrity:** *We build trust by keeping commitments and taking ownership—demonstrating honesty, accountability and transparency throughout.*

**Quality:** *As stewards of public resources, we do our best work every single day and take great pride in the efficient, sustainable and equitable delivery of our services and projects.*

## ***More about us.***

Sound Transit headquarters are in historic Union Station in downtown Seattle, in the heart of the International District/Chinatown and Pioneer Square neighborhoods. We're within walking distance from the sports stadiums, King Street Station and the waterfront.
