## Link Extensions

# Delridge Station Community Workshop

## ***Help shape the future of the new Delridge Link light rail station***

Sound Transit is planning a new Link light rail station in Delridge that will connect West Seattle to more destinations throughout the city and region. Join us at a community workshop to view the latest station location options and route options, explore the future of your neighborhood, and share your feedback on what matters most to your community.

To request accommodations for persons with disabilities, information in alternate formats such as braille or large print, or to request an interpreter, contact project staff 48 hours in advance of public meetings at (206) 903-7229/TTY Relay: 711 or email [wsblink@soundtransit.org](mailto:wsblink@soundtransit.org).

# Light rail is coming to Delridge

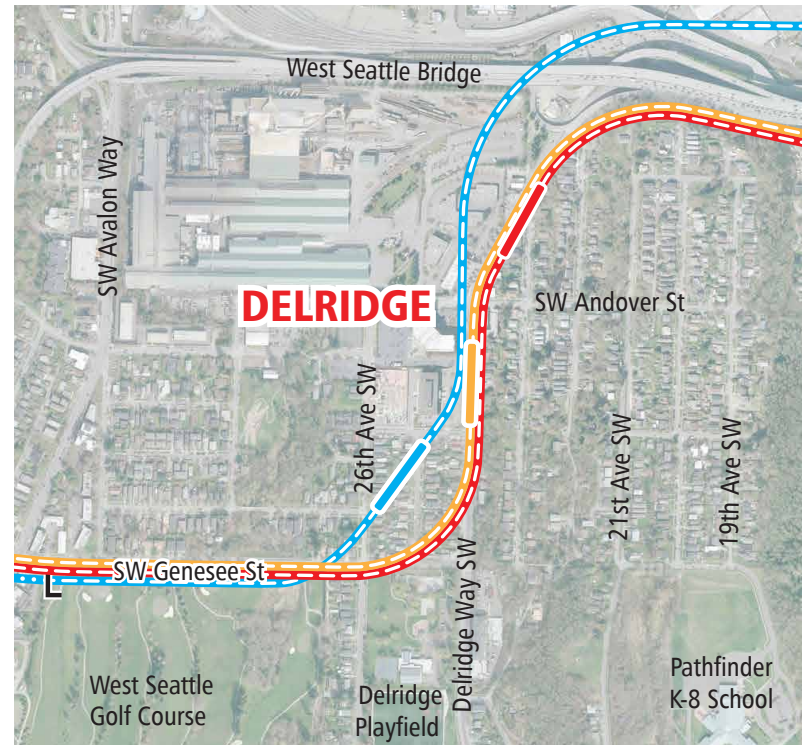

The West Seattle and Ballard Link Extensions will provide fast, reliable light rail connections to dense residential and job centers throughout the region. As part of this project, Sound Transit is planning a new Link light rail station in Delridge in West Seattle.

Since the project's kick-off, we've been collecting public feedback to develop, study and narrow down alternatives. The alternatives development process for this project consists of three levels, where the most promising alternatives at each level have been carried forward to be studied in greater detail based on technical analyses, the advisory groups' recommendations and community feedback.

More information about the project and the full-length routes is available at [wsblink.participate.online](https://wsblink.participate.online)
