

# Downtown Redmond Link Extension

## About the project

The Downtown Redmond Link Extension will establish new 2 Line service from the Redmond Technology Station to downtown Redmond by 2025. Light rail will travel along SR 520 with stations in southeast Redmond near Marymoor Park and in downtown Redmond. This project is part of the voter-approved Sound Transit system expansion, which will add 94 more miles of light rail throughout the region.

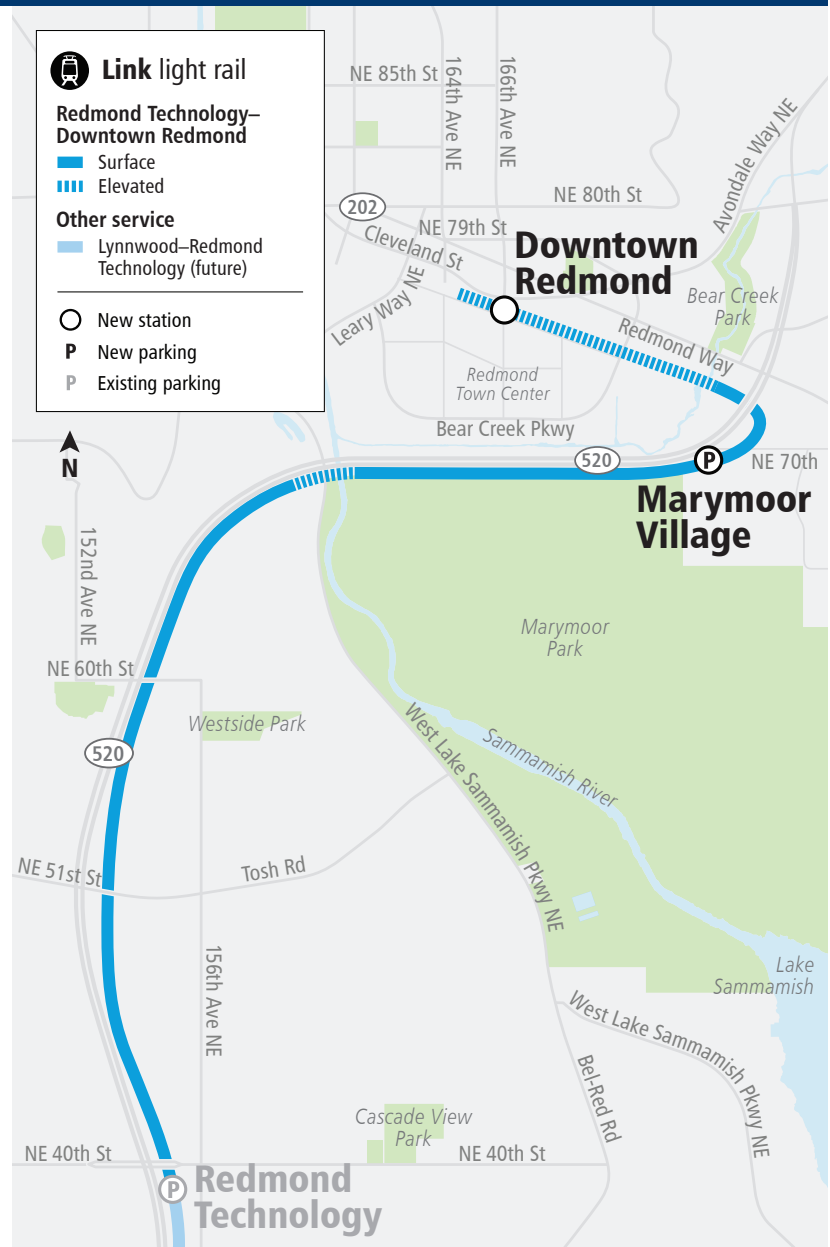

## Project benefits

- 3.4 miles of new light rail with two new stations.
- 1,400 parking stalls at Marymoor Village Station.
- Fast and reliable service with four-car trains every eight minutes during peak hours.
- Direct service to Overlake, Bellevue, Mercer Island, downtown Seattle, the University of Washington, Northgate, and Lynnwood.

## What's happening

Sound Transit crews continue work on extending the future 2 Line to both Marymoor Village Station and Downtown Redmond Station. Elevated structures have been completed and we've begun to lay rail on the future alignment.

In 2023 and 2024, crews will be focusing on finishing the three "road over rail" crossings along the alignment, restoring and improving surrounding roadways, establishing new train connections, and building out the two new stations, including the Marymoor Village Station Garage.

## Project schedule

# How long will my trip from Redmond take?

**8** A train every **MIN**

during peak weekday service

Every four-car train can hold...

800 riders

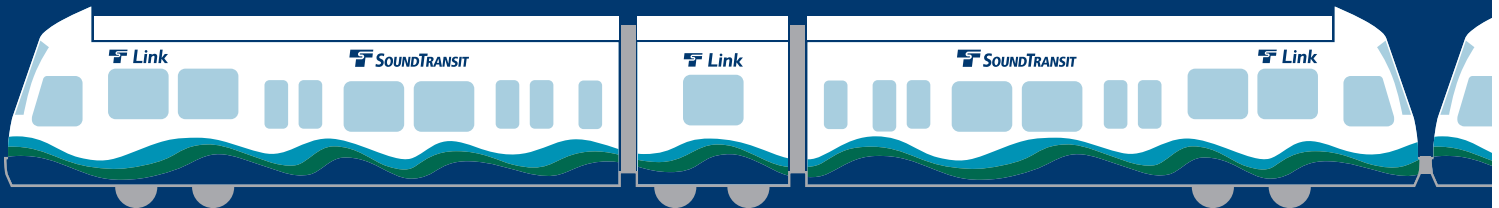

16 wheelchairs

8-12 bicycles

Multiple suitcases

## Future Link light rail service

New light rail stations will open throughout the region every few years thanks to our voter-approved system expansion.

**In service**

Northgate—Angle Lake

Tacoma Dome—Theater District

**Future service**

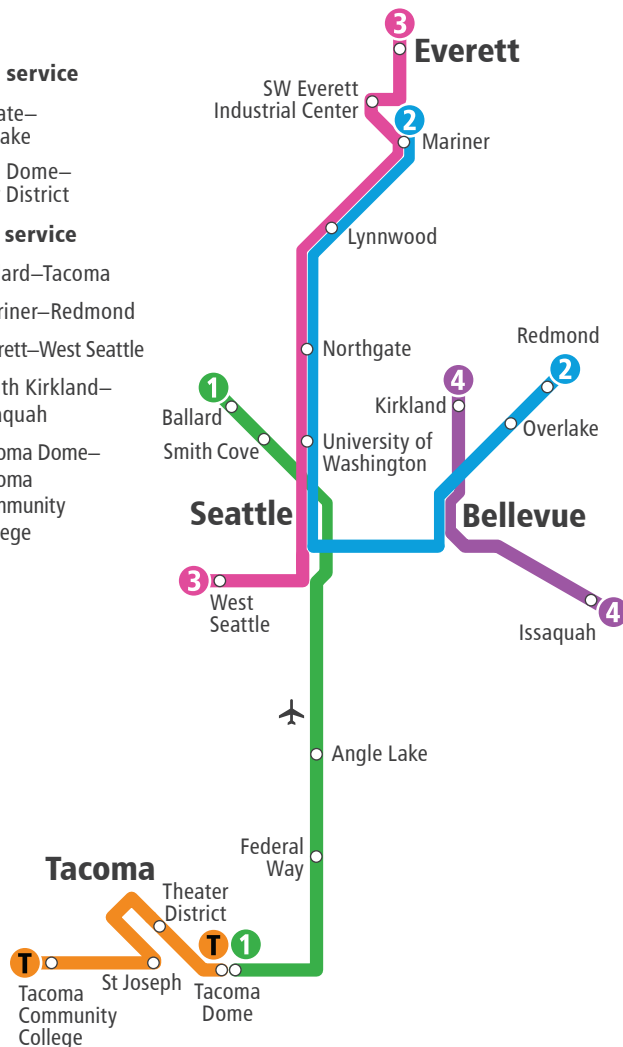

1 Ballard—Tacoma

2 Mariner—Redmond

3 Everett—West Seattle

4 South Kirkland—Issaquah

T Tacoma Dome—Tacoma Community College
