

APPENDIX G

Parks and Recreation Facilities in the Plan Area

November 2014

This appendix lists and illustrates the parks and recreation facilities in the Plan area based on available geographic information systems (GIS) data. GIS data sources were as follows:

- Snohomish County
- King County
- Pierce County
- City of Everett
- City of Mountlake Terrace
- City of Redmond
- City of Lake Forest Park

This information was not verified in the field and parks and recreation facility representatives were not contacted to determine ownership or the recreational uses associated with these resources. Over 1,300 parks and recreation facilities were listed in the available GIS database including a wide variety of open space areas, sports fields, trails, and water-oriented facilities. The park or recreation facility ID numbers in Table G-1 correspond to those ID numbers in Figure G-1 and Figure G-2. The fact that a facility is listed in this appendix is not intended to suggest that the facility is subject to Section 4(f) protection. Section 4(f) does not apply to every park or recreation facility so this list is deliberately more extensive than would be a list of resources covered by that statute (which also covers properties other than parks and recreation facilities that are not listed here). The determination of whether a resource is entitled to protection under Section 4(f) involves a number of factors including, but not limited to, the facility's background and purpose, its significance, and whether it has been reserved for a future transportation facility.

Table G-1. Parks and recreation facilities in the Plan area, by county

Facility ID number	Facility name	Facility ID number	Facility name
Snohomish County		98	Unnamed park or recreation facility
3	Unnamed park or recreation facility	99	Unnamed park or recreation facility
5	Unnamed park or recreation facility	100	Unnamed park or recreation facility
