Public Comment AUG

Summer 2012

Early Scoping

Early Scoping Meetings Sound Transit holds meetings for the public to comment on:

- Routes and station locations Sound Transit should consider
- Screening criteria Sound Transit should use to evaluate and compare different routes and station locations

Alternatives Analysis

Alternatives Screening Sound Transit revises the list of alternatives and screening criteria based on public comments. Sound Transit screens route and stations and narrows it down to a few alternatives.

Alternatives Screening Public Meetings

Sound Transit explains the criteria used to screen alternatives, presents which alternatives will be studied further, and collects public comment.

TIMELINE/PROCESS TACOMA LINK EXPANSION

Public Comment NOV

Fall 2012

Alternatives Evaluation

Sound Transit continues to study the alternatives. Sound Transit completes conceptual engineering to begin estimating the risks and costs of each alternative.

Alternatives Evaluation Public Meetings

Sound Transit presents a Draft Alternatives Analysis Report summarizing alternatives evaluation and collects public comment.
