## **SoundTransit**

## **Third Quarter 2013**

## Service Delivery Quarterly Performance Report

Q3 System-wide Boardings							
Boardings by Service Type	Third Quarter			YTD through September			2013
	2012	2013	%∆	2012	2013	%∆	Annual SIP
ST Express	3,926,365	4,328,959	10%	11,465,385	12,458,011	9%	15.3 mil
Sounder	694,878	766,964	10%	2,048,755	2,237,887	9%	2.7 mil
Tacoma Link	234,698	231,824	-1%	759,956	747,390	-2%	1.0 mil
Central Link	2,510,573	2,758,075	10%	6,526,972	7,211,461	10%	9.2 mil
Paratransit	15,501	15,362	-1%	47,663	46,906	-2%	0.1 mil
Total Boardings	7,382,015	8,101,184	10%	20,848,731	22,701,655	9%	28.3 mil
Average Weekday Boardings	96,818	105,266	9%	92,626	99,534	7%	94,780

Total Sound Transit passenger boardings increased by 10% during the third quarter of 2013 compared with the same quarter of 2012. Weekday system boardings averaged 105,266, a 9% increase. Ridership was up on all modes except for paratransit and Tacoma Link, which experienced minor declines. There were no major service disruptions during the quarter.

**ST Express** bus boardings mirrored the system-wide ridership growth, increasing by 10% for the quarter. Total bus ridership set a new quarterly record of 4,328,959 boardings. Average weekday boardings were just under 59,000, an increase of 9% over 2012. Strong growth in weekend ridership contributed to the large increase in overall boarding totals.

**Sounder** commuter rail ridership was up 10% overall for the quarter. Weekday boardings averaged 11,594, also a 10% increase. Total North Line ridership was down less than 1% due to fewer special event train boardings; however, commuter ridership was up 3%, an encouraging sign. South Line ridership was up 12% overall.

**Tacoma Link** light rail ridership was down 1% compared with Q3 2012, and average weekday boardings decreased by 3% to 3,080.

**Central Link** had a strong quarter with a 10% increase overall. Weekday boardings averaged 31,653, a 9% increase compared with Q3 2012. Like ST Express, Central Link experienced heavy weekend ridership growth compared with Q3 2012, and this helped to increase overall boarding totals.

Paratransit boardings were down by less than 1% compared with Q3 2012.

November 21, 2013

Page 4

<sup>1-</sup>Revenue hours: The total amount of time during which service is available to carry passengers. Tacoma Link reports as service hours since it does not collect fares.

<sup>2-</sup>Cost per boarding is calculated as the total actual operating costs (including Agency overhead) before depreciation divided by the total number of riders.

<sup>3-</sup>On-time performance standards are described in the budget.

<sup>4-</sup>Preventable accident: An accident in which the operating employee failed to do everything reasonable to prevent the accident. Calculated on a rolling 12-month period.

ST Express continued to go from strength to strength with a 10% increase in total boardings during Q3. This follows an 8% increase in Q1 and a 7% increase in Q2. Routes with particularly large increases include those crossing the SR 520 and I-90 bridges, the Everett-Bellevue express, and routes connecting Pierce County with Seattle. Third quarter results show that the restructuring implemented on Routes 560, 566 and 567 as part of the 2013 Service Implementation Plan was successful in increasing corridor ridership. Route 560 boardings, which had been on a downward trend for the past two years, increased by 23% during Q3. Total ridership on ST Express for 2013 is expected to easily surpass the earlier forecast of 15.3 million boardings.

**Sounder** ridership showed strong growth on the South Line, which accounts for about 90% of total commuter rail ridership. Average weekday boardings on the South Line were up an impressive 13% compared with Q3 2012. Weekday boardings on the North Line were up 3%. Both lines carried fewer event train passengers compared with Q3 2012, in part due to fewer trains being scheduled and a generally slow baseball season. A new round trip train was implemented on the South Line starting September 30, too late to have much impact on Q3 ridership.

Central Link had an excellent quarter with a 9% increase in average weekday boardings and a 10% increase in total boardings compared with Q3 2012. Weekday boardings averaged 31,653, making Q3 the first time average weekday ridership exceeded 30,000 for a full quarter. Major events and SeaTac Airport traffic contributed to strong ridership during off-peak periods, particularly on weekends.

**Tacoma Link** ridership was down by less than 1%, and average weekday boardings declined by 3% compared with Q3 2012. Fewer Tacoma Dome events and a later start of the school year in September contributed to the decline.

Paratransit ridership was virtually unchanged from Q3 2012, with a small 1% decline.
