

Sound Transit

Sign Up Sheet for Public Comment

Citizen comments are an important part of the public process. The Sound Transit Board takes comments seriously and considers them in its deliberations. All Sound Transit Board and Committee meetings are open to the public.

The Board welcomes public comment on items that are on that day's agenda for final action. If you wish to address the Board, you must complete and submit this sign-up sheet before the meeting is called to order. You can drop your completed sheet into the tray provided or give it to any Board Administration staff member.

As time permits, the public will have an opportunity to comment on a final action as long as the comments are germane. Speakers will limit their comments to issues that the speaker has identified on the sign-up sheet.

Before calling up the first speaker, the Chair will announce the amount of time each person will have to speak. Generally, comments will be limited to two minutes. The microphone will be turned off at the end of the speaker's allotted time or if the speaker uses personal attacks, profane language, or makes remarks unrelated to the comments summarized by the speaker on the sign-up sheet.

Because public comment is permitted only on certain agenda items, please place written comments about issues not directly related to today's agenda items in the tray labeled general comment. All comments received will be provided to the Sound Transit Board. You may also mail or email your comments to the following address:
