

# I-90 Two-Way Transit & HOV Operations

The I-90 Two-Way Transit & HOV Operations project will improve regional mobility by providing safe and reliable two-way transit on I-90 between Bellevue and Seattle. WSDOT and Sound Transit are collaborating on this project to provide full-time HOV lanes for eastbound and westbound traffic on the outer I-90 roadways and new direct-access ramps for transit and HOVs on Mercer Island and in Bellevue. This project prepares the center roadway for the future East Link Extension.

## **Mode:**

Light rail

## **Highlights:**

Location: Eastbound and westbound I-90 between Rainier Avenue S in Seattle and 80th Avenue SE in Mercer Island

Current project phase: Phase 3 construction

Budget: \$223 million

Planning partners: Sound Transit, City of Mercer Island, City of Seattle, Washington State Department of Transportation and King County Metro Transit
