SECTION 10. Representations and Warranties of Borrower. The Borrower hereby represents and warrants that:

(a) **Organization; Power and Authority.** The Borrower is a regional transit authority duly organized, validly existing and in good standing under the laws of the State, has full legal right, power and authority to enter into this Agreement and the other Related Documents in effect as of any date on which this representation and warranty is made and to carry out and consummate all transactions contemplated hereby and thereby and has duly authorized the execution, delivery and performance of this Agreement and such other Related Documents.

(b) **Officers' Authorization.** The officers of the Borrower executing (or that previously executed) this Agreement and the other Related Documents in effect as of any date on which this representation and warranty is made to which the Borrower is a party are (or were at the time of such execution) duly and properly in office and fully authorized to execute the same.

(c) Due Execution; Enforceability. Each of the TIFIA MCA Documents and each of the other Related Documents in effect as of any date on which this representation and warranty is made, has been duly authorized, executed and delivered by the Borrower and constitutes the legal, valid and binding agreement of the Borrower enforceable in accordance with its terms, except as such enforceability (i) may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the rights of creditors generally and (ii) is subject to general principles of equity (regardless of whether enforceability is considered in equity or at law).

(d) Non-Contravention. The execution and delivery of this Agreement and the other Related Documents in effect as of any date on which this representation and warranty is made to which the Borrower is a party, the consummation of the transactions contemplated in this Agreement and such other Related Documents and the fulfillment of or compliance with the terms and conditions of this Agreement and such other Related Documents will not (i) conflict with the Borrower's Organizational Documents, (ii) conflict in any material respect with, or constitute a violation, breach or default (whether immediately or after notice or the passage of time or both) by the Borrower of or under, any applicable law, administrative rule or regulation, any applicable court or administrative decree or order, or any indenture, mortgage, deed of trust, loan agreement, lease, contract or other agreement or instrument to which the Borrower is a party or by which it, the Pledged Taxes or its properties or assets are otherwise subject or bound, or (iii) result in the creation or imposition of any Lien (other than Permitted Liens) upon any of the property or assets of the Borrower.

(e) Consents and Approvals. No consent or approval of any trustee, holder of any indebtedness of the Borrower or any other Person, and no consent, permission, authorization, order or license of, or filing or registration with, any Governmental Authority is necessary in connection with (i) the execution and delivery by the Borrower of this Agreement and the other Related Documents in effect as of any date on which this representation and warranty is made, except as have been obtained or made and as are in full force and effect or (ii) (A) the consummation of any transaction contemplated by this Agreement and such other Related Documents or (B) the fulfillment of, or compliance by, the Borrower with the terms and conditions of this Agreement and such other Related Documents, except as have been obtained or made and as are in full force and effect or as are ministerial in nature and which can reasonably be expected to be obtained or made in the ordinary course on commercially reasonable terms and conditions when needed.

(f) Litigation. As of the Effective Date, except as set forth in **Schedule 10(f)**, there is no action, suit, proceeding, or, to the knowledge of the Borrower, inquiry or investigation, in any case before or by any court or other Governmental Authority pending, or to the knowledge of the Borrower, threatened against or affecting (i) the ability of the Borrower to perform its obligations under this Agreement or any other Related Document in effect as of any date on which this representation and warranty is made or which involves the validity or enforceability of this Agreement or any other Related Documents in effect as of any date on which this representation and warranty is made, (ii) the Borrower, the Pledged Taxes or the assets, properties or operations of the Borrower, that in any case (A) could reasonably be expected to result in a Material Adverse Effect in the good faith judgment of the TIFIA Lender or (B) could reasonably be expected to adversely affect the Borrower's ability to receive Pledged

Taxes in amounts sufficient to meet the financial projections contained in the Initial Base Case Financial Model. The Borrower is not in default (and no event has occurred and is continuing that, with the giving of notice or the passage of time or both, could constitute a default) with respect to any Governmental Approval, which default could reasonably be expected to result in a Material Adverse Effect.

(g) No Debarment. The Borrower has fully complied with its verification obligations under 2 C.F.R. § 180.320 and confirms, based on such verification, that, to its knowledge, neither the Borrower nor any of its principals (as defined in 2 C.F.R. § 180.995) is debarred, suspended or voluntarily excluded from participation in Government contracts, procurement or non-procurement matters or delinquent on a Government debt, as more fully set forth in the certificate delivered in substantially the form of **Exhibit C**.

(h) Accuracy of Representations and Warranties. The representations, warranties and certifications of the Borrower set forth in this Agreement and the other Related Documents in effect as of any date on which such representations and warranties are made are true and correct, except to the extent such representations and warranties expressly relate to an earlier date (in which case, such representations and warranties shall be true and correct as of such earlier date).

(i) Credit Rating. As of the Effective Date, all of the TIFIA Loans contemplated to be made by this Agreement and each of the TIFIA Loan Agreements (assuming that each of the TIFIA Loans has been fully disbursed) and each other Senior Obligation outstanding as of the Effective Date have received a public credit rating of “A-” or “A3” (or the equivalent thereto) or higher from one (1) Nationally Recognized Rating Agency, and written evidence of such public rating has been provided to the TIFIA Lender prior to the Effective Date, and such public rating has not been reduced, withdrawn or suspended as of the Effective Date.

(j) No Defaults. As of the Effective Date, the Borrower is not in default under the terms of any Related Document in effect as of the Effective Date, and no event has occurred or condition exists that, with the giving of notice or the passage of time or both, would constitute an Event of Default.

(k) Information. The information furnished by the Borrower to the TIFIA Lender, when taken as a whole, does not contain any untrue statement of a material fact or omit to state any material fact necessary to make the statements contained therein not misleading as of the date made or furnished; provided that no representation or warranty is made with regard to projections or other forward-looking statements provided by or on behalf of the Borrower (including the Initial Base Case Financial Model and each Updated Base Case Financial Model and the assumptions therein) except that the assumptions in the Initial Base Case Financial Model and each Updated Base Case Financial Model were reasonable in all material respects when made.

(m) Compliance with Law. The Borrower is in compliance in all material respects with, and has conducted (or caused to be conducted) its public transit operations in compliance in all material respects with, all applicable laws (other than Environmental Laws, which are addressed in Section 10(n)), including those set forth on **Exhibit G**, to the extent applicable, and those set forth in the FTA Master Agreement. No notices of violation of any applicable law have been issued, entered or received by the Borrower that in each case could reasonably be expected to result in a Material Adverse Effect.

The Borrower has no immunity from the jurisdiction of any court of competent jurisdiction or from any legal process therein which could be asserted in any action to enforce the obligations of the Borrower under any of the Related Documents to which it is a party or the transactions contemplated hereby or thereby, including the obligations of the Borrower hereunder and thereunder. To the extent that the Borrower has such immunity, the Borrower has waived such immunity pursuant to Section 12(r).

There is no (i) amendment or, to the knowledge of the Borrower, no proposed amendment certified for placement on a statewide or local ballot (including any voter initiatives or referendums), to the Bond Documents or relating to Local Option Taxes or Pledged Taxes or (ii) legislation that has passed, or any published judicial decision interpreting any of the foregoing, which could reasonably be expected to result in a Material Adverse Effect on the ability of the Borrower to receive any of the Pledged Taxes or its ability to perform its obligations under this Agreement, the TIFIA Bonds and the other TIFIA MCA Documents in effect as of any date on which this representation and warranty is made.

(bb) Investment Policy. The Borrower has neither made any investment nor entered into any agreements for the purpose of effecting any investment which (i) is not permitted pursuant to the Bond Documents or any TIFIA MCA Document in effect as of any date on which this representation and warranty is made, or (ii) is contrary to the Investment Policy.

(a) Securing the TIFIA Lien. The Borrower may replace all or a portion of the required balance on each such Reserve Account, if permitted by and in accordance with the terms of the Bond Documents, with an irrevocable letter of credit, insurance policy or similar instrument provided by a Qualified Financial Institution. With respect to the TIFIA Reserve Account, any letter of credit, insurance policy or similar instrument shall be issued by a Qualified Financial Institution and, in the case of any letter of credit, such letter of credit shall be an Acceptable Letter of Credit. If at any time the financial institution that has provided such letter of credit, insurance policy or similar instrument ceases to be a Qualified Financial Institution, the Borrower shall cause such instrument to be replaced by a new Acceptable Letter of Credit, insurance policy or similar instrument issued by a Qualified Financial Institution within thirty (30) Business Days after the date on which such financial institution ceased to be a Qualified Financial Institution or shall otherwise ensure that the TIFIA Reserve Account is funded with cash and/or Permitted Investments in an amount, together with any Acceptable Letter of Credit, insurance policy or similar instrument credited thereto and issued by a Qualified Financial Institution, not less than the then applicable TIFIA Reserve Account Requirement.

(ii) Upon the occurrence of a TIFIA Reserve Event, the Borrower shall transfer to the TIFIA Reserve Account on the first (1st) Business Day of each month thereafter the least of (x) the amount of Pledged Taxes available in that month after making the transfers described in paragraphs *First* through *Seventh* in Section 5(d); (y) one-twelfth (1/12th) of the TIFIA Reserve Account Requirement; and (z) the amount required to make the balance in the TIFIA Reserve Account equal to the TIFIA Reserve Account Requirement; provided, however, that the Borrower shall fund the TIFIA Reserve Account in an amount equal to the TIFIA Reserve Account Requirement no later than the first (1st) Business Day of the month following the twelfth (12th) month after the TIFIA Reserve Event. Notwithstanding the foregoing, following the occurrence of a TIFIA Reserve Event, in the event that, on any Ratio Calculation Date, the Debt Service Coverage Ratio for the preceding Calculation Period falls below 1.25 to 1.00, the amount of the TIFIA Reserve Account Requirement not yet funded, if any, shall be funded by no later than the next Semi-Annual Payment Date following such occurrence. Amounts on

deposit in the TIFIA Reserve Account shall be made available to ensure the timely payment of TIFIA Debt Service on each TIFIA Loan and debt service in respect of Other TIFIA Bonds, in each case as needed, and shall not be available to pay any other obligations owed by the Borrower to any other Person. If any funds on deposit in the TIFIA Reserve Account are drawn upon to pay TIFIA Debt Service due on any Semi-Annual Payment Date, the Borrower shall restore such funds on deposit in the TIFIA Reserve Account to the TIFIA Reserve Account Requirement no later than the next succeeding Semi-Annual Payment Date. So long as any TIFIA Reserve Event continues, funds on deposit in the TIFIA Reserve Account shall remain in such account and shall be invested only in Permitted Investments. If, after the occurrence of a TIFIA Reserve Event, the Borrower delivers to the TIFIA Lender certificates pursuant to Section 18(f) on four (4) consecutive Ratio Calculation Dates showing that the Debt Service Coverage Ratio for the Calculation Period preceding each such Ratio Calculation Date was not less than 1.50 to 1.00, the Borrower may provide written notice thereof to the TIFIA Lender and transfer any balance in the TIFIA Reserve Account to the Local Option Tax Accounts or Additional Taxes Accounts for application in accordance with Section 5(d); provided that, if the duration of the TIFIA Reserve Event was longer than two (2) years, then any balance in the TIFIA Reserve Account shall remain in the TIFIA Reserve Account for a period at least as long as the duration of the TIFIA Reserve Event and, before the Borrower may transfer any balance in the TIFIA Reserve Account to the Local Option Tax Accounts for application in accordance with Section 5(d), the Borrower must deliver to the TIFIA Lender certificates pursuant to Section 18(f) on each Ratio Calculation Date during such period showing that the Debt Service Coverage Ratio for the preceding Calculation Period was not less than 1.50 to 1.00.

(iii) In accordance with the provisions of the TIFIA MCA Master Resolution, the Borrower shall cause the Prior Bond Account, Parity Bond Account, TIFIA Debt Service Account and any debt payment account created in connection with any other Junior Obligations to be funded in such amounts and under such conditions as are required in the TIFIA MCA Master Resolution to pay debt service on the Prior Bonds, Parity Bonds, the TIFIA Bonds, any Other TIFIA Bonds, and any other Junior Obligations, respectively.

(iv) Amounts on deposit in the Construction Account for each MCA Project shall be held uninvested or invested in Permitted Investments. Any such Permitted Investments must mature or be redeemable at the election of the holder on or prior to the date on which the funds invested in such Permitted Investments are needed for any payment from such Construction Account.

(l) Sufficiency Test.

(i) The Borrower shall impose the Rental Car Tax at a rate of not less than the then applicable Rental Car Tax Rate and the Sales Tax at a rate of not less than the then applicable Sales Tax Rate; provided that the Borrower may impose the Sales Tax at a rate of less than the then applicable Sales Tax Rate but not less than the Sales Tax Reduced Rate so long as a Borrower Pledged Taxes Sufficiency Certificate is delivered to the TIFIA Lender not less than sixty (60) days prior to the date of that reduction in rate

and within thirty (30) days after the end of each Borrower Fiscal Year during which the Sales Tax has been so reduced, which Borrower Pledged Taxes Sufficiency Certificate shall comply with the requirements described below. To the extent permitted by law and approved by the voters (if a vote is required), the Borrower may, in a Series Resolution, pledge to the payment of the TIFIA Bonds the Sales Tax in excess of the then applicable Sales Tax Rate, the Rental Car Tax in excess of the then applicable Rental Car Tax Rate and any other tax authorized by law. Notwithstanding the foregoing, the Borrower may at its discretion pledge amounts attributable to any increase of the Sales Tax rate above the then applicable Sales Tax Rate and any increase in the Rental Car Tax above the then applicable Rental Car Tax Rate to any other obligations or to other Borrower purposes; provided that any such obligations shall be issued in accordance with Section 13(b).

(ii) If the Borrower desires to impose the Sales Tax at a rate less than the then applicable Sales Tax Rate (but in any event not less than the Sales Tax Reduced Rate), not less than sixty (60) days prior to the initial effective date of the reduction in the rate of the Sales Tax, the Borrower shall deliver to the TIFIA Lender a Borrower Pledged Taxes Sufficiency Certificate certifying and evidencing that:

(A) The Borrower has met the sufficiency test requirements under the applicable Bond Documents then in effect; and

(B) The Borrower has met the requirements of the Sufficiency Test.

In preparing such certificate: (1) the Pledged Taxes during the Base Period may be only those shown in the audited or unaudited Financial Statements of the Borrower for the Base Period; (2) the Borrower shall take into account in calculating Pledged Taxes received during the Base Period any Adopted Pledged Taxes Rate Adjustment and Additional Taxes included as Pledged Taxes, and taxes from annexed territory, as if such adjustments, additions or annexation had been in effect during the entire Base Period; (3) the Sales Tax received during the Base Period shall be adjusted to reflect the reduced rate of the then applicable Sales Tax Rate; and (4) any Adopted Pledged Taxes Rate Adjustment and/or Additional Taxes included as Pledged Taxes shall be taken into account only if a certified public accountant, economic consultant or financial advisor experienced with state or local taxation or municipal bonds certifies that it is reasonable to expect that such adjustments or additions will be received in the amounts assumed in the Borrower Pledged Taxes Sufficiency Certificate.

There may be added to Pledged Taxes collected in the Base Period amounts withdrawn from the Tax Stabilization Subaccount in the Base Period and deposited into the Local Option Tax Accounts and/or the Additional Taxes Accounts in accordance with Section 5(e).

If the Borrower is imposing the Sales Tax at a rate less than the then applicable Sales Tax Rate (which in any event shall not be less than the Sales Tax Reduced Rate) and if the Borrower is unable to deliver a Borrower Pledged Taxes Sufficiency Certificate within thirty (30) days after the end of each Borrower Fiscal Year during which the rate

at which the Sales Tax is imposed has been so reduced confirming satisfaction with the tests set forth in clause (n)(ii) above, the Borrower shall, within ninety (90) days after the end of that Borrower Fiscal Year, take all action required on its part to increase the rate of that Sales Tax imposed, but not to exceed the then applicable Sales Tax Rate for the purpose of being able to deliver such Borrower Pledged Taxes Sufficiency Certificate.

The Borrower shall fix, levy and impose the additional motor vehicle excise tax approved at an election held on November 8, 2016 at a rate of not less than eight-tenths of one percent (0.8%). Notwithstanding the foregoing, the Borrower may at its discretion pledge amounts attributable to any increase of the Motor Vehicle Tax rate above eight-tenths of one percent (0.8%) (or, during any time the 1996 Motor Vehicle Tax is being imposed, above one and one-tenth of one percent (1.1%)) to any other obligations or to other Borrower purposes.

The Borrower shall fix, levy and impose the 1996 Motor Vehicle Tax, to the extent permitted by law, at a rate of not less than three-tenths of one percent (0.3%).

The Borrower shall take all reasonable actions necessary to impose and provide for the continued collection of the Pledged Taxes and the application of those taxes for payment of the TIFIA Bonds in accordance with this Agreement and each TIFIA MCA Document. Except as expressly permitted under this subsection, the Borrower shall not take any action that limits, terminates, reduces or otherwise impairs its authority to impose and collect all Pledged Taxes.

(m) Material Obligations; Liens. The Borrower shall pay its material obligations promptly and in accordance with their terms and pay and discharge promptly all taxes, assessments and governmental charges or levies imposed upon it or upon the Pledged Taxes or its Total Revenues or in respect of its property, before the same shall become delinquent or in default, as well as all lawful and material claims for labor, materials and supplies or other claims which, if unpaid, might give rise to a Lien (other than Permitted Liens) upon such properties or any part thereof or upon the Pledged Taxes; provided, however, that such payment and discharge shall not be required with respect to any such tax, assessment, charge, levy, claim or Lien so long as the validity or amount thereof shall be contested by the Borrower in good faith by appropriate proceedings and so long as the Borrower shall have set aside adequate reserves with respect thereto in accordance with and to the extent required by GAAP, applied on a consistent basis.

(n) Hedging and Variable Rate Bonds.

(i) To protect against fluctuations in interest rates, the Borrower shall make arrangements for a Qualified Hedge to be in place and maintained with respect to Bonds during any period in which such Bonds bear interest at a Variable Rate (including Bonds for which a Qualified Hedge is executed that has the effect of converting the fixed rate of interest thereon to a synthetic Variable Rate), except that this requirement shall not apply to (A) Variable Rate Bonds such as commercial paper having a final maturity of one year or less, or (B) outstanding Variable Rate Bonds (excluding any outstanding Variable Rate Bonds described in clause (A)) in an aggregate total principal amount not

exceeding twenty-five percent (25%) of the total principal amount of the Borrower's outstanding Bonds (the "**Hedging Threshold**").

(ii) In the event the Borrower intends to issue Variable Rate Bonds in a principal amount in excess of the Hedging Threshold, the Borrower shall provide the TIFIA Lender with at least sixty (60) days' prior written notice of its intention to enter into a Qualified Hedge with respect to the Variable Rate Bonds in excess of the Hedging Threshold, and the terms and conditions of any such Qualified Hedge shall be subject to the prior written approval of the TIFIA Lender, which approval shall not be unreasonably withheld. The notice to the TIFIA Lender shall include evidence of the Borrower's compliance with Chapter 39.96 RCW, and the Borrower shall provide a copy of the Qualified Hedge upon its execution, together with a certificate that such Qualified Hedge complies with the applicable requirements of Chapter 39.96 RCW.

(iii) The method of computing the Variable Rate for each Variable Rate Bond shall be specified in the Series Resolution authorizing such Bonds; provided that such variable interest rate shall be subject to a maximum interest rate set forth in such Series Resolution, unless either (a) the Borrower has entered into a Qualified Hedge with respect to such Variable Rate Bonds which provides for a synthetic fixed rate of interest or (b) the TIFIA Lender otherwise provides its written consent.

(o) Principal Construction Contracts. The Borrower, as soon as reasonably practicable, shall provide written notice of the execution of each Principal Construction Contract in respect of any Funded MCA Project to the TIFIA Lender and the FTA Regional Office and make electronic copies available on an FTP site upon request. Upon request, the Borrower also shall provide the TIFIA Lender and the FTA Regional Office with a certified copy of the executed version of each such Principal Construction Contract.

(p) Substantial Completion. With respect to each Funded MCA Project, within ten (10) days of the attainment of Substantial Completion in respect of such Funded MCA Project, the Borrower shall provide the TIFIA Lender with an executed copy of a certificate evidencing such Substantial Completion in the form attached as **Exhibit F**.

(q) FTA Master Agreement. The Borrower shall comply in all material respects with all applicable federal and State laws, including (i) all items set forth on **Exhibit G**, to the extent applicable, and (ii) the terms and conditions of the FTA Master Agreement, which has no expiration date and which continues to apply until modified or superseded as outlined therein.

(r) Immunity. To the fullest extent permitted by applicable law, the Borrower agrees that it will not assert any immunity (and hereby waives any such immunity) it may have as a governmental entity from lawsuits, other actions and claims, and any judgments with respect to the enforcement of any of the obligations of the Borrower under this Agreement or any other TIFIA MCA Document.

(s) Revenue Coverage Ratio. The Borrower shall at all times maintain a Revenue Coverage Ratio of at least 1.00 to 1.00.

(t) Taxes. The Borrower shall timely file all tax returns required by any Governmental Authority.

(u) SAM Registration. The Borrower shall (i) maintain its active registration status with the federal System for Award Management (www.SAM.gov) (or any successor system or registry) and (ii) within sixty (60) days prior to each anniversary of the Effective Date, provide to the TIFIA Lender evidence of such active registration status with no active exclusions reflected in such registration, in each case until the last Final Maturity Date of the TIFIA Loans or to such earlier date as all amounts due or to become due to the TIFIA Lender hereunder have been irrevocably paid in full in cash.

(v) Amendment to TIFIA MCA Master Resolution. On or prior to the earliest to occur of (i) the March 2017 regularly scheduled meeting of the Board, (ii) the initial disbursement of any TIFIA Loan and (iii) the Loan Agreement Effective Date for the next MCA Project after the Northgate Link Extension Project, the Board shall adopt and approve an amendment to the TIFIA MCA Master Resolution, in form and substance satisfactory to the TIFIA Lender, and the Borrower shall deliver a certified copy of such amended TIFIA MCA Master Resolution to the TIFIA Lender promptly after such adoption by the Board.

SECTION 13. Negative Covenants. The Borrower covenants and agrees as follows until the date all of the TIFIA Loans and all obligations of the Borrower under each TIFIA MCA Document (other than contingent indemnity obligations) have been irrevocably paid in full in cash and the TIFIA Lender no longer has any commitment to make disbursements to the Borrower under any of the TIFIA Loan Agreements, unless the TIFIA Lender waives compliance in writing:

(a) Permitted Indebtedness. Except for Permitted Debt, the Borrower shall not, without the prior written consent of the TIFIA Lender, issue or incur indebtedness of any kind secured by or payable from all or any portion of the Pledged Taxes.

(b) Issuance of Future Bonds.

(i) In order to issue any Future Bonds, the Borrower shall provide the TIFIA Lender a certificate of the Borrower's Chief Executive Officer or Chief Financial Officer, in form reasonably acceptable to the TIFIA Lender (including the calculations supporting such certificate), certifying that (A) the Borrower has satisfied the requirements for issuing such Future Bonds under the applicable Bond Documents; (B) the Future Bonds Historic Debt Service Coverage Ratio shall be not less than 1.10 to 1.00; (C) the Future Bonds Projected Debt Service Coverage Ratio for each calendar year during the Projected Period shall be not less than 1.10 to 1.00; and (D) the Revenue Coverage Ratio, after giving effect to the issuance of such Future Bonds, shall be projected to be not less than 1.00 to 1.00 in each calendar year while any TIFIA Bonds are scheduled to be outstanding.

(ii) In addition to the requirements set forth in clause (i) above, in order to issue Future Bonds, the Borrower shall provide the TIFIA Lender a certificate of the Borrower's Chief Executive Officer or Chief Financial Officer, in form reasonably

acceptable to the TIFIA Lender, certifying that (A) no Event of Default under the Bond Documents, this Agreement or any other TIFIA MCA Document shall have occurred and be continuing and (B) the Nationally Recognized Rating Agency that provided the most recent public rating of the TIFIA Bonds then outstanding in accordance with Section 12(j) shall have confirmed that the incurrence of such Future Bonds shall not result in a downgrade of the then existing credit rating of any of the TIFIA Bonds then outstanding below “A-” or “A3” (or the equivalent thereto).

(c) No Lien Extinguishment or Adverse Amendments. The Borrower shall not, and shall not permit any Person to, without the prior written consent of the TIFIA Lender, (i) extinguish or impair the TIFIA Lien, (ii) with respect to any Funded MCA Project, except as otherwise expressly permitted in this Agreement, amend, modify, replace or supplement any Related Document for such Funded MCA Project in a manner that could adversely affect the TIFIA Lender (in the TIFIA Lender’s determination) in connection with the TIFIA Loan or TIFIA Bond for such Funded MCA Project, (iii) with respect to any Funded MCA Project, waive or permit a waiver of any provision of any Related Document for such Funded MCA Project in a manner that could adversely affect the TIFIA Lender (in the TIFIA Lender’s determination) in connection with the TIFIA Loan or TIFIA Bond for such Funded MCA Project, (iv) with respect to any Funded MCA Project, terminate, assign, amend or modify, or waive timely performance by any party of, material covenants under any Principal Project Contract for such Funded MCA Project except for termination, assignment, amendment, modification or waiver that could not reasonably be expected to have a Material Adverse Effect, (v) except as otherwise expressly permitted in this Agreement, take any action, or fail to take any action, which would have the effect of reducing the rate at which any Pledged Taxes available to pay debt service on the TIFIA Bonds may be imposed, or (vi) provide for the acceleration (not including any indirect acceleration of the maturity thereof (A) through reimbursement obligations to the provider of a Credit Facility occurring as a result of a mandatory tender for purchase thereof or (B) as a result of revised amortization requirements and/or increased interest rates following an optional or mandatory tender for purchase thereof) of any Bonds or other obligations of the Borrower. Except as otherwise agreed by the TIFIA Lender in writing, the Borrower will provide to the TIFIA Lender copies of any proposed amendments, modifications, replacements of, or supplements to any Related Document for each Funded MCA Project (other than any copies already provided pursuant to Section 12(b)) at least thirty (30) days prior to the effective date thereof, and copies of fully executed amendments within ten (10) days following execution thereof.

(d) No Prohibited Liens. Except for Permitted Liens, the Borrower shall not create, incur, assume or permit to exist any Lien (i) on the Pledged Taxes or the Borrower’s or the TIFIA Lender’s rights in respect thereof or (ii) on the TIFIA Debt Service Account, the TIFIA Reserve Account, the Revenue Sharing Account or any Construction Account.

(e) No Prohibited Sale, Lease or Assignment. The Borrower shall not sell, lease or assign its rights in and to any Funded MCA Project, a substantial portion of the assets included in any Funded MCA Project, or its rights and obligations under any Related Document related to such Funded MCA Project, unless, in each case, such sale, lease or assignment could not reasonably be expected to result in a Material Adverse Effect.

(f) Organizational Documents; Fiscal Year. The Borrower shall not at any time (i) amend or modify its Organizational Documents (other than any amendment or modification that is of a ministerial nature and that is not adverse to the interests of the TIFIA Lender) without the prior written consent of the TIFIA Lender or (ii) adopt any fiscal year other than the Borrower Fiscal Year, except with thirty (30) days' prior written notice to the TIFIA Lender.

(g) No Prohibited Business. The Borrower shall not at any time engage in any business or activity other than as authorized by the laws of the State.

(h) No Prohibited Payments. The Borrower shall not, at any time, make any payments from the Pledged Taxes to any party other than in accordance with the priority, and for the specific purposes, in each case, as set forth in Section 5(d).

(i) Transactions with other Governmental Authorities. Except for the transactions expressly contemplated in the Principal Project Contracts and Bond Documents, the Borrower shall not (i) sell or transfer any property or assets to, or purchase or acquire any property or assets of, or (ii) otherwise engage in any other transaction with, any other Governmental Authority (including the Governmental Authorities of the State), the terms and provisions of which are materially adverse to the Borrower or that could reasonably be expected to have a Material Adverse Effect.

(j) No Payment with Federal Funds. The Borrower shall not pay any portion of any TIFIA Debt Service nor any other amount to the TIFIA Lender or the Government pursuant to the TIFIA MCA Documents with funds received directly or indirectly from the Government.

(k) Change in Legal Structure; Mergers and Acquisitions. The Borrower shall not, and shall not agree to:

(i) acquire by purchase or otherwise the business, property or fixed assets of, or equity interests or other evidence of beneficial ownership interests in, any Person, other than purchases or other acquisitions of inventory or materials or spare parts or Capital Expenditures, each in the ordinary course of business in compliance with the annual budget set forth in the Financial Plan most recently approved by the TIFIA Lender; or

(ii) reorganize, consolidate with or merge into another Person unless (A) such merger or consolidation is with or into another entity that is a public agency and regional transit authority under Chapter 81.112 RCW and Chapter 81.104 RCW, or any successor provisions under the laws of the State, and meets the legal capacity requirements of 49 U.S.C. Chapter 53, and in each case, including reorganization, does not adversely affect or impair to any extent or in any manner (x) the Pledged Taxes or (y) the availability of the Pledged Taxes for the payment and security of the obligations of the Borrower under this Agreement; and (B) the Borrower provides to the TIFIA Lender, no later than sixty (60) days prior to the date of reorganization, consolidation or merger, prior written notice of such reorganization, consolidation or merger and the agreements

and documents authorizing the reorganization, consolidation or merger, satisfactory in form and substance to the TIFIA Lender. The documents authorizing the reorganization, consolidation or merger shall contain a provision, satisfactory in form and substance to the TIFIA Lender, that, following such reorganization, consolidation or merger, the successor will assume, by operation of law or otherwise, the due and punctual performance and observance of all of the covenants, agreements and conditions of this Agreement and the other Related Documents to which the Borrower is a party. In addition, the Borrower shall provide all information concerning such reorganization, consolidation or merger as shall have been reasonably requested by the TIFIA Lender.

(l) Additional Rights. In the event that the Borrower, directly or indirectly, enters into, consents to, or otherwise grants any Contractual Obligation that provides any counterparty to such Contractual Obligation with rights to accelerate (not including any indirect acceleration of the maturity thereof (i) through reimbursement obligations to the provider of a Credit Facility occurring as a result of a mandatory tender for purchase thereof or (ii) as a result of revised amortization requirements and/or increased interest rates following an optional or mandatory tender for purchase thereof) any Bonds or other obligations (the “**Additional Rights**”) in violation of Section 13(c)(vi), then, to the extent permitted by law, such Additional Rights shall automatically be deemed to be incorporated into this Agreement and each other TIFIA MCA Document, as applicable, and the TIFIA Lender shall have the benefits of such Additional Rights with respect to the TIFIA Bonds. The Borrower shall promptly, upon entering into or otherwise consenting to a Contractual Obligation containing such Additional Rights, notify the TIFIA Lender of such Contractual Obligation and, to the extent permitted by law, enter into an amendment to this Agreement or such other TIFIA MCA Document, as applicable, to include such Additional Rights; provided that the TIFIA Lender shall have the benefit of such Additional Rights, to the extent permitted by law, even if the Borrower fails to provide such notice or an amendment hereto is not executed to include said Additional Rights into this Agreement and each other TIFIA MCA Document, as applicable.

(m) Hedging. Other than (i) interest rate hedging transactions required under Section 12(n), (ii) swap and hedging transactions the obligations under which are not payable from Pledged Taxes and (iii) Qualified Hedges executed for Variable Rate Bonds in an aggregate principal amount not in excess of the Hedging Threshold, the Borrower shall not enter into any swap or hedging transaction, including inflation indexed swap transactions, “cap” or “collar” transactions, futures, or any other hedging transaction without the prior written consent of the TIFIA Lender.

(n) OFAC Compliance. The Borrower shall not (and shall cause the Principal Project Parties, or any Person owning (excluding Persons owning securities effected on a recognized public stock exchange, unless such securities were acquired in a transaction involving an initial public offering) or Controlling any of them, in each case if the OFAC regulations are applicable to such entity, not to), (i) violate (A) any applicable anti-money laundering laws, including those contained in the Bank Secrecy Act and the Patriot Act, (B) any applicable economic sanction laws administered by OFAC or by the United States Department of State, or (C) any applicable anti-drug trafficking, anti-terrorism, or anti-corruption laws, civil or criminal; or (ii) be a Person (A) that is charged with, or has received notice from a Governmental Authority that is under investigation for, any violation of any such laws, (B) that is convicted of

any violation of, or is subject to civil or criminal penalties pursuant to, or has any of its property seized or forfeited under, or enters into any agreement with the Government or a state or local government related to violations of, any such laws, (C) that is named on the list of “Special Designated Nationals or Blocked Persons” maintained by OFAC (or any successor Government office or list), or any similar list maintained by the United States Department of State (or any successor Government office or list), (D) with whom any U.S. Person (as defined in the applicable OFAC regulations) is prohibited from transacting business of the type contemplated by this Agreement and the other Related Documents under any other applicable law, (E) that is owned, Controlled by, or affiliated with any Person identified in clause (A), (B), (C) or (D) of this clause (ii), or (F) is in violation of any obligation to maintain appropriate internal controls as required by the governing laws of the jurisdiction of such Person as are necessary to ensure compliance with the economic sanctions, anti-money laundering and anti-corruption laws of the United States of America and the jurisdiction where the Person resides, is domiciled or has its principal place of business. The Borrower shall not knowingly make a payment, directly or indirectly, to any Principal Project Party that has violated any of the laws referenced in clause (i) of the preceding sentence or that is a Person described in clause (ii) of the preceding sentence.

SECTION 14. Indemnification. To the extent permitted by law, the Borrower shall indemnify the TIFIA Lender and any official, employee, agent or representative of the TIFIA Lender (each such Person being herein referred to as an “**Indemnitee**”) against, and hold each Indemnitee harmless from, any and all losses, claims, damages, liabilities, fines, penalties, costs and expenses (including the fees, charges and disbursements of any counsel for any Indemnitee and the costs of environmental remediation), whether known, unknown, contingent or otherwise, incurred by or asserted against any Indemnitee arising out of, in connection with, or as a result of (a) the execution, delivery and performance of this Agreement or any of the other Related Documents, (b) the TIFIA Loans or the use of the proceeds thereof, or (c) the violation of any law, rule, regulation, order, decree, judgment or administrative decision relating to the environment, the preservation or reclamation of natural resources, the management, release or threatened release of any hazardous material or to health and safety matters; in each case arising out of or in direct relation to any MCA Project; provided that such indemnity shall not, as to any Indemnitee, be available to the extent that such losses, claims, damages, liabilities, fines, penalties, costs or related expenses are determined by a court of competent jurisdiction by final and nonappealable judgment to have resulted from the gross negligence or willful misconduct of such Indemnitee. In case any action or proceeding is brought against an Indemnitee by reason of any claim with respect to which such Indemnitee is entitled to indemnification hereunder, the Borrower shall be entitled, at its expense, to participate in the defense thereof; provided that such Indemnitee has the right to retain its own counsel, at the Borrower’s expense, and such participation by the Borrower in the defense thereof shall not release the Borrower of any liability that it may have to such Indemnitee. Any Indemnitee against whom any indemnity claim contemplated in this Section 14 is made shall be entitled, with the Borrower’s prior written consent (which shall not be unreasonably withheld or delayed), to compromise or settle any such indemnity claim, and the Borrower further agrees that it shall not, without such Indemnitee’s prior written consent, compromise or settle any such indemnity claim. Any such compromise or settlement shall be binding upon the Borrower for purposes of this Section 14. Nothing herein shall be construed as a waiver of any legal immunity that may be available to any Indemnitee. To the extent permitted by applicable law, the Borrower shall not assert, and hereby waives, any claim against any Indemnitee, on any theory of liability, for special, indirect, consequential or

punitive damages (as opposed to direct or actual damages) arising out of, in connection with, or as a result of, this Agreement, any of the other Related Documents, the TIFIA Loans and the other transactions contemplated hereby and thereby, or the use of the proceeds thereof. All amounts due to any Indemnitee under this Section 14 shall be payable promptly upon demand therefor. The obligations of the Borrower under this Section 14 shall survive the payment or prepayment in full or transfer of the TIFIA Bonds, the enforcement of any provision of this Agreement or the other Related Documents, any amendments, waivers (other than amendments or waivers in writing with respect to this Section 14) or consents in respect hereof or thereof, any Event of Default, and any workout, restructuring or similar arrangement of the obligations of the Borrower hereunder or thereunder.

SECTION 15. Sale of TIFIA Loans. With respect to each Funded MCA Project, the TIFIA Lender shall not sell the TIFIA Loan related to such Funded MCA Project at any time prior to the Substantial Completion Date for such Funded MCA Project. After such Substantial Completion Date, the TIFIA Lender may sell such TIFIA Loan to another entity or reoffer such TIFIA Loan into the capital markets only in accordance with the provisions of this Section 15. Such sale or reoffering shall be on such terms as the TIFIA Lender shall deem advisable. However, in making such sale or reoffering the TIFIA Lender shall not change the terms and conditions of such TIFIA Loan without the prior written consent of the Borrower, which consent shall not be unreasonably withheld. The TIFIA Lender shall provide, at least sixty (60) days prior to any sale or reoffering of such TIFIA Loan, written notice to the Borrower confirming the TIFIA Lender's intention to consummate such a sale or reoffering; provided, however, that no such notice shall be required during the continuation of any Event of Default. The provision of any notice pursuant to this Section 15 shall not (a) obligate the TIFIA Lender to sell or (b) provide the Borrower with any rights or remedies in the event the TIFIA Lender, for any reason, does not sell such TIFIA Loan.

SECTION 16. Events of Default and Remedies.

(a) With respect to each Funded MCA Project, an “**Event of Default**” shall exist under the TIFIA Loan Agreement related to such Funded MCA Project if:

(i) Payment Default. The Borrower shall fail to pay any of the principal amount of or interest on the TIFIA Bond or the TIFIA Loan related to such Funded MCA Project (including any TIFIA Debt Service required to have been paid pursuant to the provisions of the TIFIA Loan Agreement related to such Funded MCA Project, and any mandatory prepayment required pursuant to the provisions of Section 7(a) of this Agreement in respect of such TIFIA Loan), when and as the payment thereof shall be required to be made under this Agreement, the applicable TIFIA Loan Agreement or the applicable TIFIA Bond or on the Final Maturity Date of such TIFIA Loan (each such failure, a “**Payment Default**”);

(ii) Covenant Default. The Borrower shall fail to observe or perform any covenant, agreement or obligation of the Borrower under this Agreement, the TIFIA Bond or any other TIFIA Loan Document, in each case, related to such Funded MCA Project (other than in the case of any Payment Default or any Development Default), and such failure shall not be cured within thirty (30) days after the earlier to occur of (A)

receipt by the Borrower from the TIFIA Lender of written notice thereof or (B) the Borrower's knowledge of such failure; provided, however, that, if such failure is capable of cure but cannot reasonably be cured within such thirty (30) day cure period, then no Event of Default shall be deemed to have occurred or be continuing under this clause (ii) if and so long as within such thirty (30)-day cure period the Borrower shall commence actions reasonably designed to cure such failure and shall diligently pursue such actions until such failure is cured; provided such failure is cured within one hundred eighty (180) days of the date specified in either clause (A) or (B) above;

(iii) Development Default. A Development Default shall occur in respect of such Funded MCA Project. If so requested by the TIFIA Lender in connection with a Development Default in respect of such Funded MCA Project, the Borrower shall immediately repay any unexpended TIFIA Loan proceeds previously disbursed to the Borrower under the TIFIA Loan Agreement related to such Funded MCA Project;

(iv) Misrepresentation Default. Any of the representations, warranties or certifications of the Borrower made in or delivered pursuant to the TIFIA Loan Documents for such Funded MCA Project (or in any certificates delivered by the Borrower in connection with such TIFIA Loan Documents) shall prove to have been false or misleading in any material respect when made (or deemed made);

(v) Acceleration of Senior Obligations or Other Material Indebtedness. Any acceleration (not including any indirect acceleration of the maturity thereof (A) through reimbursement obligations to the provider of a Credit Facility occurring as a result of a mandatory tender for purchase thereof or (B) as a result of revised amortization requirements and/or increased interest rates following an optional or mandatory tender for purchase thereof) shall occur of the maturity of any (1) Senior Obligations or (2) any indebtedness or other payment obligations of the Borrower secured by Pledged Taxes in an aggregate principal amount equal to or greater than \$1,000,000 that is senior to, or in parity with, the TIFIA Loans in right of payment or in right of security ("**Other Material Indebtedness**"), or the indebtedness specified in clauses (1) and (2) above shall not be paid in full upon the final maturity thereof;

(vi) Cross Default. (A) Any of the representations, warranties or certifications of the Borrower made in or delivered pursuant to the Bond Documents or made in or delivered pursuant to any of the documents (the "**Other Loan Documents**") under which any Other Material Indebtedness is created or incurred, shall prove to be false or misleading in any material respect (each an "**Other Indebtedness Misrepresentation Default**"), or any default shall occur in respect of the performance of any covenant, agreement or obligation of the Borrower under the Bond Documents or Other Loan Documents (as the case may be), and such default shall be continuing after the giving of any applicable notice and the expiration of any applicable grace period specified in the Bond Documents or the Other Loan Documents (as the case may be) with respect to such default (each an "**Other Indebtedness Covenant Default**"), if the effect of such Other Indebtedness Misrepresentation Default or Other Indebtedness Covenant Default shall be to permit the immediate acceleration (not including any indirect acceleration of the maturity thereof (1) through reimbursement obligations to the provider

of a Credit Facility occurring as a result of a mandatory tender for purchase thereof or (2) as a result of revised amortization requirements and/or increased interest rates following an optional or mandatory tender for purchase thereof) of the maturity of any or all of the Senior Obligations or the Other Material Indebtedness (as the case may be), and, in the case of any such Other Indebtedness Misrepresentation Default or Other Indebtedness Covenant Default, the Borrower shall have failed to cure Other Indebtedness Misrepresentation Default or Other Indebtedness Covenant Default or to obtain an effective written waiver thereof in accordance with the terms of the Senior Obligations or such Other Material Indebtedness;

(B) Other than as otherwise provided in this Section 16, the Borrower shall default in the timely performance of any covenant, agreement or obligation under any Related Document in respect of such Funded MCA Project or any such Related Document shall be terminated prior to its scheduled expiration (unless in any case such default or termination could not reasonably be expected to result in a Material Adverse Effect), and the Borrower shall have failed to cure such default or to obtain an effective written waiver thereof prior to the expiration of the applicable grace period specified in any such Related Document, or to obtain an effective revocation of such termination (as the case may be); provided, however, that no Event of Default shall be deemed to have occurred or be continuing under this clause if, in the case of any termination of a Principal Project Contract for such Funded MCA Project, the Borrower replaces such Principal Project Contract with a replacement agreement (1) entered into with another counterparty that (x) is of similar or greater creditworthiness and experience as the counterparty being replaced was at the time such Principal Project Contract was originally executed (or otherwise reasonably acceptable to the TIFIA Lender) and (y) is not, at the time of such replacement, suspended or debarred or subject to a proceeding to suspend or debar from bidding, proposing or contracting with any federal or state department or agency, (2) on substantially the same terms and conditions as the Principal Project Contract being replaced (or otherwise reasonably acceptable to the TIFIA Lender) and (3) effective as of the date of termination of the Principal Project Contract being replaced;

(vii) Judgments. One or more judgments (A) for the payment of money in an aggregate amount in excess of \$2,000,000, escalated by the CPI, and not otherwise covered by insurance (and for which the insurer has acknowledged and not disputed coverage) or (B) that could reasonably be expected to result in a Material Adverse Effect, shall be rendered against the Borrower and the same shall remain undischarged for a period of thirty (30) consecutive days during which time period execution shall not be effectively stayed, or any action shall be legally taken by a judgment creditor to attach or levy upon any assets of the Borrower to enforce any such judgment;

(viii) Failure to Maintain Existence. The Borrower shall fail to maintain its existence as a public agency and regional transit authority under Chapter 81.112 RCW and Chapter 81.104 RCW or any successor provisions under the laws of the State;

(ix) Occurrence of a Bankruptcy Related Event. A Bankruptcy Related Event shall occur with respect to (A) the Borrower or (B) a Principal Project Party related to such Funded MCA Project; provided that (1) a Bankruptcy Related Event in connection with such Principal Project Party shall not constitute an Event of Default under such Funded MCA Project if the Borrower shall have promptly provided evidence satisfactory to the TIFIA Lender demonstrating that a substitute Principal Project Party has sufficient financial resources and operating expertise to complete such Principal Project Contract to which such Principal Project Party was a party in accordance with the applicable Construction Schedule for such Funded MCA Project, and (2) after Substantial Completion of such Funded MCA Project shall have occurred, the occurrence of a Bankruptcy Related Event in connection with any Principal Project Party related to such Funded MCA Project shall not constitute an Event of Default under such Funded MCA Project if at the time of such occurrence, (I) no claim against any warranty under the applicable Principal Project Contract to which such Principal Project Party is a party exists or remains outstanding, or (II) the Borrower promptly provides evidence satisfactory to the TIFIA Lender showing that the Borrower has (x) sufficient moneys to correct any defect or nonconforming work of such Principal Project Party, and (y) a plan to carry out such works referred to in clause (x) hereof;

(x) Project Abandonment. The Borrower shall abandon such Funded MCA Project;

(xi) Cessation of Operations. Operation of such Funded MCA Project shall cease for a continuous period of not less than thirty (30) days unless (A) such cessation of operations occurs by reason of an Uncontrollable Force; (B) the Borrower's repairs or required improvements to operate such Funded MCA Project cannot be completed within thirty (30) days; (C) the Borrower shall be self-insured in an amount sufficient to cover, or shall have in force an insurance policy or policies under which the Borrower is entitled to recover, substantially all property damage expenses; and (D) the Borrower continues to collect the Pledged Taxes in amounts sufficient to cover payments of all TIFIA Debt Service related to such Funded MCA Project and costs and expenses of the Borrower during such cessation of operations; provided, however, that such Funded MCA Project (other than the O&M Facility East Project) shall not be deemed to have ceased operations for the period that the Borrower operates buses or other public transit service along the route served by such Funded MCA Project and is exercising reasonable diligence to resume full light rail operations as soon as practicable but not later than 180 days; or

(xii) TIFIA Loan Documents. (A) This Agreement or (B) any other TIFIA Loan Document related to such Funded MCA Project, in each case, ceases to be in full force and effect (other than as a result of the termination thereof in accordance with its terms or as a result of action by the TIFIA Lender that it is not entitled to take under this Agreement or such other TIFIA Loan Documents) or becomes void, voidable, illegal or unenforceable, or the Borrower contests in any manner the validity or enforceability of this Agreement or such other TIFIA Loan Document or denies it has any further liability under this Agreement or such other TIFIA Loan Document, or purports to revoke, terminate or rescind this Agreement or such other TIFIA Loan Document.

(b) Upon occurrence of any event described in clauses (i), (v), (viii) or (ix)(A) or (xii)(A) of Section 16(a), the TIFIA MCA Commitment and all obligations of the TIFIA Lender's obligation under Section 3 of this Agreement shall, in each case, be terminated.

(c) With respect to each Funded MCA Project, upon the occurrence of an Event of Default described in clause (i), (v), (viii), (ix)(A), (x) or (xii) of Section 16(a) related to such Funded MCA Project, all obligations of the TIFIA Lender under the TIFIA Loan Agreement related to such Funded MCA Project with respect to the disbursement of any undisbursed amounts of the TIFIA Loan related thereto shall immediately be deemed terminated.

(d) With respect to any Funded MCA Project, upon the occurrence of any other Event of Default related to such Funded MCA Project, the TIFIA Lender, by written notice to the Borrower, may, in its sole discretion, suspend or terminate all of its obligations under the TIFIA Loan Agreements with respect to the disbursement of any undisbursed amounts of the applicable TIFIA Loan related thereto.

(e) With respect to each Funded MCA Project, whenever any Event of Default related to such Funded MCA Project shall have occurred and be continuing, the TIFIA Lender shall be entitled and empowered to institute any actions or proceedings at law or in equity for the collection of any sums due and unpaid under the TIFIA Bond or the TIFIA Loan Documents related to such Funded MCA Project, and may prosecute any such judgment or final decree against the Borrower and collect in the manner provided by law out of the property of the Borrower the moneys adjudged or decreed to be payable, and the TIFIA Lender shall have all of the rights and remedies of a creditor, including all rights and remedies as a secured creditor under the Uniform Commercial Code, and may take such other actions at law or in equity as may appear necessary or desirable to collect all amounts payable by the Borrower under the TIFIA Bond or the other TIFIA Loan Documents related to such Funded MCA Project then due and thereafter to become due, or to enforce performance and observance of any obligation, agreement or covenant of the Borrower under the TIFIA Bond or the other TIFIA Loan Documents related to such Funded MCA Project.

(f) Whenever any Event of Default with respect to any Funded MCA Project shall have occurred and be continuing, the TIFIA Lender may suspend or debar the Borrower from further participation in any Government program administered by USDOT and notify other departments and agencies of such Event of Default.

(g) No action taken pursuant to this Section 16 shall relieve the Borrower from its obligations pursuant to this Agreement, the TIFIA Bonds or the other TIFIA MCA Documents, all of which shall survive any such action.

(h) (i) In addition to the remedies otherwise provided in this Section 16, with respect to each Funded MCA Project, so long as an Event of Default with respect to such Funded MCA Project shall have occurred and be continuing, the TIFIA Lender, on behalf of itself and the owners of any Other Second Tier Junior Obligations then outstanding, may appoint a Bondowners' Trustee by written notice delivered to the Bondowners' Trustee, the Borrower and the owners of such Other Second Tier Junior Obligations. Any Bondowners' Trustee appointed hereunder shall be a bank or trust company organized under the laws of the State or

the State of New York or shall be a national banking association. The TIFIA Lender, on behalf of itself and the owners of the Other Second Tier Junior Obligations then outstanding, may remove the entity then acting as Bondowners' Trustee at any time, and may appoint a successor Bondowners' Trustee, in each case by written notice delivered to the Bondowners' Trustee, the Borrower and the owners of the Other Second Tier Junior Obligations. The Bondowners' Trustee appointed in the manner provided herein, and each successor thereto, is hereby declared to be a trustee for the benefit of the TIFIA Lender, as owner of the TIFIA Bonds, and of the owners of the Other Second Tier Junior Obligations (to the extent set forth in any Series Resolution authorizing the Other Second Tier Junior Obligations) and is empowered to exercise all the rights and powers conferred herein on the Bondowners' Trustee.

(ii) The Bondowners' Trustee may, upon the occurrence of an Event of Default with respect to any Funded MCA Project and during the continuance thereof, take such steps and institute such suits, actions or other proceedings in its own name, or as trustee, all as it may deem appropriate for the protection and enforcement of the rights of the TIFIA Lender and the owners of the Other Second Tier Junior Obligations to collect any amounts due and owing by the Borrower and pledged to the TIFIA Bonds and the Other Second Tier Junior Obligations, or to obtain other appropriate relief, and may enforce the specific performance of any covenant, agreement or condition contained in this Agreement or any other TIFIA MCA Document; provided that upon the occurrence of an Event of Default, payment of the TIFIA Bonds and the Other Second Tier Junior Obligations shall not be subject to acceleration (not including any indirect acceleration of the maturity thereof (A) through reimbursement obligations to the provider of a Credit Facility occurring as a result of a mandatory tender for purchase thereof or (B) as a result of revised amortization requirements and/or increased interest rates following an optional or mandatory tender for purchase thereof) except, as to the TIFIA Bonds, to the extent contemplated by Section 13(l). For the avoidance of doubt, as used in this clause (ii) and in Section 13(l), "acceleration" does not include any indirect acceleration of the maturity of Second Tier Junior Obligations (i) through reimbursement obligations to the provider of a Credit Facility occurring as a result of a mandatory tender for purchase thereof or (ii) as a result of revised amortization requirements and/or increased interest rates following an optional or mandatory tender for purchase thereof. Any action, suit or other proceedings instituted by the Bondowners' Trustee shall be brought in its name as trustee for the TIFIA Lender and the owners of the Other Second Tier Junior Obligations and all such rights of action upon or under the TIFIA Bonds or the provisions of this Agreement and the other TIFIA MCA Documents may be enforced by the Bondowners' Trustee without the possession of the TIFIA Bonds and without the production of the same at any trial or proceedings relative thereto except where otherwise required by applicable law. The TIFIA Lender, by taking and holding the TIFIA Bonds, shall be conclusively deemed irrevocably to appoint the Bondowners' Trustee the true and lawful trustee of the TIFIA Lender, with authority to institute any such action, suit or proceeding; to receive as trustee and deposit in trust any sums becoming distributable on account of the TIFIA Bonds; to execute any paper or documents for the receipt of such money, and to do all acts with respect thereto that the TIFIA Lender might have done in person. Nothing in this Section 16(h) shall be deemed to authorize or empower the Bondowners' Trustee to consent to accept or adopt, on behalf of the TIFIA Lender, any plan or reorganization or adjustment affecting the TIFIA Bonds or any right of the TIFIA Lender, or to authorize

or empower the Bondowners' Trustee to vote the claims of the TIFIA Lender in any receivership, insolvency, liquidation, bankruptcy, reorganization or other proceeding to which the Borrower shall be a party.

(iii) The Borrower agrees that if an Event of Default shall have occurred and be continuing, the books of record and account of the Borrower shall at all times be subject to the inspection and use of the Bondowners' Trustee and the TIFIA Lender. The Borrower agrees that if an Event of Default with respect to any Funded MCA Project shall have occurred and be continuing, the Borrower will continue to account, as a trustee of an express trust, for all Pledged Taxes and other accounts pledged under the TIFIA Loan Documents related to such Funded MCA Project (including the TIFIA Debt Service Account, the TIFIA Reserve Account, the Revenue Sharing Account and each Construction Account related to such Funded MCA Project).

(iv) The Borrower agrees that if an Event of Default with respect to any Funded MCA Project shall have occurred and shall not have been remedied, the Borrower, upon demand of the Bondowners' Trustee, shall pay over to the Bondowners' Trustee (A) forthwith, all amounts in the TIFIA Debt Service Account, TIFIA Reserve Account, and any project account created for the deposit of proceeds of the TIFIA Loan for such Funded MCA Project, which amounts shall be held and applied solely for the benefit of the TIFIA Lender, and (B) as promptly as practicable after receipt thereof, all Pledged Taxes subsequently received by the Borrower and pledged under the TIFIA Loan Documents related to such Funded MCA Project, subject to the prior charge thereon in favor of the owners of the Prior Bonds, the Parity Bonds and the First Tier Junior Obligations, and further subject to any deposits and payments required to be made under Section 2 of the Prior Bond Resolution and Section 4 of the Parity Bond Resolution. Upon the occurrence and during the continuation of an Event of Default related to a Funded MCA Project, the Pledged Taxes and other funds received by the Bondowners' Trustee pursuant to the provisions of the preceding paragraph shall be applied by the Bondowners' Trustee first, to the payment of the reasonable and proper charges, expenses and liabilities paid or incurred by the Bondowners' Trustee and second, in accordance with the provisions of Section 5. In the event that at any time the funds held by the Bondowners' Trustee shall be insufficient for the payment of the principal of, premium, if any, and interest then due on the TIFIA Bonds and the Other Second Tier Junior Obligations, such funds and all Pledged Taxes received or collected for the benefit or for the account of the TIFIA Lender and the owners of the Other Second Tier Junior Obligations by the Bondowners' Trustee shall be applied as follows (provided, that all amounts held by the Bondowners' Trustee derived from the TIFIA Debt Service Account, the TIFIA Reserve Account and any project fund created for the deposit of proceeds of the TIFIA Loan related to such Funded MCA Project, together with the proceeds of the investment thereof, shall be applied solely to pay TIFIA Debt Service on each applicable TIFIA Loan):

First, to the payment to the TIFIA Lender and the owners of the Other Second Tier Junior Obligations of all installments of interest then due (including, without limitation, interest that is required to be capitalized in accordance with the terms of each TIFIA Loan Agreement) in the order of the maturity of such installments,

earliest maturities first, and, if the amount available shall not be sufficient to pay in full any installment or installments or interest maturing on the same date, then to the payment thereof ratably, according to the amounts due thereon, without any discrimination or preference; and

Second, to the payment to the TIFIA Lender and the owners of the Other Second Tier Junior Obligations of the unpaid principal (excluding the portion of the unpaid principal constituting capitalized interest to the extent included as interest then due under clause First above) and premium, if any, of the TIFIA Bonds and the Other Second Tier Junior Obligations which shall have become due, whether at maturity or by call for redemption, in the order of their due dates, earliest maturities first, and, if the amount available shall not be sufficient to pay in full the amount due on any date, then to the payment thereof ratably, according to the amounts of principal and premium, if any, due on such date, without any discrimination or preference.

(v) If and whenever all outstanding principal of, premium, if any, and accrued and unpaid interest on the TIFIA Bonds and the Other Second Tier Junior Obligations which shall then be payable, together with the reasonable and proper charges, expenses and liabilities of the Bondowners' Trustee, the TIFIA Lender and the owners of the Other Second Tier Junior Obligations, their respective agents, consultants and attorneys, and all other sums payable by the Borrower under this Agreement, the other TIFIA MCA Documents and each Series Resolution authorizing the Other Second Tier Junior Obligations, shall either be paid in full in cash by or for the account of the Borrower, or provision satisfactory to the Bondowners' Trustee shall be made for such payment, provided that if any and all Events of Default with respect to any Funded MCA Project that may have occurred under the TIFIA Bond and the TIFIA Loan Documents related to such Funded MCA Project and any and all events of default under each Series Resolution authorizing the Other Second Tier Junior Obligations shall have been waived in writing in accordance with the TIFIA Loan Document related to such Funded MCA Project or each such Series Resolution authorizing the Other Second Tier Junior Obligations, as applicable, then the Bondowners' Trustee shall pay over to the Borrower all money then remaining unexpended and held by the Bondowners' Trustee. All such funds shall thereafter be applied as provided in this Agreement and each Series Resolution authorizing the Other Second Tier Junior Obligations. No such payment over to the Borrower by the Bondowners' Trustee or resumption of the application of Pledged Taxes as provided in this Agreement shall extend to or affect any subsequent Event of Default with respect to any Funded MCA Project or impair any right consequent thereon.

(vi) No remedy granted in this Agreement or any other TIFIA MCA Document to the Bondowners' Trustee or the TIFIA Lender is intended to be exclusive of any other remedy, but each such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement, any other TIFIA MCA Document or existing at law or in equity on or after the date of this Agreement.

SECTION 17. Accounting and Audit Procedures; Inspections; Reports and Records.

(a) The Borrower shall establish fiscal controls and accounting procedures sufficient to assure proper accounting for all MCA Project-related transactions (including collection of Pledged Taxes, and TIFIA Loans requisitions received and disbursements made with regard to each Funded MCA Project), so that audits may be performed to ensure compliance with and enforcement of this Agreement and each other TIFIA MCA Document. The Borrower shall use accounting, audit and fiscal procedures conforming to GAAP, including, with respect to the TIFIA Loans, accounting of principal and interest payments, disbursements, prepayments and calculation of interest and principal amounts outstanding.

(b) So long as any of the TIFIA Loans or any portion thereof shall remain outstanding and until five (5) years after all of TIFIA Loans shall have been paid in full, the TIFIA Lender shall have the right, upon reasonable prior notice, to visit and inspect any of the locations or properties of the Borrower, to examine its books of account and records, to make copies and extracts therefrom at the Borrower's expense, and to discuss the Borrower's affairs, finances and accounts with, and to be advised as to the same by, its officers and employees and its independent public accountants (and by this provision the Borrower irrevocably authorizes its independent public accountants to discuss with the TIFIA Lender the affairs, finances and accounts of the Borrower, whether or not any representative of the Borrower is present, it being understood that nothing contained in this Section 17(b) is intended to confer any right to exclude any such representative from such discussions), all at such reasonable times and intervals as the TIFIA Lender may desire. The Borrower agrees to pay all out-of-pocket expenses incurred by the TIFIA Lender in connection with the TIFIA Lender's exercise of its rights under this Section 17(b) at any time when an Event of Default shall have occurred and be continuing.

(c) The Borrower shall maintain and retain all files relating to each of the MCA Projects, the TIFIA Loans and Pledged Taxes until five (5) years after the later of the date on which (i) all rights and duties hereunder and under the TIFIA Bonds (including payments) have been fulfilled and any required audits have been performed and (ii) any litigation relating to any MCA Project, the TIFIA Loans, Pledged Taxes, this Agreement or any other TIFIA MCA Document is finally resolved or, if the TIFIA Lender has reasonable cause to extend such date, a date to be mutually agreed upon by the TIFIA Lender and the Borrower. The Borrower shall provide to the TIFIA Lender in a timely manner all records and documentation relating to each MCA Project or Pledged Taxes that the TIFIA Lender may reasonably request from time to time.

(d) The Borrower shall provide to the TIFIA Lender, promptly after the sending or receipt thereof, copies of (i) final ratings presentations sent to, and any notices, reports or other written materials (other than those that are ministerial in nature) received from, any Nationally Recognized Rating Agency that has provided, or is being requested to provide, a rating with respect to the MCA Projects or on any indebtedness of the Borrower that is or will be secured by or paid from Pledged Taxes, and (ii) all notices and other written communications, other than those that are non-substantive or ministerial in nature, received by it from the trustee or any bondholder under the Bond Documents, and (iii) all reports, notices and other written materials, other than those that are non-substantive or ministerial in nature, required to be sent to the trustee or any bondholder under the Bond Documents, including all such notices, other than those that are non-substantive or ministerial in nature, relating to the Bonds or any of the Principal Project Contracts; unless, in each case, the TIFIA Lender notifies the Borrower that any such reports, notices and/or other written materials no longer need to be provided.

(e) The Borrower shall have a single or program-specific audit conducted in accordance with 2 C.F.R. Part 200 Subpart F and 31 U.S.C. § 7502 in 2016 and annually thereafter, except to the extent biennial audits are permitted for the Borrower pursuant to 2 C.F.R. § 200.504 and 31 U.S.C. § 7502(b). Upon reasonable notice, the Borrower shall cooperate fully in the conduct of any periodic or compliance audits conducted by the TIFIA Lender, the USDOT, or designees thereof, pursuant to 49 C.F.R. § 80.19, 31 U.S.C. § 7503(b), or 31 U.S.C. § 6503(h) and shall provide full access to any books, documents, papers or other records that are pertinent to each Funded MCA Project or the TIFIA Loans, to the Secretary, or the designee thereof, for any such project or programmatic audit.

SECTION 18. Financial Plan, Statements, and Reports.

(a) The Borrower shall provide to the TIFIA Lender and the FTA Regional Office (i) within sixty (60) days after the initial Loan Agreement Effective Date, a Financial Plan and (ii) within sixty (60) days after each subsequent Loan Agreement Effective Date, an addendum to the Financial Plan reflecting the Funded MCA Project that closed on each such Loan Agreement Effective Date. No later than ninety (90) days after the beginning of each Borrower Fiscal Year occurring after such initial Loan Agreement Effective Date, the Borrower shall submit to the TIFIA Lender an updated Financial Plan. The Financial Plan submitted within sixty (60) days after each such Loan Agreement Effective Date should be consistent in all respects with the projections, assumptions and other information contained or reflected in the Base Case Financial Model then in effect. The initial and each subsequent Financial Plan delivered hereunder in connection with each Funded MCA Project through the Substantial Completion Date for each such Funded MCA Project shall be subject to approval by the TIFIA Lender. The TIFIA Lender will consolidate all prior Financial Plans for each such Funded MCA Project, both before and after the Substantial Completion Date for such Funded MCA Project, and approve the same.

(i) The Financial Plan shall be in a form and substance satisfactory to the TIFIA Lender and shall meet the FTA Project Management Oversight Regulations, as amended from time to time, and shall be in form and substance satisfactory to the TIFIA Lender and the FTA Regional Office.

(ii) The Financial Plan shall include: (A) a certificate signed by the Borrower's Authorized Representative to the effect that the Financial Plan, including the assumptions and supporting documentation, is accurate and reasonable to the best of the Borrower's knowledge and belief; (B) a certificate signed by the Borrower's Authorized Representative demonstrating that annual projected Pledged Taxes shall be sufficient to meet the Loan Amortization Schedule in respect of each Funded MCA Project; (C) an electronic copy of an Updated Base Case Financial Model for the period from inception thereof through the Final Maturity Date of each TIFIA Loan for each Funded MCA Project, in substantially the form heretofore provided to the TIFIA Lender, based upon assumptions and projections with respect to the Pledged Taxes, expenses and other financial aspects of each Funded MCA Project which shall reflect the prior experience and current status of each such Funded MCA Project, and the expectations of the Borrower with respect to each Funded MCA Project, as of the most recent practicable date prior to the delivery of such Updated Base Case Financial Model; and (D) a

certificate of the Borrower's Authorized Representative indicating whether or not a Revenue Sharing Trigger Event has occurred.

(iii) With respect to the Funded MCA Projects, for the period through Substantial Completion of each such Funded MCA Project, the Financial Plan shall: (A) provide the current estimate of the Total Project Costs, the Eligible Project Costs and the remaining cost to complete each Funded MCA Project, identify any significant cost changes since the previous Financial Plan delivered in connection with the Funded MCA Projects, discuss reasons for and implications of the cost changes, and include a summary table showing the history of Total Project Costs by major activity or Standard Cost Category since the latest Base Case Financial Model delivered to the TIFIA Lender and since the preceding Financial Plan; (B) provide the current schedule and implementation plan for completing each such Funded MCA Project, including the Projected Substantial Completion Date thereof; (C) identify major milestones for each phase of such Funded MCA Project and compare current milestone dates with milestone dates in the latest Base Case Financial Model delivered to the TIFIA Lender and since the preceding Financial Plan, and discuss reasons for changes in such milestones; (D) provide current estimates of sources and uses of funds for each such Funded MCA Project, identify any significant funding changes since the preceding Financial Plan, discuss reasons for and implications of the funding changes, and include a summary table showing the history of funding for each such Funded MCA Project since the latest Base Case Financial Model delivered to the TIFIA Lender and since the preceding Financial Plan; (E) provide an updated cash flow schedule showing annual cash needs versus available revenue and funding to meet those needs and identify any potential revenue and funding shortfalls, and addressing contingency measures that will or may be taken to address any shortfalls; (F) based on the updated cash flow schedule, provide projected debt service coverage ratios for any Prior Bonds, Parity Bonds, First Tier Junior Obligations, other Second Tier Junior Obligations and the TIFIA Bonds through the Final Maturity Date thereof; (G) provide cost containment strategies and risk mitigation plans that have been or may be implemented to address factors that are affecting or could affect the scheduled completion or financial viability of each such Funded MCA Project; (H) provide the total value of approved changes in design or scope of each such Funded MCA Project, and provide a listing of each individual change valued at \$5,000,000 or more, setting forth the rationale or need for the proposed change and describing the impact of such change on each such Funded MCA Project; (I) contain, in form and substance satisfactory to the TIFIA Lender, a written narrative report on the progress of design, permitting, acquisition and construction of each such Funded MCA Project since the latest Base Case Financial Model delivered to the TIFIA Lender and since the preceding Financial Plan, describing in reasonable detail all significant activities concerning the status of each such Funded MCA Project, including any adjustment to the Projected Substantial Completion Date thereof and any material matters that may affect the future performance of the Borrower's obligations under this Agreement and the other TIFIA MCA Documents and the causes thereof; and (J) comply in all respects with FTA Project Management Oversight Regulations.

(iv) With respect to the Funded MCA Projects, for the period following Substantial Completion of each such Funded MCA Project until repayment of the TIFIA

Loan related thereto in full, the Financial Plan shall: (A) provide an updated cash flow schedule showing annual cash inflows (Pledged Taxes, interest and other income) and outflows (Operations and Maintenance Expenses, Capital Expenditures, Annual Bond Debt Service for all Bonds, TIFIA Debt Service for each TIFIA Loan (whether or not required to be paid pursuant to the applicable provisions of the TIFIA Loan Agreement related thereto), replenishment of reserves and other uses) with a narrative identifying any potential revenue or funding shortfall and discussing contingency measures that will or may be taken to address any shortfalls; (B) provide current and estimated amounts of Pledged Taxes received and the amounts deposited into each of the accounts and subaccounts established under the TIFIA MCA Master Resolution and the amount disbursed from such funds and accounts and the balance in each of the funds and accounts; (C) provide an updated schedule of actual and projected Pledged Taxes, showing actual and projected debt service coverage ratios for the Prior Bonds, Parity Bonds, First Tier Junior Obligations, the TIFIA Bonds and other Second Tier Junior Obligations; and (D) include a written narrative report explaining any variances in costs or revenues since the latest Base Case Financial Model delivered to the TIFIA Lender and the preceding Financial Plan and describing in reasonable detail any material matters that may affect the future performance of the Borrower's obligations under this Agreement and each other TIFIA MCA Document and the causes thereof to include operational contracts and third-party transactions.

(b) With respect to each Funded MCA Project, for the period through Substantial Completion thereof, the Borrower shall provide the TIFIA Lender with written notification at least thirty (30) days prior to instituting any increase or decrease of the Total Project Costs for such Funded MCA Project in an amount equal to or greater than ten percent (10%) of the Total Project Costs for such Funded MCA Project, which notification shall set forth the nature of the proposed increase or decrease and an estimate of the impact of such increase or decrease on the capital costs and operating costs of such Funded MCA Project, and the Financial Plan related thereto. The Borrower's notice shall demonstrate that the proposed increase or decrease is consistent with the provisions of this Agreement and each other applicable TIFIA MCA Document, is necessary or beneficial to such Funded MCA Project and does not materially impair the TIFIA Lender's security or the Borrower's ability to comply with its obligations under the Related Documents, including any financial ratios or covenants included therein.

(c) The Borrower shall furnish to the TIFIA Lender:

(i) As soon as available, but no later than sixty (60) days after the end of the first, second and third quarterly period of each Borrower Fiscal Year, an unaudited statement of net position of the Borrower as of the end of such period and the related unaudited statement of revenues, expenses and changes in net position of the Borrower for such period and for the portion of the Borrower Fiscal Year through the end of such period, setting forth in each case in comparative form the figures for the previous period, certified by the Borrower's Chief Executive Officer or Chief Financial Officer, fairly stating in all material respects the financial condition of the Borrower as at the end of such period and the results of its operations for such period (subject to normal year-end audit adjustments); and

(ii) As soon as available, but no later than one hundred eighty (180) days after the end of each Borrower Fiscal Year, a copy of the audited statement of net position of the Borrower as of the end of such Borrower Fiscal Year and the related audited statement of revenues, expenses and changes in net position and statement of cash flow of the Borrower for such Borrower Fiscal Year, setting forth in each case in comparative form the figures for the previous Borrower Fiscal Year, certified without a “going concern” or like qualification or exception, or qualification as to the scope of the audit, by an independent public accounting firm selected by the Borrower and which is reasonably acceptable to the TIFIA Lender and the FTA Regional Office.

(d) All such Financial Statements with respect to the Borrower shall be complete and correct in all material respects and shall be prepared in reasonable detail and in accordance with GAAP applied consistently throughout the periods reflected therein (except for changes approved or required by the independent public accountants certifying such statements and disclosed therein).

(e) The Borrower shall furnish to the TIFIA Lender, together with each delivery of annual audited or interim unaudited Financial Statements of the Borrower pursuant to Section 18(c), a certificate signed by the Borrower’s Chief Executive Officer or Chief Financial Officer, stating whether or not, to the Borrower’s knowledge, during the quarterly or annual period (as the case may be) covered by such Financial Statements, there occurred any Event of Default or event which, with notice or lapse of time or both, would become an Event of Default, and, if any such Event of Default or other event shall have occurred during such period, the nature of such Event of Default or other event and the actions that the Borrower has taken or intends to take in respect thereof.

(f) On each Ratio Calculation Date after the initial date on which debt service is required to be paid in respect of any TIFIA Loans, the Borrower shall furnish to the TIFIA Lender a certificate, in form and substance satisfactory to the TIFIA Lender and signed by the Borrower’s Authorized Representative, certifying to the Debt Service Coverage Ratio and the Revenue Coverage Ratio for the Calculation Period ending on the preceding Semi-Annual Payment Date.

SECTION 19. Project Oversight and Monitoring.

(a) Project Development, Design and Construction. The TIFIA Lender shall have the right in its sole discretion to monitor (or direct its agents to monitor) the development, including environmental compliance, design, right-of-way acquisition and construction of each Funded MCA Project. Oversight of the development, environmental compliance, design, right-of-way acquisition and construction monitoring of each Funded MCA Project shall be conducted pursuant to the FTA Project Management Oversight Regulations, and related published guidance, which may be amended from time to time. The Borrower agrees to cooperate in good faith with the TIFIA Lender and FTA Regional Office in the conduct of such monitoring by promptly providing the TIFIA Lender and the FTA Regional Office with such reports, documentation or other information as shall be requested by the TIFIA Lender, and/or FTA Regional Office or its agents, including any independent engineer reports, documentation or information.

(b) Reporting. With respect to each Funded MCA Project, the Borrower shall furnish:

(i) Monthly Progress Report on each Funded MCA Project. To the TIFIA Lender, for each calendar month during the Construction Period for such Funded MCA Project, a report executed by a Borrower's Authorized Representative, on or before the 15th day of the second (2nd) calendar month succeeding such calendar month covered by the report, that (A) specifies the amount of Total Project Costs for such Funded MCA Project expended since the Loan Agreement Effective Date as well as during the calendar month covered by such report and the amount of Total Project Costs estimated to be required to complete such Funded MCA Project, (B) provides a demonstration that the Borrower has sufficient funds (including funds on hand and funds obtainable without undue delay or conditions that cannot reasonably be satisfied by the Borrower as and when such funds are needed) to complete such Funded MCA Project, (C) provides an assessment of the overall construction progress of such Funded MCA Project since the date of the last report and since the Loan Agreement Effective Date of such Funded MCA Project, together with an assessment of how such progress compares to the Construction Schedule for such Funded MCA Project, (D) reviews the status of Principal Project Contracts related to such Funded MCA Project, (E) specifies the Projected Substantial Completion Date specified in the Financial Plan most recently approved by the TIFIA Lender for such Funded MCA Project, (F) provides a detailed description of all material problems (including actual and anticipated cost and/or schedule overruns, if any) encountered or anticipated in connection with the construction of such Funded MCA Project since the date of the last report, together with an assessment of how such problems may impact the Construction Schedule thereof and the meeting of critical dates thereunder and a detailed description of the proposed solutions to any such problems, (G) specifies the delivery status of major equipment and the effect, if any, that the anticipated delivery dates of such equipment has on the overall Construction Schedule for such Funded MCA Project, (H) specifies any proposed or pending change orders, (I) specifies any material changes or deviations from the Borrower's land procurement plans or schedule, and (j) provides a discussion or analysis of such other matters related to such Funded MCA Project as the TIFIA Lender may reasonably request. The Borrower shall respond, and use commercially reasonable efforts to cause the Construction Contractors for such Funded MCA Project to respond, to the TIFIA Lender's inquiries regarding such report, the construction of such Funded MCA Project and any such Construction Contractor's performance of its obligations under the Principal Construction Contract to which it is a party.

(ii) Construction Contractor Reports. To the TIFIA Lender and the FTA Regional Office, upon request, from and after the Loan Agreement Effective Date and through the term of the Construction Period for each Funded MCA Project, promptly after receipt thereof (but in no event later than thirty (30) days after such receipt), a copy of each report delivered by each Construction Contractor to the Borrower pursuant to the Construction Contract for such Funded MCA Project to which it is a party.

(iii) Recovery Plan. To the TIFIA Lender and the FTA Regional Office, in the event that the monthly construction progress report described in clause (i)

above or any progress report issued pursuant to the FTA Project Management Oversight Regulations indicates the likelihood of either (A) a failure to maintain the Construction Schedule for such Funded MCA Project, including a failure to achieve the Substantial Completion of such Funded MCA Project by the Projected Substantial Completion Date for such Funded MCA Project or (B) a failure to maintain the Eligible Project Costs of such Funded MCA Project within a five percent (5%) variance of the Project Budget for such Funded MCA Project, or both, then the Borrower shall notify the FTA Regional Office and the TIFIA Lender of such failure and shall, upon request by the FTA Regional Office or the TIFIA Lender, as applicable, provide the TIFIA Lender and FTA Regional Office, within thirty (30) days of receipt of such request, a Recovery Plan for review and acceptance by the TIFIA Lender and the FTA Regional Office. Once the Recovery Plan is accepted in accordance with the terms hereof, the Borrower shall make a good faith effort to implement the Recovery Plan and shall report on progress in the monthly progress report delivered pursuant to clause (i) above and shall document results in the annual Financial Plan for such Funded MCA Project.

(c) Project Operations. With respect to each Funded MCA Project, for the period following the Substantial Completion Date thereof, the TIFIA Lender shall have the right, in its sole discretion, to monitor (or direct its agents to monitor) such Funded MCA Project's operations and, as the TIFIA Lender may request from time to time, to receive reporting on the operation and management of such Funded MCA Project and copies of any contracts relating to the operation, maintenance and safety services for such Funded MCA Project. The TIFIA Lender agrees to consult with the FTA Regional Office prior to requiring reporting on the operation and management of such Funded MCA Project. The Borrower agrees to cooperate in good faith with the TIFIA Lender in the conduct of such monitoring by promptly providing the TIFIA Lender with such reports, documentation, or other information requested by the TIFIA Lender. The TIFIA Lender has the right, in its sole discretion, to retain a financial oversight advisor in accordance with applicable federal procurement laws, under a contract with the TIFIA Lender, to carry out the provisions of this Section and the full cost of such monitoring shall be borne by the Borrower. Any costs incurred by the TIFIA Lender for such monitoring, including the cost of any financial oversight advisor, shall be promptly reimbursed by the Borrower upon demand therefor in the form of an invoice reasonably acceptable to the Borrower.

SECTION 20. No Personal Recourse. No official, employee or agent of the TIFIA Lender or the Borrower or any Person executing this Agreement or any of the other TIFIA MCA Documents shall be personally liable on this Agreement or such other TIFIA MCA Documents by reason of the issuance, delivery or execution hereof or thereof.

SECTION 21. No Third Party Rights. The parties hereby agree that neither this Agreement nor any other TIFIA MCA Document creates any third party rights against the Borrower, the Government, the TIFIA Lender or FTA, solely by virtue of any of the TIFIA Loans, and the Borrower agrees to indemnify and hold the TIFIA Lender, FTA, the Servicer (if any), the Executive Director and the Government harmless, to the extent permitted by law and in accordance with Section 14, from any lawsuit or claim arising in law or equity solely by reason of the TIFIA Loans, and that no third party creditor or creditors of the Borrower shall have any right against the TIFIA Lender with respect to the TIFIA Loans made pursuant to this Agreement and each other TIFIA MCA Document.

SECTION 22. Borrower's Authorized Representative. The Borrower shall at all times have appointed a Borrower's Authorized Representative by designating the Chief Executive Officer or Chief Financial Officer of the Borrower (or such other Person or Persons as may be designated from time to time by resolution of the Board) to act on the Borrower's behalf pursuant to a written certificate furnished to the TIFIA Lender and the Servicer, if any, containing the specimen signature or signatures of such Person or Persons and signed by the Borrower.

SECTION 23. TIFIA Lender's Authorized Representative.

(a) The TIFIA Lender shall at all times have appointed the TIFIA Lender's Authorized Representative by designating such Person or Persons from time to time to act on the TIFIA Lender's behalf pursuant to a written certificate furnished to the Borrower and the Servicer, if any, containing the specimen signature or signatures of such Person or Persons and signed by the TIFIA Lender.

(b) Pursuant to the delegation of authority, dated July 20, 2016, from the Secretary to the Under Secretary of Transportation for Policy, the further delegation of authority, dated July 20, 2016, from the Under Secretary of Transportation for Policy to the Executive Director of the Build America Bureau, and the further delegation of authority, dated August 31, 2016 (the "**Delegation**"), the Director of the Credit Office of the Build America Bureau has been delegated the authority to enter into contracts and sign all contractual and funding documents (with the exception of the term sheets and credit agreements) necessary to implement the Act, including entering into technical amendments to, and restatements of, term sheets and credit agreements that do not materially impair the credit quality of the revenues pledged to repay the TIFIA Lender. Pursuant to the Delegation, the Director of the Credit Office of the Build America Bureau may act and serve as the TIFIA Lender's Authorized Representative under this Agreement and each other TIFIA MCA Document, in addition to the Executive Director of the Build America Bureau for the purposes set forth herein.

SECTION 24. Servicer. The TIFIA Lender may from time to time designate an entity or entities to perform, or assist the TIFIA Lender in performing, the duties of the Servicer or specified duties of the TIFIA Lender under this Agreement, each other TIFIA MCA Document and each TIFIA Bond. The TIFIA Lender shall give the Borrower written notice of the appointment of any successor or additional Servicer and shall enumerate the duties or any change in duties to be performed by any Servicer. Any references in this Agreement or any other TIFIA MCA Document to the TIFIA Lender shall be deemed to be a reference to the Servicer with respect to any duties which the TIFIA Lender shall have delegated to such Servicer. The TIFIA Lender may at any time assume the duties of any Servicer under this Agreement and each other TIFIA MCA Document and each TIFIA Bond. The Borrower shall cooperate and respond to any reasonable request of the Servicer for information, documentation or other items reasonably necessary for the performance by the Servicer of its duties hereunder.

SECTION 25. Fees and Expenses.

(a) With respect to each Funded MCA Project, commencing in the Federal Fiscal Year ("**FFY**") occurring immediately after the Loan Agreement Effective Date for such

Funded MCA Project and continuing thereafter each year throughout the term of the TIFIA Loan Agreement for such Funded MCA Project, the Borrower shall pay to the TIFIA Lender a loan servicing fee for such Funded MCA Project on or before the fifteenth (15th) of November. The TIFIA Lender shall establish the amount of this annual fee, and the TIFIA Lender or the Servicer, if any, shall notify the Borrower of the amount, at least thirty (30) days before payment is due.

(b) In establishing the amount of the fee, the TIFIA Lender will adjust the previous year's base amount in proportion to the percentage change in CPI. For the FFY 2018 calculation, the TIFIA Lender will use the FFY 2017 base amount of \$13,000, which applies to other TIFIA borrowers, as the previous year's base amount. The TIFIA Lender shall calculate the percentage change in the CPI, before seasonal adjustment, from August of the previous year to August of the current year and shall then adjust the previous year's base amount in proportion to the CPI percentage change. To calculate the amount of the fee, the TIFIA Lender shall round the current year's base amount using increments of \$500. Results with the ending integers between 250-499 or between 750-999 shall be rounded upward, and results with the ending integers between 001-249 or between 501-749 shall be rounded downward. The CPI adjustments in the following years shall begin with the base amount, not the rounded fee.

(c) The Borrower agrees, whether or not the transactions hereby contemplated shall be consummated, to reimburse the TIFIA Lender on demand from time to time, within thirty (30) days after receipt of any invoice from the TIFIA Lender, for any and all fees, costs, charges and expenses incurred by it (including the reasonable fees, costs and expenses of its legal counsel, financial advisors, auditors and other consultants and advisors, such reasonableness determined in accordance with Part 31 of the Federal Acquisition Regulation) in connection with the negotiation, preparation, execution, delivery and performance of this Agreement and the other TIFIA MCA Documents and the transactions hereby and thereby contemplated, including reasonable attorneys' and engineers' fees and professional costs, including all such fees, costs and expenses incurred as a result of or in connection with:

(i) the enforcement of or attempt to enforce any provision of this Agreement or any of the other TIFIA MCA Documents;

(ii) any amendment, modification or requested amendment or modification of, waiver, consent or requested waiver or consent under or with respect to, or the protection or preservation of any right or claim under, this Agreement, or any other Related Document, or advice in connection with the administration, preservation in full force and effect and enforcement of this Agreement or any other Related Document or the rights of the TIFIA Lender hereunder or thereunder; and

(iii) any work-out, restructuring or similar arrangement of the obligations of the Borrower under this Agreement or the other TIFIA MCA Documents, including during the pendency of one or more Events of Default.

The obligations of the Borrower under this Section shall survive the payment or prepayment in full or transfer of the TIFIA Bonds, the enforcement of any provision of this Agreement or the

other TIFIA MCA Documents, any such amendments, waivers or consents, any Event of Default, and any such workout, restructuring or similar arrangement.

SECTION 26. Amendments and Waivers. No amendment, modification, termination or waiver of any provision of this Agreement or any other TIFIA MCA Document shall in any event be effective without the written consent of each of the parties hereto and thereto.

SECTION 27. Governing Law. This Agreement shall be governed by the federal laws of the United States of America if and to the extent such federal laws are applicable and the internal laws of the State, if and to the extent such federal laws are not applicable.

SECTION 28. Severability. In case any provision in or obligation under this Agreement or any other TIFIA MCA Document shall be invalid, illegal or unenforceable in any jurisdiction, the validity, legality and enforceability of the remaining provisions or obligations, or of such provision or obligation in any other jurisdiction, shall not in any way be affected or impaired thereby.

SECTION 29. Successors and Assigns. This Agreement and each other TIFIA MCA Document shall be binding upon the parties hereto and their respective permitted successors and assigns and shall inure to the benefit of the parties hereto and their permitted successors and assigns. Neither the Borrower's rights or obligations hereunder or thereunder nor any interest herein or therein may be assigned or delegated by the Borrower without the prior written consent of the TIFIA Lender.

SECTION 30. Remedies Not Exclusive. No remedy conferred herein or in any other TIFIA MCA Document or reserved to the TIFIA Lender is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute.

SECTION 31. Delay or Omission Not Waiver. No delay or omission of the TIFIA Lender to exercise any right or remedy provided hereunder or under any other TIFIA MCA Document upon a default of the Borrower (except a delay or omission pursuant to a written waiver) shall impair any such right or remedy or constitute a waiver of any such default or acquiescence therein. Every right and remedy given by this Agreement, each other TIFIA MCA Document or by law to the TIFIA Lender may be exercised from time to time, and as often as may be deemed expedient by the TIFIA Lender.

SECTION 32. Counterparts. This Agreement and any amendments, waivers, consents or supplements hereto or in connection herewith may be executed in any number of counterparts and by the different parties hereto in separate counterparts, each of which when so executed and delivered shall be deemed an original, but all such counterparts together shall constitute one and the same instrument; signature pages may be detached from multiple separate counterparts and attached to a single counterpart so that all signature pages are physically attached to the same document.

SECTION 33. Notices; Payment Instructions. Notices hereunder and under each other TIFIA MCA Document shall be (a) in writing, (b) effective as provided below and (c) given by (i) nationally recognized courier service, (ii) hand delivery, or (iii) email, in each case to:

SCHEDULE 10(f)
LIST OF LITIGATION MATTERS

1. The Authority has received a copy of a complaint drafted by an individual who alleges several violations by the State and the Authority regarding the ST3 measure. This complaint has not been filed with the court, but the individual made a statement during the public comment period of the November 29, 2016 Board Meeting threatening to file litigation in January 2017. The complaint seeks injunctive relief and alleges multiple constitutional and statutory violations including the following: (i) the State should have appropriated more taxes to education rather than appropriating more taxing authority to the Authority; (ii) the Expert Review Panel failed to meet some of its obligations; (iii) there was an error with the Conformity Report provided to the Puget Sound Regional Council; and (iv) the Authority failed to comply with statutory cost-effectiveness requirements. Upon consultation with legal counsel, the Authority has reasonably and in good faith determined such allegations to be without merit. The individual has filed multiple lawsuits against the Authority over the last 10 years. All have been dismissed by the court or abandoned.
2. On December 5, 2016, the Authority received from the State Attorney General's Office a copy of a Citizen Action Notice filed by the same individual referred to in paragraph 1. This individual alleges that officials of the Authority violated provisions of Chapter 42.17A RCW by using tax payer dollars to conduct all of wrongdoing described in the complaint referenced in paragraph 1. The individual claims that if the State Attorney General's office does not commence litigation to compel re-balloting of the ST3 measure on or before January 2, 2017, the individual will commence a citizen action as permitted by RCW 42.17A.765(4).
3. On December 1, 2016, the same individual referred to in paragraphs 1 & 2 above filed with the Authority an appeal of the Federal Way Link Extension Final Environmental Impact Statement released by the Authority on November 18, 2016. The appeal alleges numerous violations of State constitutional, statutory and administrative provisions, including allegations that: (i) sufficient alternatives were not studied; (ii) other alternatives are more reasonable and feasible; and (iii) environmental impacts have not been adequately addressed. The individual has filed multiple appeals challenging the adequacy of the environmental impact statement in other projects. The hearing examiner has ruled in Sound Transit's favor in all the earlier appeals.

If the Borrower intends to utilize the TIFIA Loan proceeds to make progress payments for the Project construction work performed under the Construction Agreements, the Borrower shall demonstrate to the satisfaction of the TIFIA Lender that such progress payments are commensurate with the value of the work that has been completed. Each disbursement of the TIFIA Loan shall be made pursuant to a requisition and certification (a “**Requisition**”) in the form set forth in **Appendix One** to **Exhibit C**, along with all documentation and other information required thereby, submitted by the Borrower to, and approved by, the TIFIA Lender, all in accordance with the procedures of **Exhibit C** and subject to the requirements of this Section 4 and the conditions set forth in Section 10(b); provided, however, that no disbursements of TIFIA Loan proceeds shall be made on or after the date that is one (1) year after the Substantial Completion Date of the Project.

Business Day of each month for which a disbursement is requested; provided, however, that the first (1st) Requisition shall be submitted not less than sixty (60) days prior to the anticipated date of the first disbursement of funds. Subject to Section 4(e), if the TIFIA Lender shall expressly approve a Requisition or shall not expressly deny a Requisition, disbursements of funds shall be made on the fifteenth (15th) day of the month for which a disbursement has been requested, or on the next succeeding Business Day if such fifteenth (15th) day is not a Business Day. Express TIFIA Lender approval or denial shall be substantially in the form annexed hereto as **Appendix Three to Exhibit C**. In no event shall disbursements be made more than once each month. At the time of any disbursement, the sum of all prior disbursements of TIFIA Loan proceeds and the disbursement then to be made shall not exceed the cumulative disbursements through the end of the then current calendar year set forth in the Anticipated TIFIA Loan Disbursement Schedule, as the same may be amended from time to time in accordance with the terms of this Agreement. Any scheduled disbursement (as reflected in the Anticipated TIFIA Loan Disbursement Schedule) that remains undrawn at the end of any year shall be available for disbursement in subsequent years, subject to the terms hereof, including Section 10(b).

(c) The Borrower may amend the Anticipated TIFIA Loan Disbursement Schedule by submitting a revised version thereof to the TIFIA Lender no later than thirty (30) days prior to the proposed effective date of such amendment, together with a detailed explanation of the reasons for such revisions. Such revised Anticipated TIFIA Loan Disbursement Schedule shall become effective upon the TIFIA Lender's approval thereof, which approval shall be granted in the TIFIA Lender's sole discretion.

(d) As a condition to each disbursement of the TIFIA Loan, the Borrower shall provide to the TIFIA Lender evidence satisfactory to the TIFIA Lender that, prior thereto or simultaneously therewith, a disbursement of other non-federal funds has occurred such that as of any such TIFIA Loan disbursement, the aggregate amount of all disbursements of the TIFIA Loan (including the requested disbursement but excluding any interest capitalized in accordance with the terms hereof) shall not exceed 33% of the total amount of reasonably anticipated Eligible Project Costs.

(e) If the Borrower intends to utilize the TIFIA Loan proceeds to repay or refinance any interim construction financing, the Borrower agrees that it shall deliver a copy of such Requisition reasonably in advance of the requested date of disbursement; provided however, that such Requisition otherwise shall also satisfy the requirements of this Section 4 and shall be in accordance with the procedures of **Exhibit C**.

SECTION 5. Term. The term of the TIFIA Loan shall extend from the Effective Date to the Final Maturity Date or to such earlier or later date as all amounts due or to become due to the TIFIA Lender hereunder have been irrevocably paid in full in cash.

SECTION 6. Interest Rate. The interest rate with respect to the Outstanding TIFIA Loan Balance (the "**TIFIA Interest Rate**") shall be [●] percent ([●]%) per annum. Interest will be computed on the Outstanding TIFIA Loan Balance (as well as on any past due interest) from time to time on the basis of a 365-day or 366-day year, as appropriate, for the actual number of days elapsed and will be compounded semi-annually; provided, however, in the event of a Payment Default, the Borrower shall pay interest on any overdue amount from (and including)

its due date to (but excluding) the date of actual payment at the Default Rate. Upon the occurrence of an Event of Default described in Section 16(a)(iii) or 16(a)(x) of the Master Credit Agreement, the interest rate on the Outstanding TIFIA Loan Balance shall be the Default Rate and shall continue to bear interest at such rate until, with respect to (a) an Event of Default described in Section 16(a)(iii) of the Master Credit Agreement, such Development Default has been cured or (b) an Event of Default described in Section 16(a)(x) of the Master Credit Agreement, the Outstanding TIFIA Loan Balance has been irrevocably paid in full in cash.

SECTION 7. Outstanding TIFIA Loan Balance and Revisions to Exhibit D and the Loan Amortization Schedule.

(a) The Outstanding TIFIA Loan Balance will be (i) increased on each occasion on which the TIFIA Lender disburses loan proceeds hereunder, by the amount of such disbursement of loan proceeds; (ii) increased on each occasion on which interest on the TIFIA Loan is capitalized pursuant to the provisions of Section 8(b), by the amount of interest so capitalized; and (iii) decreased upon each payment or prepayment of the Outstanding TIFIA Loan Balance, by the amount of principal so paid. The TIFIA Lender may in its discretion at any time and from time-to-time, or when so requested by the Borrower, advise the Borrower by written notice of the amount of the Outstanding TIFIA Loan Balance as of the date of such notice, and its determination of such amount in any such notice shall be deemed conclusive absent manifest error.

(b) The TIFIA Lender is hereby authorized to modify the Loan Amortization Schedule included in **Exhibit D** from time-to-time, in accordance with the principles set forth below in this clause (b), to reflect (i) any change to the Outstanding TIFIA Loan Balance; (ii) any change to the date and amount of any principal or interest due and payable or to become due and payable by the Borrower under this Agreement; and (iii) such other information as the TIFIA Lender may determine is necessary for administering the TIFIA Loan and this Agreement. Any calculations described above shall be rounded up to the nearest whole cent. Any partial prepayments of the Outstanding TIFIA Loan Balance pursuant to Section 7 of the Master Credit Agreement shall be applied in accordance with Section 9(c). Any adjustments or revisions to the Loan Amortization Schedule as a result of changes in the Outstanding TIFIA Loan Balance, other than prepayments, shall be applied to reduce future payments due on the TIFIA Bond in inverse order of maturity. Absent manifest error, the TIFIA Lender's determination of such matters as set forth on **Exhibit D** shall be conclusive evidence thereof; provided, however, that neither the failure to make any such recordation nor any error in such recordation shall affect in any manner the Borrower's obligations hereunder or under any other TIFIA Loan Document. The TIFIA Lender shall provide the Borrower with a copy of **Exhibit D** as revised, but no failure to provide or delay in providing the Borrower with such copy shall affect any of the obligations of the Borrower under this Agreement or the other TIFIA MCA Documents.

SECTION 8. Payment of Principal and Interest.

(a) Payment Dates. The Borrower agrees to pay the principal of and interest on the TIFIA Loan by making payments in accordance with the provisions of this Agreement and the other TIFIA Loan Documents on each Semi-Annual Payment Date, beginning on the Debt Service Payment Commencement Date, and on each other date (including the Final

Maturity Date) on which payment thereof is required to be made hereunder. For the avoidance of doubt, upon the occurrence of a Bankruptcy Related Event, interest on the TIFIA Loan shall no longer be capitalized and shall be due and payable in cash. Any payment in respect of the TIFIA Bond shall be treated as a payment in respect of the TIFIA Loan and any prepayment of principal in respect of the TIFIA Loan shall be treated as a redemption in respect of the TIFIA Bond.

(b) Capitalized Interest Period. No payment of the principal of or interest on the TIFIA Loan is required to be made during the Capitalized Interest Period. On each May 1 and November 1 occurring during the Capitalized Interest Period, interest accrued on the TIFIA Loan in the six (6)-month period ending immediately prior to such date shall be capitalized and added to the Outstanding TIFIA Loan Balance. Within thirty (30) days after the end of the Capitalized Interest Period, the TIFIA Lender shall give written notice to the Borrower stating the Outstanding TIFIA Loan Balance as of the close of business on the last day of the Capitalized Interest Period, which statement thereof shall be deemed conclusive absent manifest error; provided, however, that no failure to give or delay in giving such notice shall affect any of the obligations of the Borrower hereunder or under any of the other TIFIA Loan Documents.

(c) Payment of TIFIA Debt Service.

(i) On each Semi-Annual Payment Date occurring on or after the Debt Service Payment Commencement Date and prior to the Level Payment Commencement Date, the Borrower shall pay TIFIA Debt Service in the amounts set forth in respect of such Semi-Annual Payment Date on **Exhibit D** hereto, as the same may be revised as provided in Section 7, which payments shall be made in accordance with Section 8(e).

(ii) On each Semi-Annual Payment Date occurring on or after the Level Payment Commencement Date, the Borrower shall pay TIFIA Debt Service in the amount of one hundred percent (100%) of the Fixed Level Payment, which payments shall be made in accordance with Section 8(d) and Section 8(e).

(d) Fixed Level Payment. On each Semi-Annual Payment Date occurring during the Level Payment Period, the Borrower shall make level payments of principal and interest (each a “**Fixed Level Payment**”), each of which payments shall be approximately equal in amount. The amount of the Fixed Level Payment shall be calculated in such a manner that the Outstanding TIFIA Loan Balance as of the Level Payment Commencement Date shall be reduced to \$0 on the Final Maturity Date (assuming that interest accrues during such period on the Outstanding TIFIA Loan Balance at the rate per annum set forth in Section 6 in the absence of an Event of Default, that all Fixed Level Payments are made in a timely manner during such period, and that no additional payments of principal of or interest on the TIFIA Loan are made during such period). Within thirty (30) days prior to the beginning of the Level Payment Period, the TIFIA Lender may (or, at the written request of the Borrower, shall) give written notice to the Borrower of the amount of the related Fixed Level Payment, which amount shall be deemed conclusive absent manifest error, but no failure to provide or delay in providing the Borrower with such notice shall affect any of the obligations of the Borrower under this Agreement or the other TIFIA Loan Documents. To the extent that any prepayments of the TIFIA Loan shall be made prior to the Level Payment Commencement Date, the amount of such prepayment shall be

applied to reduce the Outstanding TIFIA Loan Balance as of the Level Payment Commencement Date. To the extent any prepayments (in addition to the Fixed Level Payments) are made on or after the Level Payment Commencement Date, the amount of such prepayment shall be applied to the then applicable remaining Outstanding TIFIA Loan Balance. After application of such prepayment, the Fixed Level Payments shall be recalculated, taking into account such reduced Outstanding TIFIA Loan Balance as provided in this Section 8(d) and Exhibit D shall be revised to reflect such recalculated Fixed Level Payments; provided, however, that neither the failure to make any such revision nor any error in re-calculating the Fixed Level Payments shall affect in any manner the Borrower's obligations hereunder or under any other TIFIA Loan Document.

(e) Manner of Payment. Payments under this Agreement and the TIFIA Bond shall be made by wire transfer on or before each Semi-Annual Payment Date in immediately available funds in accordance with payment instructions provided by the TIFIA Lender's Authorized Representative pursuant to Section 20, as modified in writing from time to time by the TIFIA Lender's Authorized Representative. The Borrower may make, or cause to be made, any such payment (or portion thereof) with funds then on deposit in the TIFIA Debt Service Account.

(f) Final Maturity Date. Notwithstanding anything herein or in the Master Credit Agreement to the contrary, the Outstanding TIFIA Loan Balance and any accrued interest thereon shall be due and payable in full on the Final Maturity Date.

(g) TIFIA Bond. As evidence of the Borrower's obligation to repay the TIFIA Loan, the Borrower shall issue and deliver to the TIFIA Lender, on or prior to the Effective Date, the TIFIA Bond substantially in the form of **Exhibit A**, having a maximum principal amount (excluding capitalized interest) of \$[●] (subject to increase or decrease as herein provided) and bearing interest at the rate set forth in Section 6.

SECTION 9. Prepayment.

(a) Mandatory Prepayments. The Borrower shall make mandatory prepayments in respect of the TIFIA Loan as and when required pursuant to, and otherwise in accordance with, Section 7(a) of the Master Credit Agreement.

(b) Optional Prepayments. The Borrower may prepay the TIFIA Loan pursuant to, and otherwise in accordance with, Section 7(b) of the Master Credit Agreement.

(c) General. Upon the TIFIA Lender's receipt of confirmation that payment in full of the entire Outstanding TIFIA Loan Balance, together with any unpaid interest and fees with respect thereto, has occurred as a result of a mandatory or optional prepayment, the TIFIA Lender shall surrender the TIFIA Bond to the Borrower or its representative at the principal office of the TIFIA Lender. If the Borrower prepays only part of the unpaid balance of principal of the TIFIA Bond, the TIFIA Lender may make a notation on Exhibit D indicating the amount of principal of and interest on the TIFIA Bond then being prepaid. Absent manifest error, the TIFIA Lender's determination of such matters as set forth on Exhibit D shall be conclusive evidence thereof; provided, however, that neither the failure to make any such recordation nor any error in such recordation shall affect in any manner the Borrower's obligations hereunder or

under any other TIFIA Loan Document. To the extent any mandatory or voluntary prepayments of the TIFIA Loan are made prior to the Level Payment Commencement Date, the amount of such prepayment shall be applied to reduce the Outstanding TIFIA Loan Balance as of the Level Payment Commencement Date. To the extent any prepayments (in addition to the Fixed Level Payments) are made on or after the Level Payment Commencement Date, the amount of such prepayment shall be applied to the then applicable remaining Outstanding TIFIA Loan Balance. After application of such prepayment, the Fixed Level Payments shall be recalculated, taking into account such reduced Outstanding TIFIA Loan Balance as provided in Section 8(d) and Exhibit D shall be revised to reflect such recalculated Fixed Level Payments. If said monies shall not have been so paid on the prepayment date, the principal amount of the TIFIA Bond shall continue to bear interest until payment thereof at the rate provided for in Section 6.

SECTION 10. Conditions Precedent.

(a) Notwithstanding anything in this Agreement to the contrary, this Agreement shall not become effective until each of the following conditions precedent shall have been satisfied or waived in writing by the TIFIA Lender:

(vii) The Borrower shall have demonstrated to the TIFIA Lender's satisfaction that as of the Effective Date the funds forecasted to be available in respect of the Project under the Updated Base Case Financial Model delivered pursuant to Section 10(a)(ix) and **Schedule I** will be sufficient to pay Total Project Costs for the Project and other amounts necessary to achieve Substantial Completion of the Project.

(viii) To the extent not previously provided to the TIFIA Lender, the Borrower shall provide to the TIFIA Lender certified, complete and fully executed copies of each agreement listed on the Principal Project Contracts Schedule then in effect, together with any amendments, waivers or modifications to such agreements. Each such agreement shall be in full force and effect and in form and substance satisfactory to the TIFIA Lender.

(ix) The Borrower shall have delivered to the TIFIA Lender a certified Updated Base Case Financial Model acceptable to the TIFIA Lender on or prior to the Effective Date demonstrating that the projected Pledged Taxes shall (A) be sufficient to meet the Loan Amortization Schedule for the Project as set forth in such Updated Base Case Financial Model and (B) demonstrate, for each calendar year during the life of the TIFIA Loan, projected (1) Debt Service Coverage Ratios of at least 1.50 to 1.00 and (2) Revenue Coverage Ratios of at least 1.00 to 1.00.

(x) The Borrower shall have demonstrated to the TIFIA Lender's satisfaction that it has obtained all Governmental Approvals necessary to commence construction of the Project and all such Governmental Approvals are final, non-appealable, and in full force and effect (and are not subject to any notice of violation, breach, or revocation).

(xviii) No Material Adverse Effect, or any event or condition that could reasonably be expected to result in a Material Adverse Effect, shall have occurred since the Effective Date (as defined in the Master Credit Agreement).

(xix) The TIFIA Lender shall have received evidence of compliance with 49 U.S.C. §5333(b) and the regulations promulgated thereunder with respect to the Project (such evidence being a certification letter from the Department of Labor acceptable to the FTA Regional Office).

(xx) The Borrower shall have delivered to the TIFIA Lender true, accurate and complete copies of the NEPA Determination, and any supplements thereto. The NEPA Determination shall be in full force and effect and shall not have been withdrawn or materially amended.

The Borrower shall have demonstrated to the TIFIA Lender's satisfaction that the funds described in the Financial Plan for the Project most recently approved by the TIFIA Lender as being available to pay for Project costs will be sufficient to complete the Project and no facts or circumstances have arisen that would reasonably be likely to cause such amounts reflected in such Financial Plan not to be available as and when needed to pay such Project costs.

⁸ Insert for the initial MCA Project that closes.

⁹ Insert for subsequent MCA Projects.

(ii) To the extent not previously delivered to the TIFIA Lender, the Borrower shall have provided complete and fully executed copies of each agreement listed on the Principal Project Contracts Schedule then in effect, including any amendment, modification or supplement to such agreements. (v) At the time of, and immediately after giving effect to, any disbursement of TIFIA Loan proceeds then currently requested, no Event of Default (other than an Event of Default under Section 16(a)(vi) of the Master Credit Agreement as a result of any event of default under any TIFIA MCA Document with respect to any other Funded MCA Project) shall have occurred and be continuing.

(vi) To the extent necessary to make the corresponding representations and warranties true, accurate and complete as of the date of any disbursement of loan proceeds hereunder, the Borrower shall have delivered an updated version of each of Schedules 10(f) and 10(o) to the Master Credit Agreement and Schedules 11(d) and 11(m) to this Agreement, in each case, in form and substance satisfactory to the TIFIA Lender in its sole discretion.

(vii) The representations and warranties of the Borrower set forth in this Agreement shall be true and correct as of each date on which any disbursement of the TIFIA Loan is made, except to the extent such representations and warranties expressly relate to an earlier date, in which case, such representations and warranties shall be true and correct as of such earlier date.

(viii) No Material Adverse Effect, or any event or condition that could reasonably be expected to result in a Material Adverse Effect, shall have occurred since the Effective Date (as defined in the Master Credit Agreement).

(ix) The Borrower shall have delivered to the TIFIA Lender a Requisition that complies with the provisions of Section 4, and the TIFIA Lender shall have approved (or be deemed to have approved in accordance with Section 4(b)) such Requisition.

(xi) To the extent not previously paid, the Borrower shall have paid in full all invoices received from the TIFIA Lender as of the date of disbursement of the TIFIA Loan for the reasonable fees and expenses of the TIFIA Lender's counsel and financial advisors and any auditors or other consultants employed by the TIFIA Lender incurred in connection with the Project, this Agreement, any other MCA Project and the TIFIA MCA Documents (such reasonableness to be determined in accordance with Part 31 of the Federal Acquisition Regulation).

(xii) The Borrower shall have demonstrated to the TIFIA Lender's satisfaction that the funds forecasted to be available under the Base Case Financial Model then in effect and **Schedule I** will be sufficient to pay Total Project Costs for the Project and other amounts necessary to achieve Substantial Completion of the Project.

(c) Notwithstanding anything to the contrary in this Agreement or any other TIFIA Loan Document, to the extent an Event of Default under Section 16(a)(vi) of the Master Credit Agreement has occurred and is continuing as a result of an Other Indebtedness Misrepresentation Default or Other Indebtedness Covenant Default, in each case, related to any other Funded MCA Project, the TIFIA Lender may, in its sole discretion, upon written notification to the Borrower (such notification, a "**Disbursement Suspension Notice**"), suspend any right of the Borrower to request further disbursements under this Agreement, and, upon issuance of such Disbursement Suspension Notice to the Borrower, the TIFIA Lender shall have no further obligation to make any disbursements of loan proceeds to the Borrower in respect of the TIFIA Loan unless and until (i) such Other Indebtedness Misrepresentation Default or Other Indebtedness Covenant Default has been cured or waived or (ii) the TIFIA Lender otherwise has withdrawn such Disbursement Suspension Notice.

SECTION 11. Representations and Warranties of Borrower. The Borrower hereby represents and warrants that, as of the Effective Date and as of each date on which any disbursement of the TIFIA Loan is requested or made:

(a) **MCA Representations.** Each of the representations and warranties set forth in Section 10 of the Master Credit Agreement (other than those contained in clauses (b) and (i) of such Section), each of which are hereby incorporated by reference herein *mutatis mutandis*, as if fully set forth herein and each reference to "Funded MCA Project" set forth in Section 10 of the Master Credit Agreement is deemed to be a reference to the Project, is true and accurate.

(b) **Power and Authority.** The Borrower has full legal right, power and authority to enter into the TIFIA Loan Documents, to execute and deliver the TIFIA Bond, and to carry out and consummate all transactions contemplated hereby and thereby and has duly authorized the execution, delivery and performance of the TIFIA Loan Documents.

(c) Officers' Authorization. As of the Effective Date, the officers of the Borrower executing (or that previously executed) the TIFIA Loan Documents to which the Borrower is a party are (or were at the time of such execution) duly and properly in office and fully authorized to execute the same.

(d) Litigation. [Except as set forth in Schedule 11 (d)], there is no action, suit, proceeding, or, to the knowledge of the Borrower, inquiry or investigation before or by any court or other Governmental Authority, pending, or to the knowledge of the Borrower, threatened against or affecting (i) the ability of the Borrower to perform its obligations under any of the TIFIA Loan Documents or which involves the validity or enforceability of the TIFIA Loan Documents, (ii) the Project, the Borrower, the Pledged Taxes or the assets, properties or operations of the Borrower, that in any case (A) could reasonably be expected to result in a Material Adverse Effect in the good faith judgment of the TIFIA Lender or (B) could reasonably be expected to adversely affect the Borrower's ability to receive Pledged Taxes in amounts sufficient to meet the financial projections contained in the Base Case Financial Model then in effect. To the Borrower's knowledge, there are no actions of the type described in the preceding two sentences pending or threatened against or affecting any Principal Project Party related to the Project, except for matters arising after the Effective Date that could not reasonably be expected to result in a Material Adverse Effect. The Borrower is not in default (and no event has occurred and is continuing that, with the giving of notice or the passage of time or both, could constitute a default) with respect to any Governmental Approval, which default could reasonably be expected to result in a Material Adverse Effect.

(e) Security Interest. The TIFIA Loan Documents establish, for the benefit of the TIFIA Lender, the valid and binding TIFIA Lien on the Pledged Taxes that they purport to create, irrespective of whether any Person has notice of the pledge. Such TIFIA Lien is in full force and effect and is not subordinate or junior to any other Liens in respect of the Pledged Taxes except to the extent such Pledged Taxes are pledged to Senior Obligations and to the extent such other Liens are entitled to priority as a matter of law. The Borrower is not in breach of any covenants set forth in Section 12(a) of the Master Credit Agreement or any of the Bond Documents with respect to the matters described in such section. The TIFIA Lien is valid and effective under chapter 81.112 RCW without any further action by the Borrower or any other party, and no documents or instruments are required or necessary to be recorded or filed for record in any place to establish, or maintain the validity and enforceability of, the TIFIA Lien to the extent contemplated by the TIFIA MCA Master Resolution. All taxes and filing fees that are due and payable in connection with the execution, delivery or recordation of the TIFIA Loan Documents have been paid. Neither the attachment, perfection, validity, enforceability or priority of the security interest in the TIFIA Lien granted pursuant to the TIFIA MCA Master Resolution and the other TIFIA Loan Documents is governed by Article 9 of the UCC.

(f) Compliance with Federal Requirements. The Borrower has complied, with respect to the Project, with all applicable requirements of NEPA, the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (42 U.S.C. § 4601 et seq.), Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq.) and 49 U.S.C. Chapter 53.

(g) Transportation Improvement Program. The Borrower has provided to the TIFIA Lender satisfactory evidence that the Project has been included in (i) the metropolitan

transportation improvement program adopted by the Puget Sound Regional Council, (ii) the State transportation plan, and (iii) the State transportation improvement program approved by the USDOT or its designated agencies, in each case to the extent required by 23 U.S.C. §§ 134 and 135, and 23 U.S.C. § 602(a)(3), as applicable. The financial plan for each such program or plan reflects federal funds as one of the sources of funding for such MCA Project.

(h) Credit Ratings. The TIFIA Bond and each other Senior Obligation outstanding as of the Effective Date have received a public credit rating of “A-” or “A3” (or the equivalent thereto) or higher from at least two (2) Nationally Recognized Rating Agencies, and written evidence of each such public rating has been provided to the TIFIA Lender prior to the Effective Date, and neither public rating has been reduced, withdrawn or suspended as of the Effective Date.

(i) No Defaults. The Borrower is not in default under the terms of any TIFIA Loan Document, and no event has occurred or condition exists that, with the giving of notice or the passage of time or both, would constitute an Event of Default.

(j) Governmental Approvals. All Governmental Approvals required as of the Effective Date for the undertaking and completion by the Borrower of the Project and the operation and management thereof have been obtained or effected and are in full force and effect and there is no basis for, nor proceeding that is pending or threatened that could reasonably be expected to result in the revocation of any such Governmental Approval.

(k) Principal Project Contracts. Each Principal Project Contract related to the Project in effect on each date when this representation and warranty is made or deemed made is in full force and effect and all conditions precedent to the obligations of the respective parties under each such Principal Project Contract have been satisfied. The Borrower has delivered to the TIFIA Lender, if so requested, a fully executed, complete and correct copy of each such Principal Project Contract (including all exhibits, schedules and other attachments) that is in effect, including any amendments or modifications thereto and any related credit support instruments or side letters. No event has occurred that gives the Borrower or, to the Borrower’s knowledge, any Principal Project Party, the right to terminate any Principal Project Contract related to the Project. The Borrower is not in breach of any material term in or in default under any Principal Project Contract related to the Project, and to the knowledge of the Borrower, no party to any of such Principal Project Contracts is in breach of any material term therein or in default thereunder.

(l) Compliance with Law. The Borrower is in compliance in all material respects with, and has conducted (or caused to be conducted) the implementation of the Project in compliance in all material respects with, all applicable laws (other than Environmental Laws, which are addressed in Section 11(m)), including those set forth on Exhibit G to the Master Credit Agreement, to the extent applicable, and those set forth in the FTA Master Agreement. To the Borrower’s knowledge, each Principal Project Party related to the Project is, and has caused its respective contractors and subcontractors to be, in compliance in all material respects with all applicable laws in respect of the Project, including those set forth on Exhibit G to the Master Credit Agreement, to the extent applicable, and those set forth in the FTA Master Agreement that flow down to third-party contractors. No notices of violation of any applicable

law have been issued, entered or received by the Borrower, or, to the Borrower's knowledge and solely in respect of the Project or any Principal Project Contract, any Principal Project Party related to the Project, that in each case could reasonably be expected to result in a Material Adverse Effect.

(m) Environmental Matters. The Borrower and, to the Borrower's knowledge, each Principal Project Party related to the Project, is in compliance with all Environmental Laws to the extent related to the Project. All Governmental Approvals for the Project relating to Environmental Laws have been, or, when required, will be, obtained and are (or, as applicable, will be) in full force and effect. [Except as disclosed in Schedule 11(m)], which sets forth all written communications and notices that the Borrower, upon consultation with legal counsel, has reasonably and in good faith determined to be either (i) without merit or (ii) not expected to result in a Material Adverse Effect, the Borrower has not received any written communication or notice, whether from a Governmental Authority, employee, citizens group, or any other Person, that alleges that the Borrower is not in material compliance with all Environmental Laws and Governmental Approvals relating thereto in connection with the Project and, to the Borrower's knowledge, there are no circumstances that may prevent or interfere with material compliance in the future by the Borrower with any such Environmental Laws or Governmental Approvals. The Borrower has provided to the TIFIA Lender and to the FTA Regional Office all material assessments, reports, records, and results of investigations or audits in the possession of or reasonably available to the Borrower regarding the Borrower's or the Project's compliance with Environmental Laws and Governmental Approvals related to Environmental Laws that are required for the Project.

(n) Sufficient Rights and Utilities. The Borrower possesses, or will possess, at such time as may be necessary in order to construct and operate the Project or as otherwise required by applicable law, either valid legal and beneficial title to, leasehold title in, or other valid legal rights with respect to the real property relating to the Project, in each case as is necessary and sufficient as of the date this representation and warranty is made for the construction, operation, maintenance and repair of the Project. As of any date this representation and warranty is made, each contract listed on the Principal Project Contract Schedule that is then in effect and the Governmental Approvals that have been obtained and are then in full force and effect create rights in the Borrower sufficient to enable the Borrower to own or lease, as applicable, construct, operate, maintain and repair the Project and to perform its obligations under the Principal Project Contracts related to the Project to which it is a party. All utility services, means of transportation, facilities and other materials necessary for the construction and operation of the Project (including, as necessary, gas, electrical, water and sewage services and facilities) are, or will be when needed, available to the Project and arrangements in respect thereof have been or will be made on commercially reasonable terms.

(o) Insurance. The Borrower is in compliance with all insurance obligations required under each Principal Construction Contract then in effect.

(p) No Liens. Except for Permitted Liens, the Borrower has not created, and is not under any obligation to create, and has not entered into any transaction or agreement that would result in the imposition of, any Lien upon the Project.

(q) Sufficient Funds. The aggregate of all funds that are committed, or reasonably expected to be available, for the development and construction of the Project under the various sources of funds set forth on **Schedule I** will be sufficient to pay all Total Project Costs associated with the development and construction of the Project and to achieve Substantial Completion of the Project.

SECTION 12. Representations and Warranties of TIFIA Lender. The TIFIA Lender represents and warrants that:

(a) Power and Authority. The TIFIA Lender has all requisite power and authority to make the TIFIA Loan and to perform all transactions contemplated by the TIFIA Loan Documents to which it is a party.

(b) Due Execution; Enforceability. The TIFIA Loan Documents to which it is a party have been duly authorized, executed and delivered by the TIFIA Lender, and are legally valid and binding agreements of the TIFIA Lender, enforceable in accordance with their terms.

(c) Officers' Authorization. The officers of the TIFIA Lender executing each of the TIFIA Loan Documents to which the TIFIA Lender is a party are duly and properly in office and fully authorized to execute the same on behalf of the TIFIA Lender.

SECTION 13. Covenants. The Borrower covenants and agrees, until the date the TIFIA Loan and all obligations of the Borrower under the TIFIA Loan Documents (other than contingent indemnity obligations) have been irrevocably paid in full in cash and the TIFIA Lender no longer has any commitment to make disbursements under this Agreement to the Borrower, unless the TIFIA Lender waives compliance in writing, to comply with each of the covenants set forth in the Master Credit Agreement, including Sections 8, 12, 13, 17, 18 and 19 of the Master Credit Agreement, which covenants are incorporated by reference herein *mutatis mutandis* as if fully set forth herein.

SECTION 14. Indemnification. To the extent permitted by law, the Borrower shall indemnify the TIFIA Lender and any official, employee, agent or representative of the TIFIA Lender (each such Person being herein referred to as an “**Indemnitee**”) against, and hold each Indemnitee harmless from, any and all losses, claims, damages, liabilities, fines, penalties, costs and expenses (including the fees, charges and disbursements of any counsel for any Indemnitee and the costs of environmental remediation), whether known, unknown, contingent or otherwise, incurred by or asserted against any Indemnitee arising out of, in connection with, or as a result of (a) the execution, delivery and performance of this Agreement or any of the other Related Documents, (b) the TIFIA Loan or the use of the proceeds thereof, or (c) the violation of any law, rule, regulation, order, decree, judgment or administrative decision relating to the environment, the preservation or reclamation of natural resources, the management, release or threatened release of any hazardous material or to health and safety matters; in each case arising out of or in direct relation to the Project; provided that such indemnity shall not, as to any Indemnitee, be available to the extent that such losses, claims, damages, liabilities, fines, penalties, costs or related expenses are determined by a court of competent jurisdiction by final and nonappealable judgment to have resulted from the gross negligence or willful misconduct of such Indemnitee. In case any action or proceeding is brought against an Indemnitee by reason of

any claim with respect to which such Indemnitee is entitled to indemnification hereunder, the Borrower shall be entitled, at its expense, to participate in the defense thereof; provided that such Indemnitee has the right to retain its own counsel, at the Borrower's expense, and such participation by the Borrower in the defense thereof shall not release the Borrower of any liability that it may have to such Indemnitee. Any Indemnitee against whom any indemnity claim contemplated in this Section 14 is made shall be entitled, with the Borrower's prior written consent (which shall not be unreasonably withheld or delayed), to compromise or settle any such indemnity claim, and the Borrower further agrees that it shall not, without such Indemnitee's prior written consent, compromise or settle any such indemnity claim. Any such compromise or settlement shall be binding upon the Borrower for purposes of this Section 14. Nothing herein shall be construed as a waiver of any legal immunity that may be available to any Indemnitee. To the extent permitted by applicable law, the Borrower shall not assert, and hereby waives, any claim against any Indemnitee, on any theory of liability, for special, indirect, consequential or punitive damages (as opposed to direct or actual damages) arising out of, in connection with, or as a result of, this Agreement, any of the other Related Documents, the TIFIA Loan and the other transactions contemplated hereby and thereby, or the use of the proceeds thereof. All amounts due to any Indemnitee under this Section 14 shall be payable promptly upon demand therefor. The obligations of the Borrower under this Section 14 shall survive the payment or prepayment in full or transfer of the TIFIA Bond, the enforcement of any provision of this Agreement or the other Related Documents, any amendments, waivers (other than amendments or waivers in writing with respect to this Section 14) or consents in respect hereof or thereof, any Event of Default, and any workout, restructuring or similar arrangement of the obligations of the Borrower hereunder or thereunder.

SECTION 15. Sale of TIFIA Loan. The TIFIA Lender may sell the TIFIA Loan only in accordance with Section 15 of the Master Credit Agreement.

SECTION 16. Events of Default and Remedies.

(a) Each Event of Default set out in Section 16 of the Master Credit Agreement shall constitute an Event of Default under this Agreement; provided that, with respect to the Events of Default under Sections 16(a)(i), (ii), (iii), (iv), (vi)(B), (ix)(B), (x), (xi) and (xii)(B) of the Master Credit Agreement, such Events of Default shall only be with respect to the Project.

(b) In addition, it shall be an Event of Default under this Agreement if any of the follow events occur:

(i) *[insert additional Events of Default applicable to the Project.]*

(c) Upon the occurrence and during the continuation of any Event of Default, the TIFIA Lender shall have each of the remedies to which it is entitled as provided in Section 16 of the Master Credit Agreement, including the right to suspend or terminate all of its obligations under this Agreement with respect to the disbursement of any undisbursed amounts of the TIFIA Loan related thereto.

SECTION 17. No Personal Recourse. No official, employee or agent of the TIFIA Lender or the Borrower or any Person executing this Agreement or any of the other TIFIA Loan Documents shall be personally liable on this Agreement or such other TIFIA Loan Documents by reason of the issuance, delivery or execution hereof or thereof.

SECTION 18. No Third Party Rights. The parties hereby agree that neither this Agreement nor any other TIFIA Loan Document creates any third party rights against the Borrower, the Government or the TIFIA Lender or FTA, solely by virtue of the TIFIA Loan, and the Borrower agrees to indemnify and hold the TIFIA Lender, the Servicer (if any), the Executive Director and the Government harmless, to the extent permitted by law and in accordance with Section 14, from any lawsuit or claim arising in law or equity solely by reason of the TIFIA Loan, and that no third party creditor or creditors of the Borrower shall have any right against the TIFIA Lender with respect to the TIFIA Loan made pursuant to this Agreement and each other TIFIA Loan Document.

SECTION 19. Borrower's Authorized Representative. The Borrower shall at all times have appointed a Borrower's Authorized Representative by designating the Chief Executive Officer or Chief Financial Officer of the Borrower (or such other Person or Persons as may be designated from time to time by resolution of the Board) to act on the Borrower's behalf pursuant to a written certificate furnished to the TIFIA Lender and the Servicer, if any, containing the specimen signature or signatures of such Person or Persons and signed by the Borrower.

SECTION 20. TIFIA Lender's Authorized Representative.

(a) The TIFIA Lender shall at all times have appointed the TIFIA Lender's Authorized Representative by designating such Person or Persons from time to time to act on the TIFIA Lender's behalf pursuant to a written certificate furnished to the Borrower and the Servicer, if any, containing the specimen signature or signatures of such Person or Persons and signed by the TIFIA Lender.

(b) Pursuant to the Delegation, the Director of the Credit Office of the Build America Bureau has been delegated the authority to enter into contracts and sign all contractual and funding documents (with the exception of the term sheets and credit agreements) necessary to implement the Act, including entering into technical amendments to, and restatements of, term sheets and credit agreements that do not materially impair the credit quality of the revenues pledged to repay the TIFIA Lender. Pursuant to the Delegation, the Director of the Credit Office of the Build America Bureau may act and serve as the TIFIA Lender's Authorized Representative under this Agreement and each other TIFIA MCA Document, in addition to the Executive Director of the Build America Bureau for the purposes set forth herein.

SECTION 21. Servicer. The TIFIA Lender may from time to time designate an entity or entities to perform, or assist the TIFIA Lender in performing, the duties of the Servicer or specified duties of the TIFIA Lender under this Agreement, each other TIFIA MCA Document and each TIFIA Bond. The TIFIA Lender shall give the Borrower written notice of the appointment of any successor or additional Servicer and shall enumerate the duties or any change in duties to be performed by any Servicer. Any references in this Agreement or any other TIFIA

CENTRAL PUGET SOUND REGIONAL TRANSIT AUTHORITY, a Washington regional transit authority created under the laws of the State of Washington (the “Borrower”), for value received, hereby promises to pay to the order of the **UNITED STATES DEPARTMENT OF TRANSPORTATION**, acting by and through the Executive Director of the Build America Bureau, or its assigns (the “TIFIA Lender”), the lesser of (x) the Maximum Principal Amount (excluding capitalized interest) set forth above and (y) the aggregate unpaid principal amount of all disbursements (the “Disbursements”) made by the TIFIA Lender (such lesser amount, together with any interest that is capitalized and added to principal in accordance with the provisions of the TIFIA Loan Agreement, as defined below, being hereinafter referred to as the “Outstanding Principal Sum”), together with accrued and unpaid interest (including, if applicable, interest at the Default Rate, as defined in the TIFIA Loan Agreement) on the Outstanding Principal Sum and all fees, costs and other amounts payable in connection with the TIFIA Loan Agreement and the Master Credit Agreement, all as more fully described in the below-referenced Master Credit Agreement and TIFIA Loan Agreement. The TIFIA Lender is hereby authorized to modify the Loan Amortization Schedule included in **Exhibit D** to the TIFIA Loan Agreement from time to time in accordance with the terms of the TIFIA Loan Agreement, which is hereby made a part hereof, to reflect the amount of each disbursement made thereunder and the date and amount of principal or interest paid by the Borrower thereunder. Absent manifest error, the TIFIA Lender’s determination of such matters as set forth on **Exhibit D** to the TIFIA Loan Agreement shall be conclusive evidence thereof; provided, however, that neither the failure to make any such recordation nor any error in such recordation shall affect in any manner the Borrower’s obligations hereunder or under any other TIFIA MCA Document (as defined in the Master Credit Agreement).

Such **Exhibit D** shall be revised or completed by or on behalf of the TIFIA Lender in accordance with the terms of the TIFIA Loan Agreement. Payments hereon are to be made in accordance with Section 8(e) of the TIFIA Loan Agreement and Section 33 of the Master Credit Agreement as the same become due. Principal of and interest on this TIFIA Bond shall be paid in funds available on or before the due date and in any lawful coin or currency of the United States of America which at the date of payment is legal tender for the payment of public and private debts.

This TIFIA Bond has been executed under and pursuant to the TIFIA MCA Master Resolution, adopted by the Borrower on November 29, 2016 (the “TIFIA MCA Master Resolution”), the Master Credit Agreement, dated as of December 22, 2016, between the TIFIA Lender and the Borrower (the “Master Credit Agreement”) and the TIFIA Loan Agreement, dated as of the date hereof, between the TIFIA Lender and the Borrower (the “TIFIA Loan Agreement”) and is issued to evidence the obligation of the Borrower under the TIFIA Loan Agreement to repay the loan made by the TIFIA Lender and any other payments of any kind required to be paid by the Borrower under the TIFIA Loan Agreement or the other TIFIA Loan Documents referred to therein. Reference is made to the Master Credit Agreement and TIFIA Loan Agreement for all details relating to the Borrower’s obligations hereunder. This TIFIA Bond shall be subject to mandatory prepayment in accordance with the Master Credit Agreement and the TIFIA Loan Agreement.

This TIFIA Bond may be prepaid at the option of the Borrower in whole or in part (and, if in part, the principal installments and amounts thereof to be prepaid are to be determined in accordance with the Master Credit Agreement and the TIFIA Loan Agreement; provided, however, such prepayments shall be in principal amounts of at least \$1,000,000 or any integral multiple of \$1 in excess thereof), at any time or from time to time, without penalty or premium, by paying to the TIFIA Lender all or part of the principal amount of the TIFIA Bond in accordance with the Master Credit Agreement and the TIFIA Loan Agreement.

Payment of the obligations of the Borrower under this TIFIA Bond is secured by and payable from (i) the Pledged Taxes and (ii) the amounts, if any, in the TIFIA Debt Service Account, the TIFIA Reserve Account and the Construction Account related to such TIFIA Loan, in each case pursuant to the Bond Documents, including the TIFIA MCA Master Resolution.

The obligations of the Borrower under this TIFIA Bond, the Master Credit Agreement and the TIFIA Loan Agreement and the other TIFIA Loan Documents referred to therein are subordinated in right of security to certain senior indebtedness of the Borrower in the manner and to the extent provided in the Bond Documents referred to in the Master Credit Agreement or TIFIA Loan Agreement.

On each payment due date, payments hereon are to be made in the manner and at the place specified by the TIFIA Lender as provided in the Master Credit Agreement and the TIFIA Loan Agreement.

Any delay on the part of the TIFIA Lender in exercising any right hereunder shall not operate as a waiver of any such right, and any waiver granted with respect to one default shall not operate as a waiver in the event of any subsequent default.

All acts, conditions and things required by the Constitution and laws of the state of Washington to happen, exist, and be performed precedent to and in the issuance of this TIFIA Bond have happened, exist and have been performed as so required, and the total indebtedness of the Borrower, including this TIFIA Bond, does not exceed any constitutional or statutory limitations. EXHIBIT C

REQUISITION PROCEDURES

This Exhibit C sets out the procedures which the Borrower agrees to follow in submitting Requisitions for the disbursement of TIFIA Loan proceeds in respect of the Eligible Project Costs incurred in connection with the [Project Name]⁸ Project. Section 1 sets out the manner in which Requisitions are to be submitted and reviewed. Sections 2 through 4 set out the circumstances in which the TIFIA Lender may reject or correct Requisitions submitted by the Borrower or withhold a disbursement. The Borrower expressly agrees to the terms hereof, and further agrees that (i) the rights of the TIFIA Lender contained herein are in addition to (and not in lieu of) any other rights or remedies available to the TIFIA Lender under the Master Credit Agreement or the TIFIA Loan Agreement, and (ii) nothing contained herein shall be construed to limit the rights of the TIFIA Lender to take actions including administrative enforcement action and actions for breach of contract against the Borrower if it fails to carry out its obligations under the Master Credit Agreement or the TIFIA Loan Agreement during the terms thereof.

Section 1. General Requirements. All requests by the Borrower for the disbursement of TIFIA Loan proceeds shall be made by electronic mail or overnight delivery service by submission to the TIFIA Lender, in accordance with Section 33 of the Master Credit Agreement, of a Requisition, in form and substance satisfactory to the TIFIA Lender and completed and executed by the Borrower's Authorized Representative. The form of Requisition is attached as Appendix One to this Exhibit C. Supporting documentation should be submitted with the requisition.

The TIFIA Lender agrees to promptly send to the Borrower in accordance with Section 33 of the Master Credit Agreement, an acknowledgement of receipt of each Requisition in the form attached as Appendix Two to this Exhibit C setting forth the date of receipt by the TIFIA Lender of such Requisition and setting forth the Business Day on which disbursement will be made absent denial by the TIFIA Lender. All disbursement requests must be received by the TIFIA Lender at or before 5:00 P.M. (Eastern Time) on the first Business Day of a calendar month in order to obtain disbursement by the fifteenth (15th) day of such calendar month or, if either such day is not a Business Day, the next succeeding Business Day. If a Requisition is approved by the TIFIA Lender, the TIFIA Lender will notify the Borrower of such approval and of the amount so approved.

Section 2. Rejection. A Requisition may be rejected by the TIFIA Lender if it is:

- (a) submitted without signature;
- (b) submitted under signature of a Person other than a Borrower's Authorized Representative;
- (c) submitted after prior disbursement of all proceeds of the TIFIA Loan; or

⁸ Insert "Northgate Link Extension", "Lynnwood Link Extension", "Federal Way Link Extension" or "Link O&M Satellite Facility", as applicable.

(d) submitted without adequate documentation of Eligible Project Costs incurred or paid. Such documentation shall include invoices for costs incurred or paid.

The TIFIA Lender will notify the Borrower of any Requisition so rejected, and the reasons therefor. Any Requisition rejected for the reasons specified in (a) or (b) above must be resubmitted in proper form in order to be considered for approval. If a Requisition exceeds the balance of the TIFIA Loan proceeds remaining to be disbursed, the request will be treated as if submitted in the amount of the balance so remaining, and the TIFIA Lender will so notify the Borrower.

Section 3. Correction. A Requisition containing an apparent mathematical error will be corrected by the TIFIA Lender, after telephonic notification to the Borrower, and will thereafter be treated as if submitted in the corrected amount. The TIFIA Lender will confirm correction of the error, to the Borrower, in writing.

Section 4. Withholding. The TIFIA Lender shall be entitled to withhold approval of any pending or subsequent requests for the disbursement of TIFIA Loan proceeds if:

(a) An Event of Default under the TIFIA Loan Agreement shall have occurred and be continuing;

(b) the Borrower

(i) fails to pay any principal or interest on the TIFIA Loan when the same is due and payable; or

(ii) applies TIFIA Loan proceeds for purposes other than payment of, or reimbursement for, Eligible Project Costs which have been the subject of an approved disbursement request under the TIFIA Loan Agreement; or

(iii) knowingly takes any action, or omits to take any action, amounting to fraud or violation of any applicable federal or local criminal law, in connection with the transactions contemplated hereby; or

(iv) fails to show a Revenue Coverage Ratio of not less than 1.00 to 1.00 for the most recent Calculation Period for which such ratio was calculated in accordance with Section 18(f) of the Master Credit Agreement; or

(v) fails to construct the Project in a manner consistent with plans, specifications, engineering reports or facilities plans previously submitted to and approved by the TIFIA Lender, or with good engineering practices, where such failure prevents or materially impairs the Project from fulfilling its intended purpose, or prevents or materially impairs the ability of the TIFIA Lender to monitor compliance by the Borrower with applicable federal or local law pertaining to the Project, or with the terms and conditions of the TIFIA Loan Agreement and the other TIFIA Loan Documents; or

(vi) fails to observe or comply with any applicable federal or local law, or any term or condition of the TIFIA Loan Agreement and the other TIFIA Loan Documents;

(vii) fails to deliver documentation evidencing Eligible Project Costs claimed for disbursement at the times and in the manner specified by the TIFIA Loan Agreement; and such failure continues for a period of more than thirty (30) days following written notice from the TIFIA Lender to the Borrower, the TIFIA Lender shall be entitled to withhold, from any Requisition received after such thirty (30) day period has expired, and until such failure is cured or corrected, an amount determined by the TIFIA Lender (in its sole discretion) to be adequate for the cure or correction of such failure, which amount shall be stated in such notice; provided, that if the nature of the failure is such that it cannot reasonably be cured or corrected within such thirty (30) day period, the TIFIA Lender shall not withhold any disbursement by reason of such failure if the Borrower commences cure or correction within such thirty (30) day period and thereafter diligently completes such cure or correction within a further reasonable time period; or

(viii) fails to satisfy the conditions set forth in Section 10(b) of the TIFIA Loan Agreement.

The foregoing notwithstanding, if, as of the date of such notice from the TIFIA Lender, the balance of the TIFIA Loan proceeds remaining to be disbursed is less than the amount determined by the TIFIA Lender to be adequate for the cure or correction of such failure, the TIFIA Lender may immediately withhold all further disbursement of TIFIA Loan proceeds until such failure is cured or corrected within the time period specified by the preceding paragraph.
