

# Pre-construction utility relocations

## Advance utility work July – late Fall 2018

Prior to the start of construction of the Hilltop Tacoma Link Extension in third quarter 2018, the City of Tacoma will be working with contractors to relocate utilities located on the street and underground.

All work will take place in the city right-of-way. If a contractor needs to temporarily close access to your driveway, or temporarily shut off service, a representative of the associated utility responsible for the work will contact you.

### CenturyLink

Moving underground duct bank and conduit.

**CenturyLink®**

Todd D. Briner  
(630) 800-9596

### Puget Sound Energy

Relocating underground gas lines.

**PUGET SOUND ENERGY**

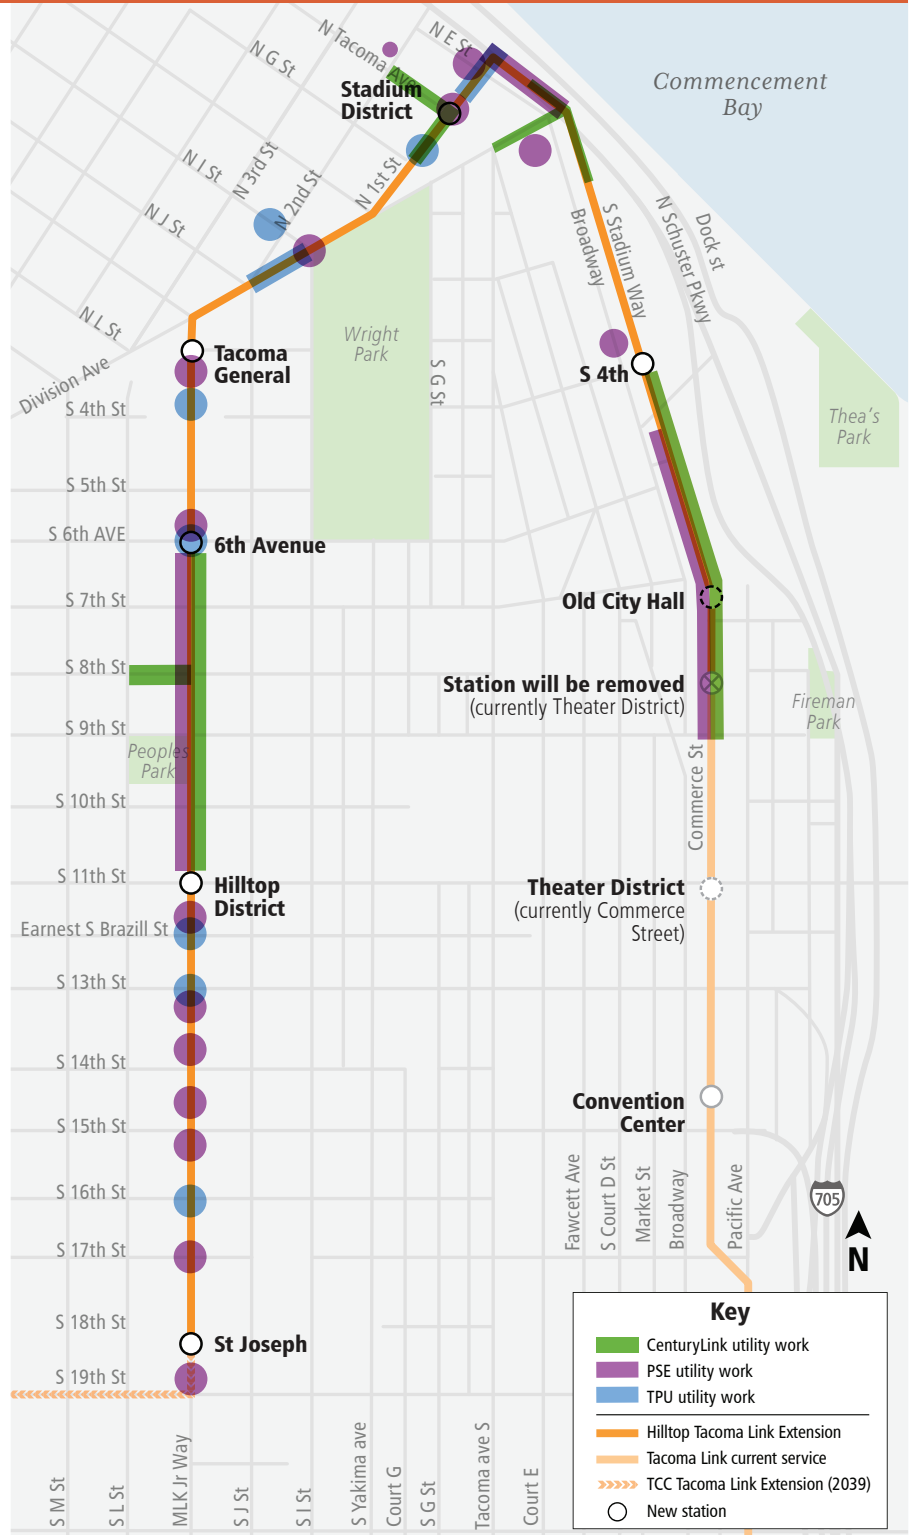

Amber Uhls  
(253) 476-6137

### Tacoma Public Utilities (Power)

Moving power poles and, in some areas, replacing existing power poles with a taller design and installing new distribution lines overhead. Planned outages will require communication and coordination.

# Hilltop Tacoma Link Extension

# Keep up with construction

August 2018

### City of Tacoma

Pre-construction utility relocations

### Sound Transit

Heavy utility work\*

Construction and installation\*\*

Construction will include: \*Watermain, sanitary and storm sewer upgrades and new water service connections. \*\*Operations and Maintenance Facility, stations, artwork, tracks, traction power substations, contact system poles, signalized intersections and repave roadway.

The Hilltop Tacoma Link Extension project will begin construction in fall 2018. When complete it will extend light rail 2.4 miles and expand the Operation and Maintenance Facility on East 25th Street.

Report issues  
Prior to fall 2018 construction, Sound Transit will issue a 24-hour hotline number.

## Opening 2022

### Project facts:

- Seven new stations connecting to popular destinations such as Old City Hall, the Stadium District, Wright Park and major medical facilities before reaching its new Hilltop terminus.

- Tracks running in existing road lanes with center platforms will be compatible with on-street parking and existing bike facilities.

### Community enhancement:

- Pavement restoration curb-to-curb.
- Upgraded 100-year-old sanitary sewer, storm sewer and water main utilities.
- New traffic signals at the following intersections:
  - S. 7th Street and Commerce Street
  - S. 18th Street and Martin Luther King Jr. Way.
- New and improved Americans with Disability Act curb ramps at most intersections.
- Station artwork by Tacoma native Kenji Stoll.
