Background

With the passage of ST3 in November 2016, Sound Transit experienced significant space needs to accommodate staff working on the system expansion implementation plan and ongoing service. To accommodate these needs, under the first lease amendment, approved by Motion No. M2019-57, Sound Transit: (1) obtained an extension of the existing 705 Building lease term for the first, fourth, fifth, and sixth floors for one additional year, ending November 30, 2024; and (2) acquired additional leased square footage on the seventh, ninth, tenth, and eleventh floors, ending November 30, 2027.

In 2023, the agency reduced the core campus from five buildings down to two, with an approximate cost avoidance of more than $5.7 million per year.

The proposed action will extend the lease term of the existing office space located on the first, fourth, fifth, and sixth floors of the 705 Building by three-and-a-half years. The new term will expire on March 31, 2028. The original lease included an option to extend, at pre-Covid rates. This second amendment is a newly negotiated extension at a 25 percent reduced cost from the rent that would have been charged had Sound Transit exercised the option.

Fiscal information

This action will be funded from the following operating budgets and does not have an impact on the affordability of the agency's Financial Plan, as the services are already incorporated in the annual operating plan. After approval of this action, sufficient budget remains to cover remaining annual expenditures. Funding for the additional years of the lease will be included in future annual budget requests.

This action for $14,415,361 extends the lease in the 705 Building for another 3.5 years and is funded from the operating budgets below:

- Other Expenses - Leases and SBITA (Subscription Based Information Technology Arrangements) category of the agency's annual operating budget. Within the Leases and SBITA category, the 2024 annual budget for long term leases is $12,943,387, of which $222,621 is estimated to be spent from this contract in the remainder of 2024.

- DECM department annual operating budget. Within the leases and rental category, the 2024 annual budget for common area maintenance is $3,273,667, of which $116,424 is estimated to be spent from this contract in the remainder of 2024.
Time constraints

The lease is set to expire on November 30, 2024. A one-month delay would not have a significant impact.
