Resolution No. 26    Phone No.: 684-1901

ACTION:

Approve Resolution No. 26 authorizing the Executive Director to apply for and accept federal grants from the U.S. Department of Transportation, Federal Transit Administration (FTA) for funding under the Federal Transit Act, as amended, and to file such certifications and application assurances required. This action is necessary to allow the Regional Transit Authority (RTA) to assume responsibility and authority for the existing FTA grant between King County/Metro and FTA for project level planning and environmental assessment work on the south corridor commuter rail project.

DISCUSSION:

The RTA is not currently recognized by the FTA for the purposes of applying for and accepting federal grant funds offered under the provisions of the Federal Transit Act, as amended. In order to become certified by the FTA, the RTA will need to submit certain documents and assurances or requirements of the federal programs, including, but not limited to, Title VI of the Civil Rights Act of 1964, affirmative action, disadvantaged businesses and the Americans with Disabilities Act of 1990, as well as standard assurances and counsel opinion (see attached draft letter).

RTA staff and legal counsel are working with FTA staff to accomplish this certification and recognition by FTA.

BUDGET ISSUES:

Currently, the South Corridor Commuter Rail project is funded by a federal grant of $1.88 million for the project level planning, environmental assessment phase. The grant contract for this federal assistance is between FTA and King County/Metro. RTA staff and legal counsel are working with FTA and Metro staff with the intent of having the current commuter rail grant assigned to the RTA.

This action is consistent with the interlocal contract between the RTA and King County/Metro, authorized by RTA Board Resolution No. 13, adopted February 16, 1994.
