PROJECT NAME

Link Light Rail, Sounder Commuter Rail, and Regional Express Bus Capital Projects

PROPOSED ACTION

Authorizes the chief executive officer to execute a five-year contract with HDR, Inc. to provide on-call right of way services for Sound Transit projects for a total authorized contract amount not to exceed \$12,628,000.

KEY FEATURES of PROPOSED ACTION

- HDR, Inc will provide on-call right of way services including, but not limited to, property acquisition, relocation assistance, property management activities, and other real estate related services as needed including real estate support for property management and Transit Oriented Development activities. This on-call right of way services contract is for a period of five years for a total authorized contract amount not to exceed \$12,628,000.
- HDR, Inc will ensure that all right of way activities will be performed in full compliance with Sound Transit's policies and procedures, applicable Washington State and federal regulations.
- Sound Transit issued a Request for Proposal for these on-call right of way services that allowed for award of two contracts. This approach accommodates the amount and flow of work required to support real property acquisitions over the next five years. Universal Field Services is the other firm selected.

BUDGET IMPACT SUMMARY

Current Project Phase: On going
Projected Completion Date: On going

There is no action outside of the Board-adopted budget; there are no contingency funds required, no subarea impacts, or funding required from other parties other than what is already assumed in the financial plan.

BUDGET AND FINANCIAL PLAN DISCUSSION

This on-call services contract will be used for Link light rail, Sounder commuter rail, and ST Express bus capital projects. Services may also be utilized by Sound Transit Operations, subject to budget funding in the future.

The proposed ongoing services for ST2 and remaining Sound Move projects would be assigned by task order within each project. Budget is to be identified and committed prior to a task order being approved to ensure that the total contract amount does not exceed the amount authorized by the Sound Transit Board. Since the proposed services will be assigned on an as-needed basis, the distribution of costs will be determined as project schedules and budgets are established. Work under these contracts will be authorized as the Board approves individual project budgets for property acquisition.

The proposed action is consistent with the Adopted 2010 Budget, and is affordable within the agency's current long-term financial plan and subarea financial capacity. The action will have no new revenue impact on Sound Transit.

PROJECT DESCRIPTION and BACKGROUND for PROPOSED ACTION

In order to continue to implement ST2 projects and remaining Sound Move projects (including light rail, commuter rail, and regional bus service, HOV improvements, and park-and-ride facilities throughout the central Puget Sound region) it will be necessary for Sound Transit to continue to acquire real property.

The on-call right of way services consultant provides acquisition, relocation, and property management services for Sound Transit property acquisition projects and assists in providing real estate support for property management and transit oriented development. The existing right of way services contracts that will expire in early 2010, will run out of funding, or do not cover this scope. Sound Transit issued a request for proposals for right of way services that allowed for the award of two contracts. Four bids were received. HDR, Inc. is one of two firms selected to perform right of way services.
