PROPOSED ACTION

Authorizes the chief executive officer to acquire certain real property interests, including acquisition by condemnation to the extent authorized by law, and to reimburse eligible relocation and reestablishment expenses incurred by affected owners and tenants as necessary for the Lynnwood Link Extension.

KEY FEATURES SUMMARY

- Authorizes the acquisition of all or portions of 11 parcels consisting of full and partial acquisitions, temporary construction easements, and/or permanent easements for the Lynnwood Link Extension. These parcels are located in the cities of Seattle, Shoreline, and Mountlake Terrace.
- The properties are needed for construction, maintenance, and operation of the light rail guideway, or related facilities.
- The real properties identified in this requested action are included in Exhibit A.

BACKGROUND

The Lynnwood Link Extension is an 8.5 mile light rail extension from Northgate to Lynnwood with service to the cities of Shoreline, Mountlake Terrace, and Lynnwood. The extension will travel primarily along I-5 and include four stations at NE 145th Street, NE 185th Street, Mountlake Terrace Transit Center, and Lynnwood Transit Center. New parking structures will be provided at NE 145th Street, NE 185th Street, and Lynnwood Transit Center. The project began Final Design in 2016 and is scheduled to open for service in 2023.

The Lynnwood Link Extension Final Environmental Impact Statement was issued April 1 and April 3, 2015, pursuant to the State Environmental Policy Act (SEPA) and the National Environmental Policy Act (NEPA), respectively. The Sound Transit Board selected the project route, profile, and stations on April 23, 2015. The Federal Transit Administration (FTA) issued a Record of Decision on July 10, 2015, and the Federal Highway Administration issued a Record of Decision on August 31, 2015.

Sound Transit will acquire the property, by condemnation if necessary, as needed for the construction, operation, and maintenance of the Lynnwood Link Extension and will reimburse relocation expenses to eligible affected owners and tenants. Sound Transit's authorizing legislation grants the agency the power of eminent domain to accomplish such acquisitions when efforts to reach agreement with property owners are unsuccessful.

Projected Completion Date for Final Design Phase: Q1 2018

FISCAL INFORMATION

There is risk that the authorized project allocation to date in the right-of-way phase is insufficient to complete all property acquisitions needed for the project. However, there is \$75,229,000 of uncommitted funds in the right of way phase which is sufficient to complete this proposed action. Project baseline costs are expected to be established in early 2018, and it is likely that the authorized project allocation for the right-of-way phase will need to be increased.

PUBLIC INVOLVEMENT

Sound Transit staff has worked closely with property owners throughout the environmental, preliminary engineering, and final design phases. Sound Transit staff has met regularly with owners about the Lynnwood Link Extension in relation to the properties along the corridor. Sound Transit also sent letters to potentially impacted property owners prior to the publication of the Draft and Final Environmental Impact Statements.

In compliance with state law regarding public notification, Sound Transit mailed certified letters to property owners affected by this action on August 8, 2017. Legal notices of this proposed Board action will be published in the Seattle Times and The Herald of Everett newspapers on August 11, 2017, and August 18, 2017.

TIME CONSTRAINTS

A one-month delay would significantly impact the timing of this project.
