## CHAIR SOMERS

Sound Transit Board Chair | Sound Transit | 401 South  
Jackson Street | Seattle, WA 98104-2826

## CONTACT

912 East Highland Drive  
Seattle, WA 98104  
gdinndorf@comcast.net  
206.448.5585

July 28, 2017

Dear Chair Somers,

Attached are my application and supporting documents for the Citizen Oversight Panel. I believe my many years of construction, policy development and transportation experience make me an excellent candidate for the Panel:

- For over 10 years I staffed the AGC/Sound Transit Best Practices Committee. This work provides me with unique insight on the issues surrounding construction of a regional light rail system.
- Much of my career involved the development and shaping of public policy. The Third runway for SeaTac was a major public policy decision. Representing AGC I worked with Sound Transit, King County, the Port of Seattle, and the City of Seattle on numerous legislative issues.
- Throughout my career I have served on Teams, Committees and Councils, often in a leadership position. In these roles I have been able to achieve agreement among the members. The rezone of South Lake Union is one example of a successful collaborative effort.

For these reasons I could make a positive contribution to the workings of the panel.

Thank you for considering my application.

Sincerely,

Jerry Dinndorf

**Application for the Citizen Oversight Panel**

**Personal Information**

Name: Gerald (Jerry) Dinndorf

Date: July 28, 2017

Home Address: 912 East Highland Drive, Seattle, WA 98102

Work Address: Retired

Phone: 206.448.5585 Cell: 206.849.1110 E-mail: gdinndorf@comcast.net

**Eligibility**

Do you work or live within the Sound Transit district? (See reverse for a map of the district). Circle one: **Yes** No

Are you a registered voter within the Sound Transit district? Circle one: **Yes** No

Are you able to attend meetings twice each month during normal business hours? (Meetings typically last 2-3 hours and are held in Seattle.) Circle one: **Yes** No

Do you work for Sound Transit, or do you have a direct role in a contract your employer has with Sound Transit? Circle one: **Yes** **No**

**Experience** (Feel free to attach extra pages if needed for any question.)

Please check the box next to the skills you would bring to the Citizen Oversight Panel:

- Business Management
- Engineering
- Public Facilities & Services
- Public Policy Development or Review
- Financial Management
- Large Projects Construction Management
- Government Processes

\*While not a project manager I worked closely with contractors for over 16 years in my role as Seattle District Manager for AGC of Washington.

Please explain why you would like to serve on the Citizen Oversight Panel:

- I have been involved in the development of the regional light rail system from the very beginning and it would be exciting and satisfying to continue to be part of its implementation.

Please provide information about your experience in one or more areas of expertise related to the panel's responsibilities—business and finance management, engineering, large projects construction management, public facilities and service, government processes, and public policy development or review:

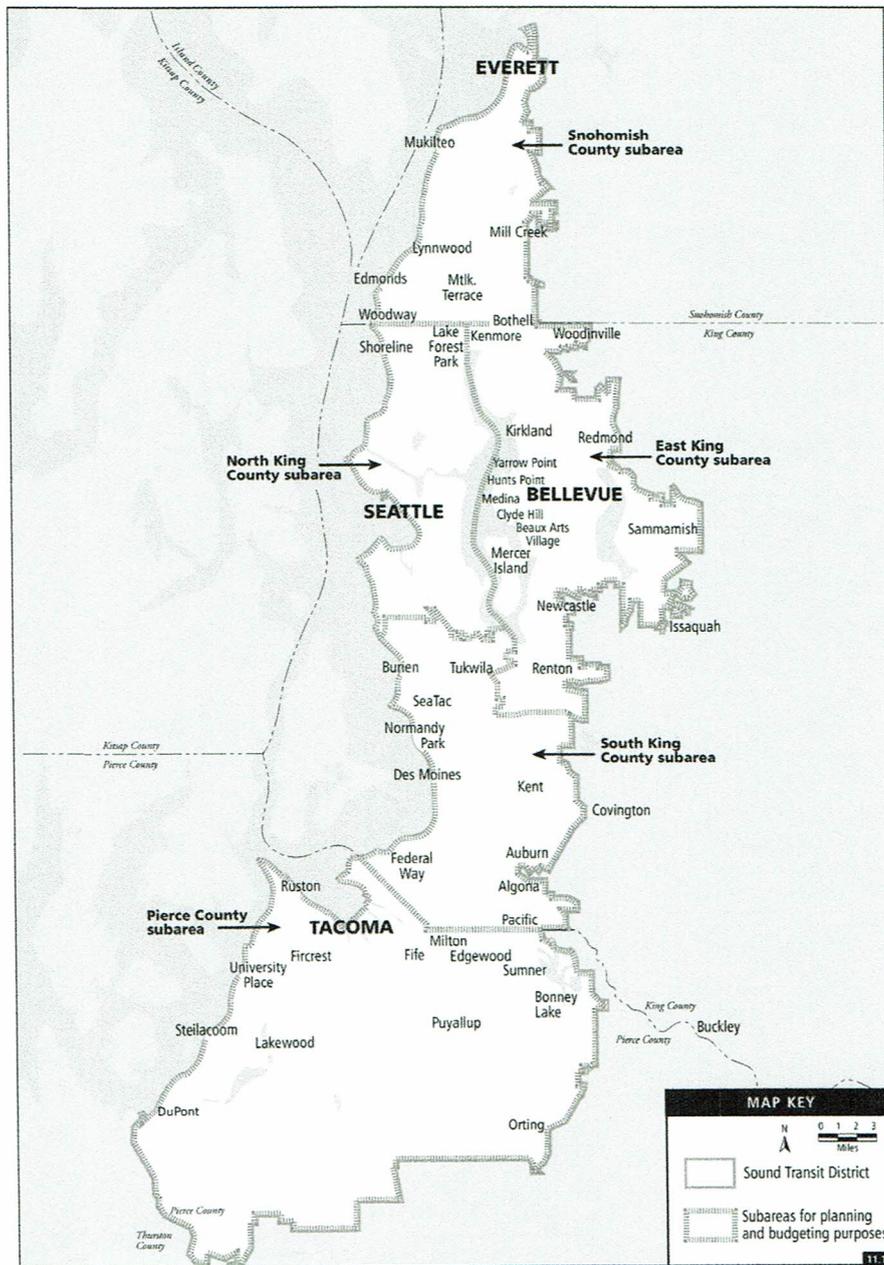

- Please refer to the attached resume

Please review the attached Citizen Oversight Panel Guiding Principles and Sound Transit ethics policy. Based on the principles and policy, please describe any conflict of interest that would impair your ability to objectively serve on the Citizen Oversight Panel:

- No conflicts.

Please attach a current resume to this form.

- Attached

# JERRY DINNDORF

## SKILLS

Do you work or live within the Sound Transit district? (See reverse for a map of the district). Circle one: **Yes** No

Are you a registered voter within the Sound Transit district? Circle one: **Yes** No

Are you able to attend meetings twice each month during normal business hours? (Meetings typically last 2-3 hours and are held in Seattle.) Circle one: **Yes** No

Do you work for Sound Transit, or do you have a direct role in a contract your employer has with Sound Transit? Circle one: Yes **No**

### Experience (Feel free to attach extra pages if needed for any question.)

Please check the box next to the skills you would bring to the Citizen Oversight Panel:

- |   |   |
|---|---|
| <input checked="" type="checkbox"/> Business Management                 | <input checked="" type="checkbox"/> Financial Management        |
| <input type="checkbox"/> Engineering                                    | <input type="checkbox"/> Large Projects Construction Management |
| <input type="checkbox"/> Public Facilities & Services                   | <input checked="" type="checkbox"/> Government Processes        |
| <input checked="" type="checkbox"/> Public Policy Development or Review |   |

Please explain why you would like to serve on the Citizen Oversight Panel:

Public transit is extremely important. Our region is growing, and making sure we deliver projects that match future needs as best we can anticipate, under budget and within time constraints is essential to keeping the Puget Sound on track. I've always loved public transit, and spend lot of free time thinking about what we can be doing as a region to make getting around easier. During my time at UW, I volunteered and worked within student government, and found giving back to the community extremely rewarding. Now as a graduate, I want to continue giving back and help shape the region's transportation solutions.

Please provide information about your experience in one or more areas of expertise related to the panel's responsibilities—business and finance management, engineering, large projects construction management, public facilities and service, government processes, and public policy development or review:

During my second year at UW, I served as the Oversight Chair to the ASUW's Student Senate. I gained experience and knowledge in making sure the organization stuck to its promises, the government process, and fostered connections and relationships with the community. I continued my work further when I became Chair of the Student Technology Fee Committee, a \$5m/year revenue student group that paid for much of the tech around campus. In my tenure, I implemented a brand new funding cycle, updated committee composition, ensured student involvement, increased communication efforts, and received immense positive feedback from staff, faculty, and students alike.

As a volunteer, I worked with Andres Salomon on his mayoral candidacy, crafting policy and creating actionable items for the candidate. For personal enrichment, I've read many of the EISs for Seattle and Puget Sound based projects, and keep up to date with most medium and large scale public works over a wide variety of sectors. My education in Informatics provided me with an education in business management that I was able to hone during my tenure at the STF, to great success. I know that my wide background in public service and government policy will serve me and the Citizen Oversight Panel well.

Please review the attached Citizen Oversight Panel Guiding Principles and Sound Transit ethics policy. Based on the principles and policy, please describe any conflict of interest that would impair your ability to objectively serve on the Citizen Oversight Panel:

No conflicts found

Thank you for your consideration. More information on the STF is available at [UWSTF.org](http://UWSTF.org) and [BryceKolton.com](http://BryceKolton.com). Sincerely,

Bryce Kolton

## SUMMARY

Adaptable, personable, and self-driven, focused in the realms of technology, management, informatics, and resolving issues. Offering leadership, responsibility, independence, problem solving, proficient coding skills, and experience.

## EDUCATION

University of Washington, Seattle. Bachelor of Science in Informatics (Spring 2017). Background in Computer Science, Math, Physics, Management, Design, Communication, Public Speaking, Political Science, and Urban Planning. Completed CSE 142 and 143 (Java) 373, 374 (Structures, Linux, C), INFO 343, 344 (Front & Back Web), 340 (DBs), 360 (Design), 386 (Professionalism), 470 (Research), 481 (Project Management), 380 (Information Systems), 450 (Ethics).

## LANGUAGES and TECHNOLOGIES

3 years experience in Java, HTML, CSS, PHP, JavaScript, Node.js, SQL. 2 years in Linux, 10 years Windows, 1 year C  
5 years of Spanish (near fluent), 2 years of Mandarin Chinese (basic).

## WORK EXPERIENCE

### *University of Washington Student Technology Fee Committee (STFC)*

*The STFC votes on how to fund over \$5 million per year towards tech related resources for UW students*

**Chair | March 2016 – June 2017**

- Rewrote committee bylaws, streamlined process, and expedited schedule of the Tech Fee in a major revision
- Took post mid-season from resigning chair, ensured successful completion of funding and yearly goals
- Worked with parent organizations to enact change at the base level and ensure long-term future prosperity
- Oversaw management and delivery of awarded funds, totaling over \$4.5 million in FY 2015
- Ran weekly committee meetings with ~15 people, led discussions, and held voting sessions, all using Robert's Rules
- Collaborated with numerous professional UW entities including Research, IT, Forestry, MechE and CS
- Directly interviewed, hired, and managed three paid positions within STFC leadership
- Adapted and responded to changes and challenges in a fast paced high-stress environment with finesse
- Led the committee on new projects and completed goals in record time, all according to state and federal regulations

**Senior Web Developer on Node.js, MySQL, Linux, AWS | June 2015 – December 2015, June 2017 –**

- Successfully took over management of the project after previous abandonment, completed project on time
- Developed features ground up for STF members, proposal authors, and administrators while interfacing with stakeholders
- Implemented and oversaw move to Amazon Web Services for hosting and data management, all Linux hosted environment

### *University of Washington Experimental College (EXCO)*

*EXCO -- An adult continuing education group run by students of the UW to teach alternative classes*

**Webmaster working with PHP, MySQL, Linux | June 2015 – June 2016**

- Solely responsible for website management, updates, content, design, maintenance, and coding on a shared Linux host
- Completed ground-up full-stack redesign to suit EXCO's expanding needs and plan for future expansion
- Interfaced with coworkers to design new features to assist with internal demands and employee needs
- Assisted users and business partners with any and all website related issues to ensure satisfaction
- Ensured the continued safety of customer payment data through standard security measures and kept company to standards

### *University of Washington Capital Projects Office (CPO)*

*UW's CPO manages and builds new environments and large scale construction projects on its campus*

**Helpdesk Lead, Lead Helpdesk Intern, Helpdesk Intern | July 2013 – March 2015**

- Maintained, troubleshot, and rolled out software and hardware for over 120 users in a government environment
- Trained, supported, and directly interacted with professional users in flexible settings, earning high service-quality accolades
- Managed website and some VM functions for CPO, including content, design, publishing and backend

## VOLUNTEER EXPERIENCE

**Website Development Lead | March 2015 – September 2015**

*University of Washington ECOCAR*

- Deployed and maintained website on Amazon Web Services, performing systems administration work
- Created interactive, multi-touch virtual displays for professional trade shows

**Oversight Chair, ASUW Senate Hall Appointee | September 2013 – June 2015**

*Associated Students of the University of Washington Student Senate*

- Exercised organizational oversight over the Senate's proceedings and ensured self-compliance
- Dealt with controversial issues including divestment from sweatshops and student fees

| <input checked="" type="checkbox"/> Public Policy Development or Review |   |

Please explain why you would like to serve on the Citizen Oversight Panel:

Much of the Puget Sound region is urgent to further expand its public transportation to meet growing demand. However, urgency should never overwhelm proper processes when the community's money and well-being are at stake. I have spent my professional and academic career connecting my community with impacting policy. I have witnessed how diversifying input and communicating with the people who would be impacted is crucial to an agency's transparent and successful operation. I am experienced in public policy development/review and governmental processes. I am deeply interested in the successful and responsible collaboration of Sound Transit with the surrounding community.

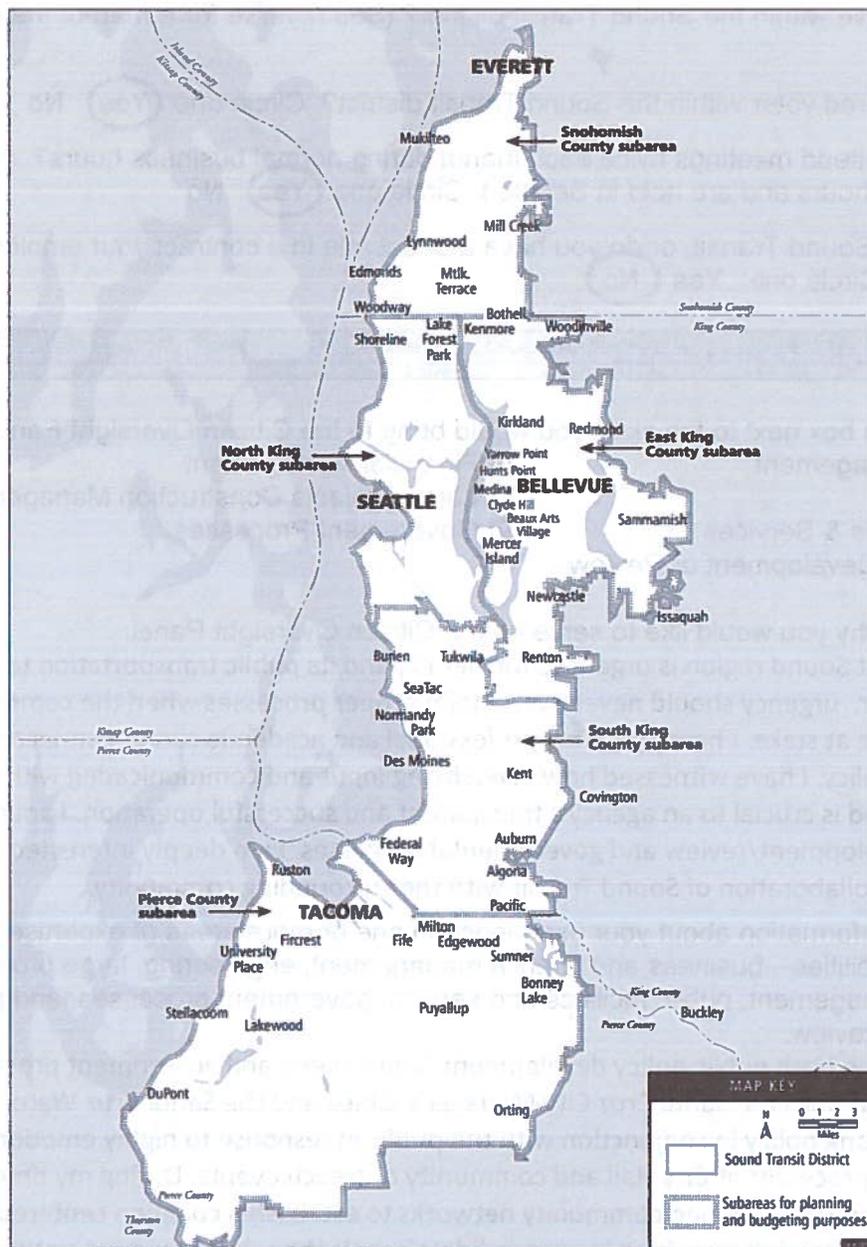

Please provide information about your experience in one or more areas of expertise related to the panel's responsibilities—business and finance management, engineering, large projects construction management, public facilities and service, government processes, and public policy development or review:

I am experienced in both public policy development (and review) and government processes. During my employment at both the Santa Cruz City Manager's Office and the Santa Cruz Water Department I aided in constructing policy in conjunction with the public in response to highly emotional events. I often engaged in processes at City Hall and community outreach events. During my time as a campaign manager I built and strengthened community networks to establish a coalition centered on bettering our community, successfully resulting in my candidate's reelection. In my current position I engage in legislation construction from conception to execution, in collaboration with public volunteers.

Please review the attached Citizen Oversight Panel Guiding Principles and Sound Transit ethics policy. Based on the principles and policy, please describe any conflict of interest that would impair your ability to objectively serve on the Citizen Oversight Panel:

There are no potential conflicts of interest.

Please attach a current resume to this form.

## GOAL

To become a team member of a dynamic organization that improves my community's quality of life.

## EDUCATION

- B.A. in Politics - University of California, Santa Cruz. Graduated: June 2014.
- Emphasis on American politics through social, economic, and legal courses.

## EXPERIENCE

### **OUTREACH & LEGISLATIVE AFFAIRS COORD. - WA ST. BAR ASSN., SEATTLE, WA: AUG 2016 - NOW**

- Produces the final session report, customized bill detail reports, and other materials describing the outcome of WSBA legislative proposals and processes vital to the team's success.
- Conducts research and reports on findings to supplement volunteer, staff, and stakeholder decisions.
- Coordinates and engages in collaborative efforts with WSBA entities to establish, progress, and finalize legislative proposals and responses, often facing demanding deadlines and circumstances.
- Acts as the staff liaison for specified Board member, legislator, and stakeholder groups/meetings.
- Supports the team with all outreach-related activities.
- Oversees the team's budget to ensure responsible spending behavior.

### **ADMIN. ASST. III (TEMP), UPS - SEATTLE, WA: MARCH 2016 - AUG 2016**

- Analyzed and interpreted vast amounts of financial and quantitative data into coherent reports.
- Communicated with external partners regarding highly urgent situations.

### **ADMIN. ASST. II, SANTA CRUZ WATER DEPT. - SANTA CRUZ, CA: APR 2014 - NOV 2015**

- Coordinated and aided in research, strategy, outreach, and implementation of contentious projects intensely followed by the public.
- Produced agendas, action agendas, research reports, and other materials for the Water Supply Advisory Committee (WSAC), Water Commission (WC), and the Water Dept.
- Served as the Water Dept.'s liaison to WSAC, WC, and community leaders and members.
- Created, updated, and oversaw online communications to improve user interface and transparency.
- Developed and managed an infographics internship.
- Promoted from the Professional, Technical, & Management Assistant position.

### **CAMPAIGN MGR., COUNCILMEMBER TERRAZAS REELECTION - SANTA CRUZ, CA: MAY - NOV 2014**

- Strategized with the candidate and stakeholders regarding campaign actions and direction.
- Communicated the candidate's platform and vision in a relatable manner to officials and the public.
- Organized and attended community programs and events as the candidate's representative.
- Functioned under high pressure and tight deadlines while under public scrutiny.

### **POLICY ANALYST INTERN, CITY MGR.'S OFFICE - SANTA CRUZ, CA: OCT 2011 - FEB 2014**

- Researched policies and public opinion of the City to finalize comprehensive reports and documents.
- Served as the liaison at events to receive input from community leaders and members.
- Drafted minutes, reports, resolutions and other documents for the Public Safety Task Force and City.

### **PUBLIC RELATIONS INTERN, ASSEMBLY MEMBER STONE - SANTA CRUZ, CA: JUN - SEP 2013**

- Conducted research regarding proposed legislation. Compiled findings into reports.
- Conducted outreach with constituents regarding their needs and guided them to community services.
- Drafted response and outreach efforts to constituents and stakeholders.

## **VOLUNTEERING, CURRENT & MOST RECENT**

- Development strategy, grant writing, and hands-on assistance, GLSEN - Seattle, WA (2016-now).
- Grant writing and hands-on assistance, PSKS - Seattle, WA (2016).

## **ACCOMPLISHMENTS**

- Absorbed and oversees all duties and responsibilities of the Legislative Affairs Office during the vacancy of the Outreach and Legislative Affairs Manager position (April 2017 - now).
- Completed a two day "Writing Policies and Procedures" training to improve my writing efficiencies.
- Co-managed a research-based park project to improve accessibility and public experience (2015).
- Engaged the public as a community liaison for a successful National Monument campaign (2015).
- Compiled research for and finalized the WSAC's policy-recommendation to City Council (2015).
- Managed a successful campaign for Santa Cruz City Councilmember Terrazas, resulting in his reelection. He is currently the active Vice Mayor (2014).
- Compiled research on applications of crime prevention through environmental design into a recommendation for Santa Cruz's Public Safety Task Force (PSTF). My recommendation was included as the top priority recommendation in the PSTF's final report, approved by City Council. The City is implementing my recommendation and has already observed intended impacts (2013).

## **OTHER SKILLS**

- Communicates controversial topics in-person and remotely in a professional and effective manner.
- Quickly and eagerly adapts to new roles, responsibilities, and stresses.
- Proficient with Microsoft Office + the Google & Apple equivalent programs, Adobe Acrobat, and SQL.
- Managing website content (SiteCore, Vision Live, CMS) .
- Administering surveys with SurveyMonkey and Doodle, and communicating electronically to large audiences (1,000+ individuals) using MailChimp.
- Speaks, reads and writes sufficient Spanish.
