

I-405 Bus Rapid Transit

Motion No. M2019-22

I-405 / NE 44th Street Interchange Improvements

5/9/2019

Why we are here

- To review the I-405 Bus Rapid Transit project
- To review the planned I-405/NE 44th Street Interchange
- To inform today's action

Bus Rapid Transit on I-405

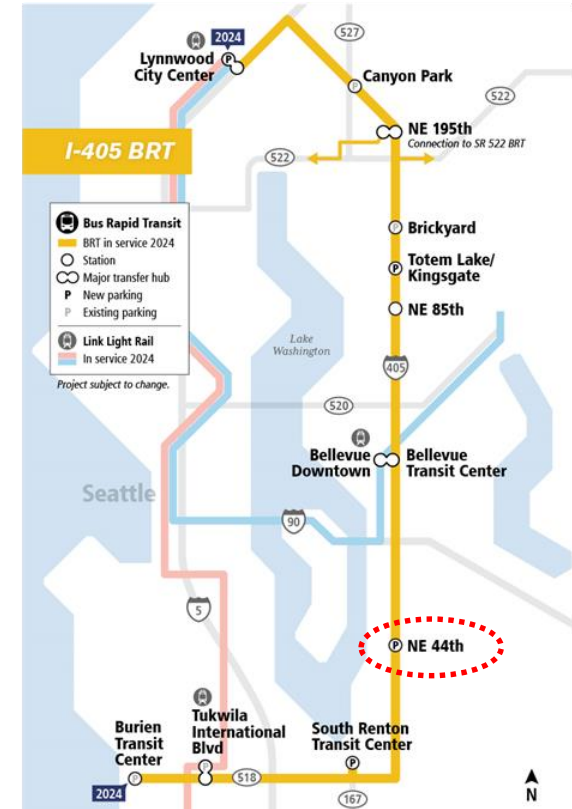

Project details

- Included in the Corridor Master Plan (2002)
- Will add STRIDE, a third High Capacity Transit (HCT) mode to Sound Transit's service
- Will provide connections to the Link light rail system at four key points:
 - Bellevue Transit Center
 - Tukwila International Blvd Station
 - Lynnwood Transit Center
 - Shoreline South/145th Station

Purpose of the I-405/NE 44th Street Interchange

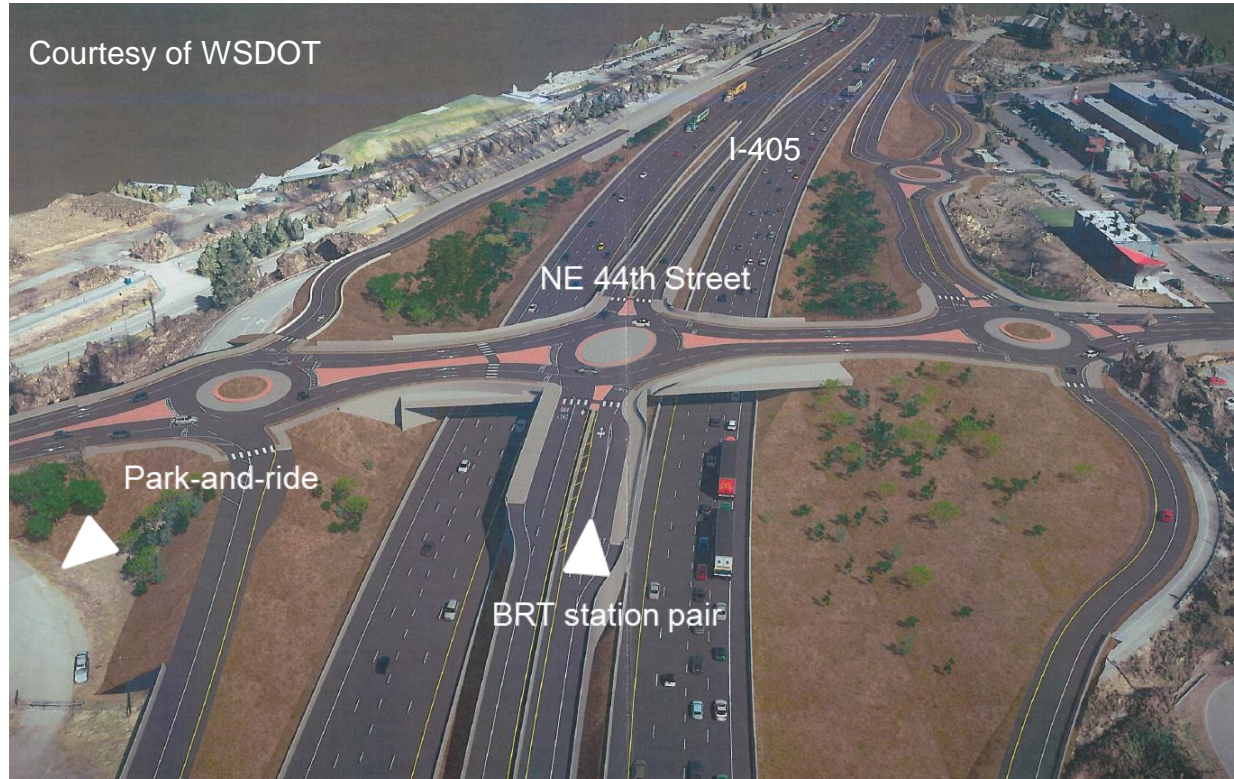

- The NE 44th Street interchange area in Renton would serve as a BRT station and connect to existing bus transit service.
- Constructed through a funding agreement with WSDOT to be completed as part of WSDOT's Renton-to-Bellevue I-405 project.
- Interchange improvements completed by early 2024:
 - New direct access ramps
 - New inline BRT station pair
 - Connections to local transit
