

***Link Rail Grinding,  
Polishing and Engineering  
Inspection Services***

*Rider Experience and Operations Committee*

*9/3/2020*

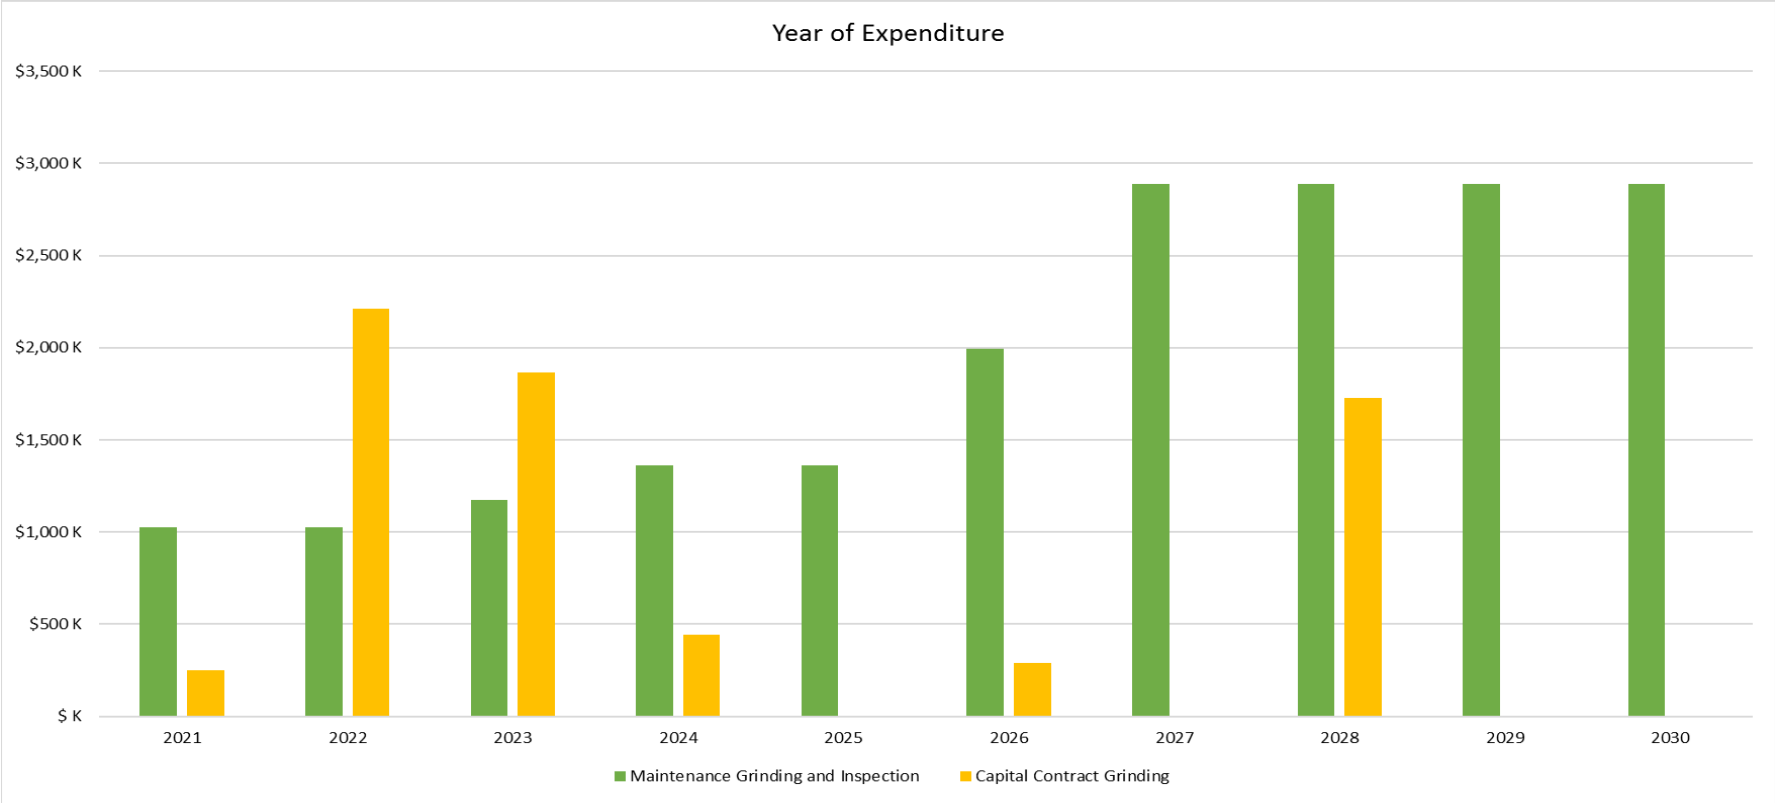

# *Why we are here*

- Today we are here to request approval to enter into contract with Advanced Rail Management Corporation
- Demonstrate the importance of rail grinding, polishing and engineering services
- Ensures compliance with our commitment for noise and vibration emissions.

# *Project Scope*

- This contract will cover the following annual maintenance services:
  - Rail grinding & polishing
  - Rail testing & inspection
  - Ensure compliance with stringent requirements for UW
- This contract includes DECM Capital projects to perform all of the same services as afforded to Link Light Rail

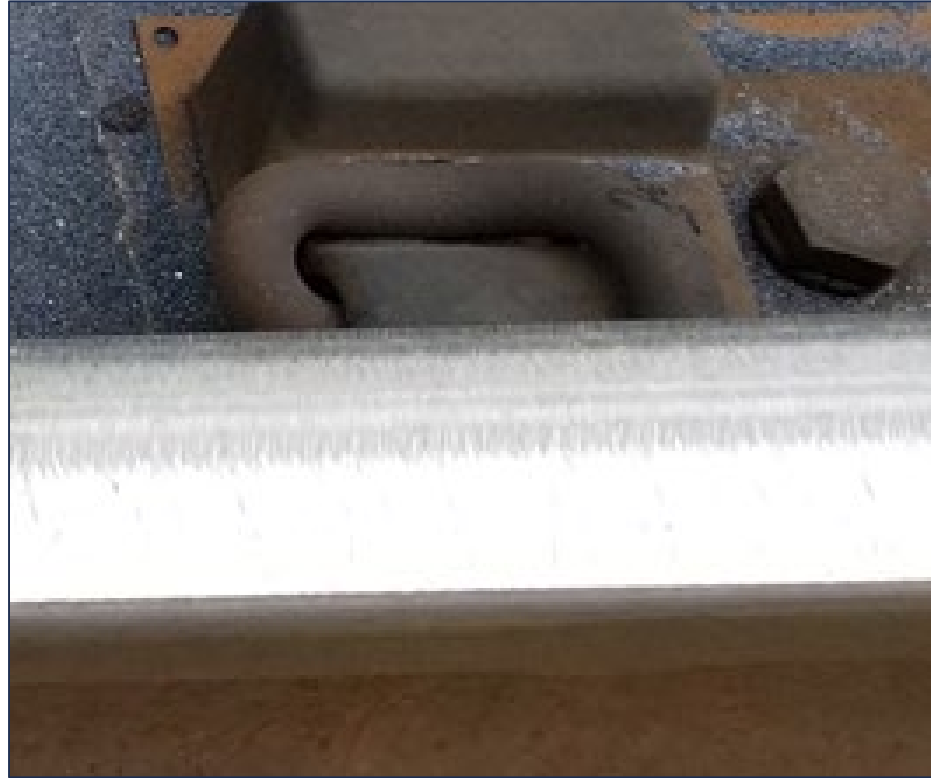

# Project Budget

# *Rail Grinding Program*

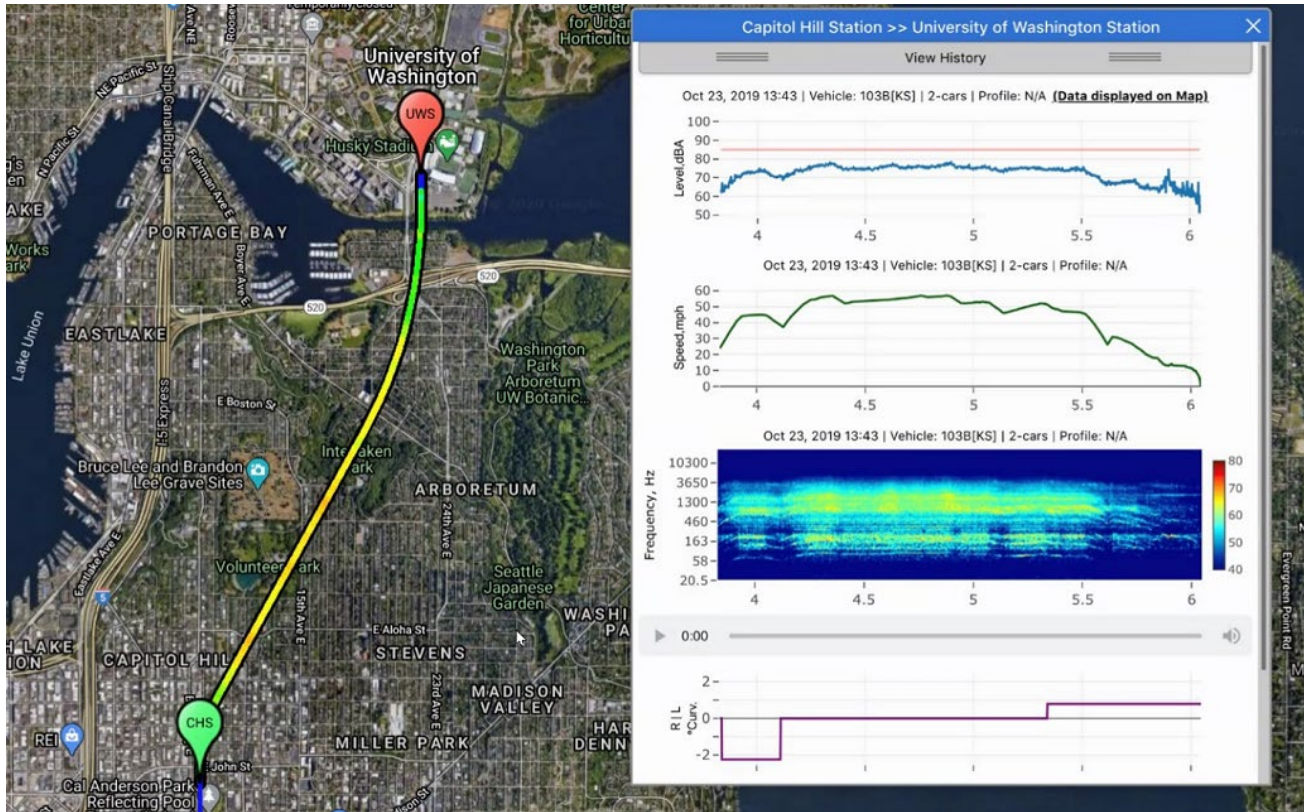

# *Finished Product*

# *Benefits of combining Link Maintenance and DECM Capital Project work*

- Turnkey Rail inspection and maintenance solution
- Comprehensive approach to Rail management
- Custom noise tool integration

# Custom Noise Tool

*Thank you.*
