

1 Line Service Change

2025 Service Plan Amendment

Public Hearing
7/24/2025

Background

Major service changes must be approved by the Board. Typically, this is done through the annual Service Plan.

2025 Service Plan

- Included 2 Line extension to Downtown Redmond
- Did not include 1 Line extension to Federal Way Downtown

Resolution No. R2025-12

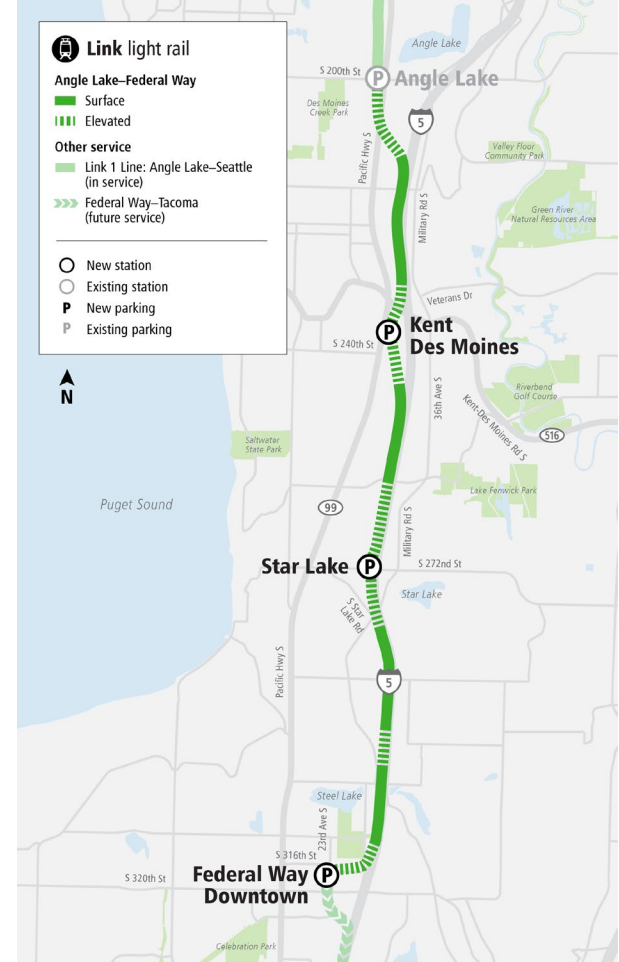

- Amended the 2025 Service Plan to include 2 Line Crosslake Connection

This request is an administrative action to incorporate the 1 Line extension to Federal Way into the 2025 Service Plan and will allow staff to provide the 1 Line service parameters to our operating partners for implementation.

1 Line Service Plan

The 7.8-mile Federal Way Link Extension will serve three new stations

- New stations: Kent Des Moines, Star Lake, and Federal Way Downtown
- Trains arrive every 8 mins peak, and 10-15 minutes off-peak, Saturdays, and Sundays
- Service operates approximately 5:00 a.m. – 1 a.m.

Outreach results

Strong support for the 1 Line extension to Federal Way Downtown

- Engagement on the Federal Way Link Extension has spanned more than a decade, beginning with the ST2 System Plan and continuing through construction.
- Engagement has included online and in-person open houses, surveys, social media, mailers, CBO engagement, in-person outreach at transit hubs and community events, and smaller group or individual meetings. Materials have been translated and shared in multiple languages.
- Additional public engagement planned this summer and beyond.

Thank you.
