Background

The Sound Transit Community Oversight Panel is a 15-member advisory committee of community volunteers appointed by the Sound Transit Board to monitor and report on Sound Transit's performance in delivering on the commitments it made in Sound Move, ST2, and ST3. The COP is charged with an annual review of Sound Transit's performance and financial plan and provides reports and recommendations to the Board.

The current responsibilities include monitoring Sound Transit's performance in the following areas:

- Community engagement activities
- Project planning and alignment decisions

- Budget and financial plan
- Project schedule and budget adherence
- Agency performance audits
- Passenger experience

COP candidate qualifications include:

- Residing and/or working in King County, Pierce County, or Snohomish County within the Sound Transit district boundary.
- Having experience, skills, or insight in one or more of the Community Oversight Panel's responsibilities - community engagement activities, project planning and alignment decisions, budget and financial plan, project schedule and budget adherence, agency performance audits, and passenger experience.
- Ability to attend meetings once each month in the evening, either in person or via a virtual meeting platform.

Thomas Hingson is retired and brings more than 40 years of experience in transit, including serving as the director of Everett Transit. He has previously worked with Sound Transit in his professional capacity and has a deep understanding of the importance of good passenger experience, and how disappointing it can be when expectations are not met. Thomas has experience or insight in community engagement activities, project planning and alignment decisions, budget and financial planning, project schedule and budget adherence, agency performance audits, and passenger experience.

Fred Jarrett has been involved in regional transit for decades, having served as a Metro councilmember, chair of the Metro Transit Committee, and co-chair of the Joint Regional Planning Committee for High Capacity Transit. In addition, Fred represented Mercer Island as a city councilmember, served as a Washington State Representative and Senator, all before acting as King County Deputy Executive. Fred has experience or insight in in project planning and alignment decisions, budget and financial planning, project schedule and budget adherence, agency performance audits, and passenger experience.
